Type of questions in INI CET 2025 November Exam

The INI CET 2025 test paper will have 200 MCQ questions which will be further divided into the below-mentioned types.

Single Correct Answer Type Question: Candidates will be given 4 options to answer such questions. Out of those four options, only 1 option will be correct. Below is one of the examples of a single correct answer type questions.

Bile helps in _____

- a) Digestion of proteins
- b) Breaking down of nucleic acids
- c) Emulsification of fats
- d) Phagocytosis

The answer to the above question is 'emulsification of fats', thus the

candidate has to mark 'c'.

Multiple Correct Choice questions: As the name suggests, such types of questions will have more than one correct answer. Candidates need to be careful to answer them as the best suitable option will be the correct choice.

Such questions will have responses like

- (1) If a, b, c are correct
- (2) If a & c are correct
- (3) If d & b are correct
- (4) If a, b, c, & d are correct

Candidates must read and understand questions thoroughly to answer such questions. Since more than one given option will be correct here. Candidates must note that, though the question may have more than one correct answer, there is only one correct response even for these questions. Candidates will have to mark only one response on the OMR sheet for such questions.
