Q. What was the branch-wise highest package offered during IIT Gandhinagar placements 2022?

A. It has been observed that the majority of CSE students were placed with a package of INR 62 LPA during placements 2022. The graph below showcases the branch-wise highest package offered during placements 2022:

IIT Gandhinagar Branch-wise Highest Package Placements 2022

The table below showcases the branch-wise highest package offered during placements 2022:

Course	Average package (2022)
Computer Science and Engineering	INR 62 LPA
Electrical Engineering	INR 30 LPA
Chemical Engineering	INR 25 LPA
Materials Science and Engineering	INR 20.02 LPA
Mechanical Engineering	INR 20.02 LPA
Civil Engineering	INR 16 LPA

Q. What was the highest package offered to mechanical students during IIT Gandhinagar placements 2022?

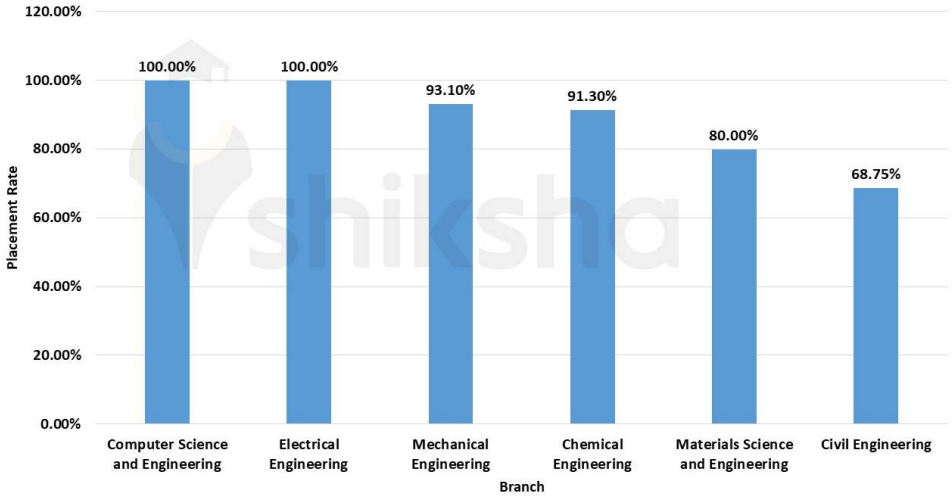

A. According to the official placement statistics 2022, the highest package offered to Mechanical students was INR 20.02 LPA. However, it has been observed that the highest package offered to Materials Science and Engineering remains the same i.e., INR 20.02 LPA.

Q. What was the hiring rate recorded for CSE students during IIT Gandhinagar placements 2022?

A. The college recorded 100% hiring rate during placements 2022. However, students can check the branch-wise hiring rate recorded during IIT Gandhinagar placements 2022:

IIT Gandhinagar Branch-wise Placement Rate 2022

Candidate can check the branch-wise placement rate recorded for the year 2022:

Course	Placement rate (2022)
Computer Science and Engineering	100.00%
Electrical Engineering	100.00%
Mechanical Engineering	93.10%
Chemical Engineering	91.30%
Materials Science and Engineering	80.00%
Civil Engineering	68.75%

Q. What was the overall placement rate recorded during IIT Gandhinagar placements 2022?

A. The college recorded 92% hiring rate during placements 2022. However, when we talk about course-wise placement rate, CSE and Electrical engineering branch recorded 100% hiring rate during placements 2022.

Q. How many CSE students were placed during IIT Gandhinagar placements 2022?

A. According to the placement statistics 2022, majority of Electrical Engineering students were placed i.e., (30 students) were placed during the placement drive 2022. However, the Engineering Electrical (27 students) and CSE students (27 students) were placed during placements 2022.

Q. How are the placements at IIT Gandhinagar?

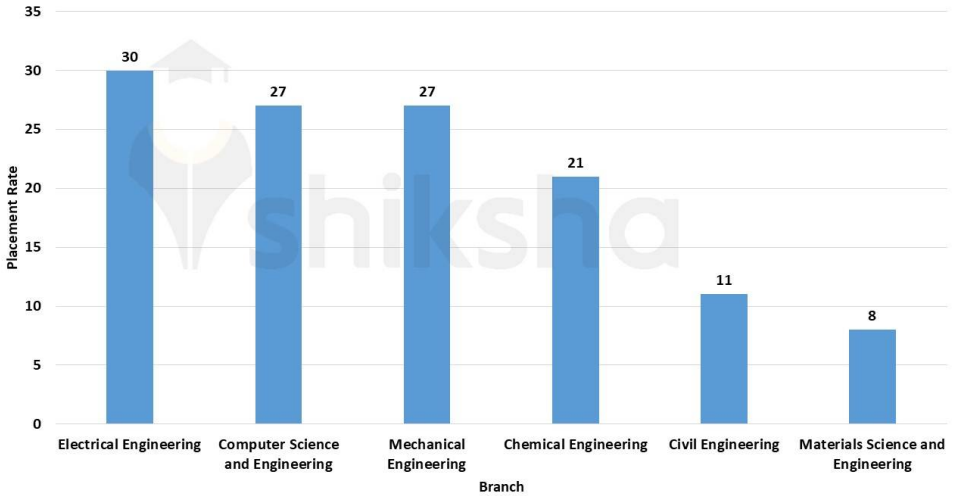

A. IIT Jammu recorded a good placement report for the year 2022. The highest and average package offered was INR 62 LPA and INR 15.35 LPA during placements 2022, respectively. The college recorded 91.85% hiring rate during placements 2022.

Q. How many students were placed during IIT Gandhinagar placements 2022?

A. As per the recent placement statistics 2022, overall 124 students were placed during placements 2022. However, students can check the course-wise number of students placed during placements 2022 from the graph below:

IIT Gandhinagar Branch-wise Students Placed 2022

The table below showcases the branch-wise number of students placed during placements 2022:

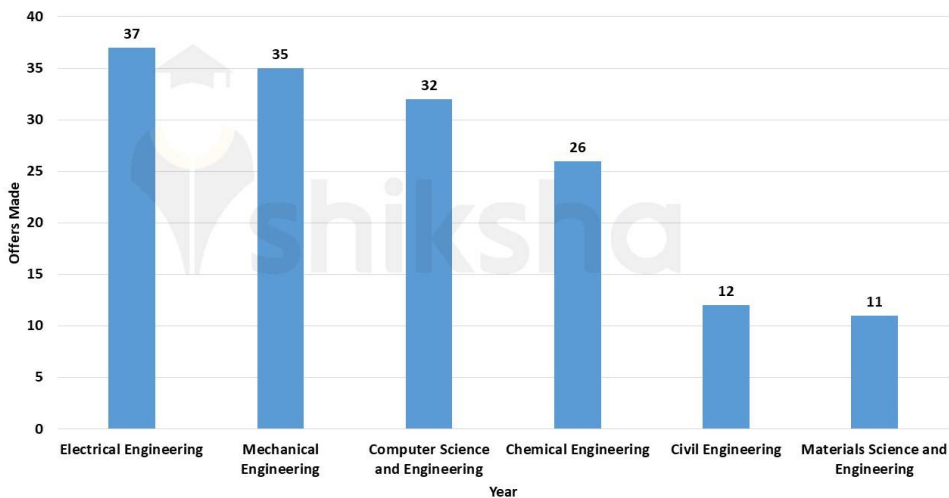

Course	Students placed (2022)
Electrical Engineering	30
Computer Science and Engineering	27
Mechanical Engineering	27
Chemical Engineering	21
Civil Engineering	11
Materials Science and Engineering	8

Q. How many offers were made during IIT Gandhinagar placements 2022?

A. According to placement statistics 2022, a total of 153 student offers were made during IIT Gandhinagar placements 2022. The graph below showcases the branch-wise offers that were made during placements 2022:

IIT Gandhinagar Branch-wise Offers Made 2022

The table below showcases branch-wise number of offers made during the placement drive 2022:

Course	Offers made (2022)
Electrical Engineering	37
Mechanical Engineering	35
Computer Science and Engineering	32
Chemical Engineering	26
Civil Engineering	12
Materials Science and Engineering	11

Q. Who were the top recruiters that visited IIT Gandhinagar campus during the placement drive 2022?

A. According to the latest report, over 253 companies participated in IIT Gandhinagar placements 2022. The list of top recruiters is presented in the table below:

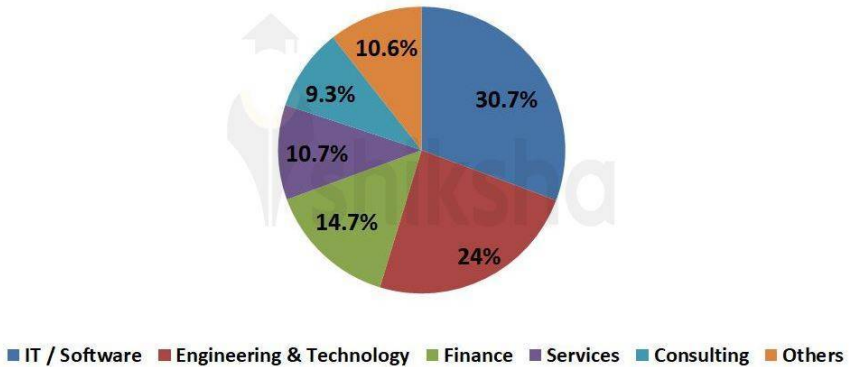

IIT Gandhinagar Top Companies		
TCS	Amazon	HCL
IBM	Google	Goldman Sachs
Intel	Siemens	Deloitte

Q. In which sector majority of students were placed during IIT Gandhinagar placement drive 2022?

A. IT and Software emerged as the top recruiting sector (30.7% placement) during IIT Gandhinagar placements 2022. The sector-wise placement percentage recorded during IIT Gandhinagar placements 2022 is presented below:

IIT Gandhinagar Sector-wise Placements 2022

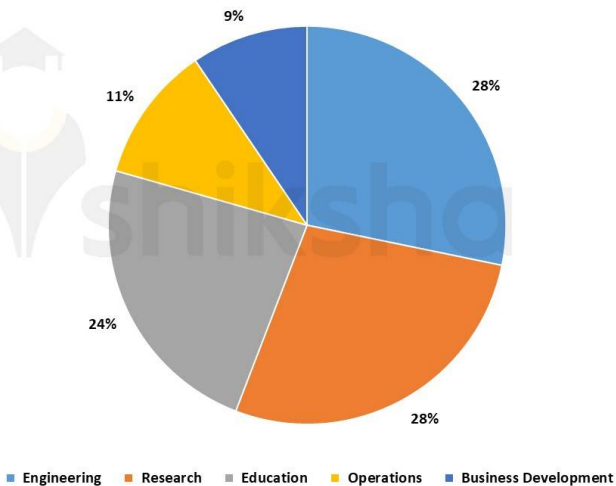

Note: The "Others" category includes the sectors of Education and Research & Development.

Q. Which sector involves the largest share of IIT Gandhinagar alumni?

A. The alumni of IIT Gandhinagar are working with top companies, to know the function-wise alumni placements, check out the pie chart below:

IIT Gandhinagar Alumni Placements

DISCLAIMER: The statistics on alumni placements presented above were compiled from various online sources and hence are indicative.

4.4 ★★★★★ Placements 4 ★ Infrastructure 5 ★ Faculty & Course Curriculum 4 ★ Crowd & Campus Life 5 ★ Value for Money 4 ★

Our college provides world class infrastructure and very good academics.

Placements: Around 91.85% of B.Tech students got placed in 2022 with a median salary package of 15.35 LPA. The highest salary package offered by DE Shaw is 50 LPA and the lowest salary package is 6 LPA. Top recruiting companies are DE Shaw, Texas, Adani, Salesforce, Nike, and Mathworks.

Infrastructure: The infrastructure of our college is world-class. Hostel facilities are the best with fully air-conditioned

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 25-Jun-2023.

rooms and Wi-Fi. There are three messes such as Mohini, Jaiswal, and Hetchint. All these can be rated 5 stars by FSSAI. Food quality is the best. Sports facilities are very good with a synthetic track for athletics and an Olympic size swimming pool. All the sports are available.

Faculty: Faculty members in our college are good, well-educated, and supportive. They guide students in every situation. Most of them have master's degrees or Ph.D. in foreign countries. The course curriculum is good with sports like PE course that makes students fit. Exams are a bit difficult. All students pass the exams if they focus on their studies for 3 hours regularly.

Other: I chose this course because of my interest in the construction sector. Our college organises Amalthea, which is India's first student-run technical fest in November every year. Many fests like Blithcorn, Jasn, and Intra Sports League are held in our college. Around 4000 students are studying in our college.

4.8 ★★★★★ Placements 4 ★ Infrastructure 5 ★ Faculty & Course Curriculum 5 ★ Crowd & Campus Life 5 ★ Value for Money 5 ★

Best campus life you will ever experience, absolutely no restrictions inside hostels.

Placements: 75% of students who registered for placements got placed. The highest package offered was 20.02L, the lowest was 8L and average package was 13L. Students got internships in Caltech, University of Washington and other top colleges in USA. Students also got internships in Companies like Matter Motor Works, Nivea, Talentserve, Adani Group .

Infrastructure: All classrooms are air-conditioned and are equipped with high-speed Wi-Fi. The library, too is air-conditioned and is the go-to place to prepare for your exams or have a casual read. Hostels too are Air-conditioned and have television services, a table tennis room, medical facilities etc. Rooms are very spacious and are cleaned once a week by the maintain staff. The sports facilities are one of the best across all IITs. We have an Olympic size Swimming pool, a cricket ground with floodlights, a football ground, an athletic track, indoor and outdoor basketball, volleyball and badminton courts, squash courts, tennis courts table tennis courts, gymnasiums, a yoga room etc.

Faculty: The professors here are highly qualified. Almost everyone has done their Ph.D. in a foreign university and have tons of experience in their respective fields. The course curriculum has been recently updated to make it more relevant, First year undergraduate students have been introduced to Data Science. Also students have the opportunity to choose which courses they want to do from a list of Science courses. We have three exams per semester which aids in continuous learning experience and also have frequent quizzes and project works so that learning never becomes boring, rather interactive and easy to go.

4.4 ★★★★★ Placements 4 ★ Infrastructure 5 ★ Faculty & Course Curriculum 4 ★ Crowd & Campus Life 5 ★ Value for Money 4 ★

Very good Infrastructure and the best part is freedom. Even boy and girls can live together.

Placements: Only ten students out of thirty students are placed in recent time. The highest package of civil branch was 24 Lacs per year and the lowest package was 8 Lacs per year and average was 14 Lacs per year. There are so many companies arrived for all the streams and the top recruiting company were Gel india or Adani.

Infrastructure: All the facilities are very good and very easy to accessible. You don't need to take any permission to go to lab you can do your work wherever you want. Also it has best hostel life in India because of its 5 star rating hostel which are equipped with fully Wi-Fi and airconditioner.

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 25-Jun-2023.

Faculty: All the faculty is well educated. Generally all the professors did their Ph.D. from world's best universities. Here we can SEE very good interaction between professor and students. Every students can work under with any professor they want. Herw we can explore all the possible sector that can achieved by us.

4.8 ★★★★★ Placements 5 ★ Infrastructure 5 ★ Faculty & Course Curriculum 5 ★ Crowd & Campus Life 5 ★ Value for Money 4 ★

Our college has good infrastructure and provides good facilities.

Placements: About 95% of students got placed in top companies like Amazon, Intech, Zomato, Graviton, Axxela, Rippling, and many other research and software companies. The well-versed curriculum gives students an edge in their placements. The average salary package offered is around 22 LPA.

Infrastructure: IMS and ISTF of IIT Gandhinagar provide unlimited Wi-Fi with sufficient bandwidth from anywhere within the hostels and academic block. We have enough labs equipped with modern equipment and a well-maintained library with access to several international research journals, apart from spacious rooms with racks of books. It has the best hostel facilities and sports facilities. It hosted the recently concluded National Games.

Faculty: IIT Gandhinagar has dedicated faculty members with Ph.D. Professors here with quality knowledge and effective teaching styles help students ace the exams and get the most out of any course they register for. The well-designed curriculum, on par with every top IIT, enables students to face and thrive in the industry. Semester exams are prepared to bring out the best in students.

4.8 ★★★★★ Placements 4 ★ Infrastructure 5 ★ Faculty & Course Curriculum 5 ★ Crowd & Campus Life 5 ★ Value for Money 5 ★

IITGN provides good placements and excellent hostel life.

Placements: Around 90% of students got placed in CSE. In 2022, the placements were better than last year. The highest package offered is 50 LPA by DE Shaw. The average package is 22 LPA, and the lowest package is 6 LPA. Top recruiting companies are Google, Paytm, Swiggy, Infurnia, Strand Life Sciences, Publicizes Sapient, Skan AI etc. 50% of students got internships. Roles offered are software engineer, associate software developer etc.

Infrastructure: Everything is good, from hostel to mess to library to academic blocks. Wi-Fi speed is very good. The library has almost all the books. Our college was ranked first among all IITs. Mess food and canteen food quality are good. The food quality was like in a 4-star hotel. We have everything like basketball, cricket, table tennis, squash, volleyball etc.

Faculty: The teaching quality is good. They are very helpful during the course. They prepare us for interviews and also teach us problem-solving skills that helps us in interviews. The difficulty level of exams is 8 out of 10. Assignments are challenging enough, and projects are tough.

Other: Because of high demand for IT, I chose this course. I think they should focus more on placements.

It is th best place to do your B.Tech.

Placements: About 80% of placement applicants have been placed in diverse roles such as core disciplines, analytics, consulting, development, data science, finance, and education. We have all the top recruiters from SMEs and startups recruiting students. Placements are improving every year.

Infrastructure: The hostels for IITGN are one of its highlights. It runs on 24*7 Wi-Fi via the National Knowledge Network, with hotel-level hostel amenities. The library, classrooms, and student spaces have also been designed to enhance productivity and let students work in the most convenient way possible. IITGN has been awarded the FSSAI Eat Safe award for food quality. Hence, the food is the best in class and very good from a student's perspective. There's a free medical dispensary for medical consultation. IITGN has recently inaugurated its sports complex that has international-level amenities for all sports.

Faculty: Professors are Ph.D. holders from reputed institutes across the globe and that means the teaching is of top standards. The coursework is balanced between classroom and lab work. Semester exams have varying levels of difficulty based on the course and professor and they are challenging.

Other: Fests, crowds, and student activities are also the best one can expect in undergrad life.

Reviewed on 21 Mar 2022

4.0 ★★★★★ Placements 3 ★ Infrastructure 5 ★ Faculty & Course Curriculum 4 ★ Crowd & Campus Life 4 ★ Value for Money 4 ★

The college has really good infrastructure, and it focuses more on research rather than placements.

Placements: Almost 60-70% of students get placements in chemical engineering. The chemical branch is something that requires some higher studies, and therefore, most students go for research or M.Tech. The highest package offered was 22 LPA, and the average package was approximately 12-13 LPA. Top recruiting companies are Reliance, Indian Oil, Tata Chemicals etc. A great number of students get internships, and a large number of students get internships from foreign companies.

Infrastructure: This college has a great infrastructure. You will get a 5-star hotel-like hostel if you get the new hostel here. Wi-Fi speed is approximately 90 mbps, but you will get a great speed on LAN. The mess is very good. 4 canteens are also available. They have got 5-star rating from FSSAI. You will get 24-hour medical facilities.

Faculty: The teachers are very knowledgeable except for some assistant professors. They will help you if you have language problems. All the courses have the same syllabus in the first year. Semester exams are quite hard. You will have some extra time after classes to get a good CPI. The pass percentage varies from teacher to teacher, and we have relative grading.

3.4 ★★★★★ Placements 3 ★ Infrastructure 4 ★ Faculty & Course Curriculum 3 ★ Crowd & Campus Life 4 ★ Value for Money 3 ★

Best campus life at IITGN.

Placements: The placements in every year for my course is the highest as it is computer science and engineering. Also there will be tough competition from the students in others branches. Coming to the companies that visit my college are Amazon, Google, Capgemini etc., which hires many students and the exams are really a great challenge to beat to get hired.

Infrastructure: Our hostel premises are worth of time to talk about. We have library and places like jal mandap etc. ,

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 25-Jun-2023.

where we can spend time with our friends and held many discussions academic and non academic ones. Coming to the mess facilities are on the best food we can have in any college of our country. Everything is full of hygiene, there are rare instances of unhygienic cases.

Faculty: The professors are very good at what they teach. They are highly experienced and helps in almost everything we have difficulty in. There will be two exams for a semester a two semesters in a year. The exams are a bit tough compared to in class quizzes and tests. If you can concentrate and Focus on the concepts and apply them without any hassle you can surely be successful in those exams.
