Radhika Sharma

Associate Senior Executive

Engineering is a stream of education that involves the application of Science, Technology, and Mathematics to innovate, design, develop and maintain machines, structures, software, hardware, and systems & processes. This field offers a range of career opportunities across all industries, making it one of the most sought-after courses pursued by students after Class 12, especially those from the Science stream. As per the AICTE statistics for the year 2021-22, there are 5917 engineering and technology institutes in the country with a total annual intake of 23,61,753 candidates. A 2018-19 report of the All India Survey of Higher Education (AISHE) powered by the Ministry of Human Resource and Development (MHRD), Engineering is the third major stream with 37.70 lakh students enrolled at the undergraduate level. The share of male students enrolled in Engineering and Technology is 71.1 percent whereas female enrolment is 28.9 percent.

Students planning to study Engineering in India can choose from nearly 100 specializations, with Computer Science Engineering, Civil Engineering, Electronics Engineering, Electrical Engineering, and Mechanical Engineering being some of the most popular ones. The Indian Institutes of Technology (IITs), National Institutes of Technology (NITs), Indian Institutes of Information Technology (IIITs), and some private technical institutes such as Birla Institute of Science & Technology (BITS) Pilani are some of the best institutes to pursue engineering from. According to Shiksha, there are more than 3,500 [colleges offering engineering courses](#) in India.

JEE Main 2023 Mock Test is a comprehensive Test including Questions from Physics, Chemistry, and Maths. This test will help you to get an idea about the type of questions that will be asked, the exam pattern, and the marking scheme. After taking the test, you can immediately check your score. You can also download the Question Paper along with answers and their explanations for Free.

[Free JEE Main 2023 Mock Test](#)

Eligibility for Engineering Courses

The criteria of eligibility for taking admission in engineering courses vary from institute to institute. However, one of the basic conditions is that students must have passed class 12 with Physics, Chemistry, and Mathematics as subjects. Several institutes have the condition of a minimum percentage of marks in class 12 which varies for various institutes. Also, some institutes do have the condition of maximum and the minimum age for taking admission in engineering courses.

Courses like Marine Engineering and Aeronautical Engineering also require certain medical clearance which students need to pass before taking admission. Generally, the allotment of seats in engineering institutes is through the entrance exam. But many institutes also offer admission based on the merit of class 12. Candidates can check here the broad range of eligibility conditions.

Engineering Admission Eligibility Criteria

Courses	Eligibility
BE/BTech	Candidates must have passed the Class 12 exam from a recognized board with Physics, Chemistry, and Mathematics as core subjects. They must also have secured minimum aggregate marks of 60 percent in the above subjects combined.
BTech Lateral Entry	Candidates must have passed a three-year Diploma granted by the Board of Technical Examination of a State Government, with a minimum of 45 percent aggregate marks or equivalent.
ME/MTech	Candidates who have completed their BE/BTech degree with a valid score in GATE are eligible for the ME/MTech degree course.
Diploma	Aspirants must have passed Secondary School Leaving Certificate (SSLC)/Tenth standard/equivalent examination, with at least 45 percent in Science and Maths subjects.
PhD	Aspirants must have secured a minimum of 55 percent marks or 5.5 CPI marks in BTech/MTech or equivalent degree in appropriate branches.

Engineering Entrance Exams

Most of the engineering institutes in India select candidates for admission based on entrance exam scores and ranks. While some technical institutes accept AIR (All India Ranks) secured in national level exams, others conduct their entrance exams. Candidates must prepare Class 12th level Physics, Chemistry and Mathematics in order to secure a good rank in entrance exams. Moreover, for admissions to MTech courses, candidates must prepare well for [GATE](#). Here are some of the popular engineering exams in India at the UG and PG levels.

Entrance Exam Name	Registration Details	Exam Details
KEAM 2023	17th March-10th April 2023	17th May 2023
WBJEE 2023	Admit Card to release on 20th April 2023	30th April 2023
COMEDK UGET 2023	15th Feb- 24th April 2023	28th May 2023
AP EAMCET 2023	Until 15th April	15th May- 19th May 2023
BITSAT 2023	Application form available from 31st Jan- 9th April	22nd May-26th May 2023
TS EAMCET 2023	3rd March- 10th April 2023	12th May- 14th May 2023
MHT CET 2023	8th March-7th April 2023	9th May- 13th May 2023
JEE Main 2023	Registration for Session 2 14th Feb- 14th March	Session 2 Exam Date 6th April- 12th April

A majority of engineering entrance exams have released their schedules for 2023. Below is a snapshot of some of the important upcoming exam events for BTech admissions in the country. For detailed information, students can click on the respective exam.

Exam	Upcoming Event
JEE Main	JEE Main is conducted by the National Testing Agency in four sessions in February, March, April, and May every year. Admission in institutes like NITs, IITs, and GFTIs is through JEE Main
MHT CET	Candidates seeking admission in engineering courses in Maharashtra need to qualify for the MHT CET exam. The exam is conducted annually in May/June.
UPCET (Earlier UPSEE)	Admissions in engineering courses in UP are through UPCET. However, no exam is conducted and seat allotment is done based on JEE Main scores
BCECE	Engineering admission in Bihar is through the BCECE channel. The allotment of seats is through counselling basis JEE Main scores
AP EAMCET	AP EAMCET is conducted in Andhra Pradesh for admission in engineering courses.
TS EAMCET	TS EAMCET exam is for engineering courses admission in Telangana.
BITSAT	BITS Pilani admission is through the BITSAT exam .
KEAM	Admission in engineering courses in Kerala is through KEAM.

Engineering Courses

Engineering programs in India are offered at the undergraduate (UG), postgraduate, and Ph.D. levels. Listed below are the types of engineering courses offered at various levels:

UG Courses	PG Courses	Doctoral Courses
BE/BTech	ME/MTech	PhD
BTech Lateral Entry		
Integrated/Dual degree		
Diploma

Engineering Branches

Mechanical Engineering, Computer Engineering, Electronics Engineering, Civil Engineering, and Electrical Engineering are the top five engineering streams according to MHRD's AISHE report. Besides these, there are numerous other engineering specializations/branches that candidates can choose from. Given below are a few of them:

Aeronautical Engineering	Industrial Engineering
Aerospace Engineering	Marine Engineering
Artificial Intelligence and Machine Learning	Mechanical Engineering
Automobile Engineering	Mechatronics Engineering
Biotechnology Engineering	Biomedical Engineering
Ceramic Engineering	Mining Engineering
Chemical Engineering	Nanotechnology
Civil Engineering	Petroleum Engineering
Communications Engineering	Power Engineering
Computer Science Engineering	Production Engineering
Construction Engineering	Robotics Engineering
Data Science	Structural Engineering
Electrical Engineering	Telecommunication Engineering
Electronics & Communication Engineering	Tool Engineering
Electronics Engineering	Textile Engineering
Environmental Engineering	Transportation Engineering
Food Technology	

Top Engineering Colleges in India

There are more than 5000 engineering colleges in India consisting of above 60% private colleges and 25% government colleges and rest other colleges are functioning under private-public partnership. Candidates can check here a list of top engineering colleges in India as per NIRF 2022 rankings.

Top Government Colleges as per NIRF Rankings

The top government colleges as per NIRF rankings include top Indian Institute of Technology and National Institute of Technology. They offer undergraduate, postgraduate and doctoral programmes across various specialisations of engineering. These colleges are considered to be world-class and are ranked as top engineering colleges of India. The list of colleges ranked on the basis of NIRF along with their placement information are as follows:

Name of the College	NIRF'22 Ranking	Placement CTC in INR
Indian Institute of Technology (IIT), Madras	1	16.1 LPA
Indian Institute of Technology (IIT), Delhi	2	16 LPA
Indian Institute of Technology (IIT), Bombay	3	16 LPA
Indian Institute of Technology (IIT), Kanpur	4	7.5 LPA
Indian Institute of Technology (IIT), Kharagpur	5	8.5 LPA
Indian Institute of Technology (IIT), Roorkee	6	14.72 LPA
Indian Institute of Technology (IIT), Guwahati	7	15.59 LPA
National Institute of Technology, Tiruchirappalli (NIT Trichy)	8	6.5 LPA
Indian Institute of Technology (IIT), Hyderabad	9	16.74 LPA
National Institute of Technology, Surathkal, Karnataka	10	12 LPA

Top Private Engineering Colleges as per NIRF Rankings 2022

Private institutes have played a dynamic role in improving the standard of engineering education based on their industry-specific standards and world-class infrastructure. The factors which contribute to the popularity of private engineering institutions include diverse course curriculum, great placement records and industrial partnerships. **The colleges mentioned in the table are listed alphabetically and not in any order of ranking hierarchy.** Some of the top private engineering colleges are as follows:

Institute	NIRF'22 Ranking	Total Course Fees(in INR)
Vellore Institute of Technology	12	6.5 LPA
Amrita School of Engineering, Amrita Vishwa Vidyapeetham	19	6 LPA
SRM University	24	7 LPA
Amity University	25	6.5 LPA
Siksha O Anusandhan	27	6.8 LPA
Thapar Institute of Engineering and Technology	28	8 LPA
BITS Pilani	29	14 LPA
Kalasalingam Academy of Research and Education	39	5 LPA
SASTRA University	41	6 LPA
KIIT University	42	7 LPA

Engineering Courses Fees

The fees of engineering courses in Government institutes are generally less as compared to private engineering colleges. Several institutes also offer scholarships to merit and needy students basis their academic performances. Candidates can check here fees of some of the institutes.

Institutes	Fees
<ul style="list-style-type: none"> IIT Madras IIT Bombay IIT Kanpur IIT Delhi 	Around INR 8-10 Lakh
<ul style="list-style-type: none"> KIET Group of Institutions JC Bose University of Science and Technology Pondicherry Engineering College - PEC 	Around INR 2-3 Lakh
<ul style="list-style-type: none"> NIT Goa CMR Engineering College Tezpur University 	Around INR 1-2 Lakh
<ul style="list-style-type: none"> Institute of Chemical Technology, Mumbai College of Engineering, Pune DY Patil Institute of Technology 	Around INR 3-5 Lakh
<ul style="list-style-type: none"> Jamia Millia Islamia MSU - The Maharaja Sayajirao University of Baroda 	Around INR 1 Lakh

Top Recruiters for Engineering Graduates

Placements of engineering graduates in institutes like IITs, NITs, IIITs are generally good ranging from INR 4-5 lakh to several crores per annum. Below is the list of Engineering colleges in India and a few top companies that recruit BTech graduates along with their placement ratings:

Colleges	Placement Ratings (Based on Reviews)	Top Recruiters
IIT Bombay	4.6	TCS, Microsoft, Samsung, Google, Qualcomm, Mood Indigo, Goldman Sachs, Amazon, Adobe, TATA, Morgan Stanley, Accenture, Spring Fest
IIT Kanpur	4.5	VMock, ICICI Bank, Flipkart, Axis Bank, OYO Rooms, Intel, Zomato, Jaguar, IBM, Uber, Myntra
IIT Madras	4.5	Google, Microsoft, Myntra, PayPal, TCS, Wipro, Philips, American Express, Kotak, Amazon, Flipkart, Citibank, IBM, Reliance
IIT Hyderabad	4.5	Adobe, Amazon, Flipkart, HSBC, Indian Oil, Intel, Jaguar, Microsoft, Salesforce
IIT Delhi	4.4	Capgemini, Microsoft, Intel, Goldman Sachs, Uber, Amazon, Flipkart, Mastercard, Deloitte, Google, Qualcomm, KPMG, IBM, Dell, Wipro, Infosys, Absolut Data, Ernst & Young, Standard Chartered, Societe Generale
IIT Kharagpur	4.5	Google, Cognizant, ITC Limited, TCS, Microland, TechMahindra

Hello Naresh Gurjar, firstly heartiest congratulations for scoring handsomely in JEE Mains examination. Last year cutoff was just above 67 percentile for students from OBC-NCL. In view of this, you are definitely going to get admission in any NIT that you desire. But why not dream of IIT? Seeing [...more](#)

S When is the last date to book online slots for lpu?

Hello Ubbana Sundaramani, it's nice to SEE that you have excellent percentile and that too from a student of SC category. Last year cutoff percentile for your category was about 43. In view of the foregoing, I am sure that you will get admission in your desired NIT. But. With such nice score, why [...more](#)

S I have done Diploma in mechanical engineering. Can I do B.Pharmacy?

Hello Chandni, ICT has evolved into a world ranking institute. It's far superior to any other institution across India. It's therefore not correct to compare this with any other college offering degree in chemical engineering. Of course if you browse the net you will find very quickly what I am t...[more](#)
