Dear aspirant,

The institute of Distance and Open Learning will start the Mumbai University IDOL 2022 admission in July through online mode. Candidates must fill and submit the application form before the deadline for the Mumbai University IDOL admission 2022.

Selection of candidates to all the courses is done on the basis of merit obtained in the qualifying examination except for MCA, which requires a valid score in an entrance examination.

Hope it helps.

Hello Pranil Salve, I am afraid that you are not eligible. Diploma in engineering is at best equivalent to 12th. While for MCA eligibility would be graduation in computer. You first need to do BCA and then MCA. I would advise you to download brochure cum application form of Mumbai University and read the eligibility for MCA.

Best wishes to you.

Choosing your major can be difficult, but it's not the end of the world if you don't know what you want to do after graduation. Take classes that sound interesting, find an internship or part-time job, and talk to professors to get a better idea of what you would like to do in the future and what you should major in.
