Placements in our college are below average. The campus crowd is below standard.

Placements: About 50% of the students from our course got placed. Our college arranges

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 18-Aug-2022.

seminars for all the students studying get placement. Placements provided by the college are average. There is a placement cell, which helps us in getting a placement opportunity.

Infrastructure: Our college provides facilities like a spacious library with educational and non-educational books, ventilated classrooms, canteen, average sanitation facility and average water purification facility. Our college has 7 floors. Hostel and PGs are not available here. Our college is 10-15 minutes away from Thane station.

Faculty: Teachers in our college are helpful and knowledgeable. Few teachers are good for some subjects. Their teaching quality is also good. In this course, 1st year is common, i.e., blend of all specialisation subjects and after 2nd year you will get to learn your specialised subjects.

Other: I have chosen this course because I thought this course would help me to succeed in my career. Campus crowd and surroundings are not standard. I would suggest the placement cell to invite more companies to hire students. Apart from academics, college does arrange some extracurricular activities like sports, cultural events, fest, etc.

★★★★★ Placements 2 ★ Infrastructure 2 ★ Faculty & Course Curriculum 2 ★ Crowd & Campus Life 2 ★

Infrastructure is good, and teachers are also approachable.

Placements: Around 40-50% of the students got placed from our course. Placements are average. I don't know much about the highest and lowest salary packages offered. I know that teachers gave us information which they have for getting selected for placements. However, it is up to the students to make use of it.

Infrastructure: Our college provides facilities like a library with all types of books, well-maintained sanitation facility, well-ventilated and spacious auditorium, classrooms with projector, hygienic canteen, etc. They don't provide a hostel or PG facility. Classrooms are not ventilated.

Faculty: Teachers were highly qualified and helpful. Some of the professors had deep knowledge and passion for their subjects. Teaching quality and method of every professor were different from each other. The BMS course gives you a holistic view of management.

Other: I have chosen this course to enhance my managerial skills. The best thing about this course is you can select your choice of specialisation.

★★★★★ Placements 2 ★ Infrastructure 3 ★ Faculty & Course Curriculum 5 ★ Crowd & Campus Life 4 ★

The college is the best and the library of the college is too good.

Placements: The college provides placements. The placements are not from the reputed companies but from local companies that come to the college. The college is not good in placements. I will give 3/10 for the placements in the Sheth NKT College but the teachers and the environment of the college are too good.

Infrastructure: The infrastructure is not up to the mark but it is a good college with good staff members. The library in our college is good and actually the best place for learning. In the college, the lab is good with all computers up to date.

Faculty: Faculty members of our college are too good and very supportive. The teachers are the heart of the college. The teachers are very helpful I will give 5 star to the faculty. The curriculum is not good. It's old and needs to be revised. We cannot complain about the college but the pattern is old. So it's the fault of Mumbai university. The exams are in a very strict mode.

U UMRAO KALPESH | Bachelor of Commerce (B.Com.) - Batch of 2022

3.8 ★★★★★ Placements 3 ★ Infrastructure 4 ★ Faculty & Course Curriculum 4 ★ Crowd & Campus Life 4 ★

I am satisfied because of the supportive staff and excellent Library.

Placements: Around 70% students were from the B.Com stream. The range of salary offered by hiring companies ranges from Rs.10,000 to around Rs.25,000 per month. However, an internship was quite tough because the percentage of getting an internship is quite low due to the completion level being quite high.

Infrastructure: Vast classrooms, libraries, gyms, etc., are available for personal use and through maximizing your potential. The canteen's food was good in taste as well as quality. Various options for sports were available for students. Though students can choose whichever game they like to play.

Faculty: Teachers are very supportive during the day-to-day lectures as well as during exam time. They know the right way to teach a student so that every student can score good marks as well as can take a proper knowledge about the subjects.

3.8 ★★★★★ Placements 2 ★ Infrastructure 4 ★ Faculty & Course Curriculum 5 ★ Crowd & Campus Life 3 ★

A good college has to be mindful of the company you get in.

Placements: There are no placements as in such provided by N.K.T college, but once there was a campus placement but in that only BPO interviews were there mostly one few others, and they were getting like about 5-6% getting placed so, no internships or jobs offered here. If you want to get a job in BPO or somewhere else then, you will get it from here the campus placements.

Infrastructure: The faculty was good while I was there, the classrooms, library, computer rooms, Air-conditioned rooms everything was good. The lights, fans, and the food in the canteen were also good. But now there is some construction going so the 3rd floor is not very well-managed.

Faculty: I feel like the faculty members, and the course was good with everything discussed. The teachers even online were included in everything if they are interested only, our convocation was not handled very well. Even when a student has KT or has to get their mark sheet, they always refuse and say come tomorrow or there is a huge line. The semester was quite easy because it was online the passing is like other colleges.

Other: Overall the collection is pretty good and a safe place. Good friends can be made, and good college life can be experienced. Even the college is good and supporting in NSS etc. There are no events as such, but the campus crowd and everything are average.

5.0

★★★★★ Placements 5 ★ Infrastructure 5 ★ Faculty & Course Curriculum 5 ★ Crowd & Campus Life 5 ★

I am satisfied with the college as it is really good and has good facilities.

Placements: Nearly 80% of students got placed in B.Com (Bachelor of Commerce). The packages range from nearly 10,000 to 1 Lac. Foreign and Indian companies offer jobs to us. 50% of students get packages and internships. Top roles offered are Bachelor of commerce, bachelor's of accounting and financial, and business management studies.

Infrastructure: The college provides all facilities like separate Wi-Fi on every floor, a library with all the books, and good classrooms. Sports are conducted. A gymkhana is available to play games and to do exercise.

Faculty: Teachers are well-qualified and helpful to all students. They give excellent knowledge and ideas, and they know how to understand students and give very good examples. All the semester exams are conducted properly in our college. The passing percentage is nearly 35 to 40%.

Other: I chose B.Com course for future business planning.

★★★★★ Placements 4 ★ Infrastructure 3 ★ Faculty & Course Curriculum 5 ★ Crowd & Campus Life 4 ★

My college is the best in our locality.

Placements: Jobs as accountants, data entry operator, back office, call center, banking, loan department, mortgage department was offered. 80 percent students are placed in my time. Package depends on company to company. Top recruiting companies are HDFC, TCS, TATA AIG, one plus one BPO.

Infrastructure: During my college time facilities are very well and decent, infrastructure is also good, good courses and extra curricular activities are also available. Canteen services are also good. Library has lot of books available. Classrooms are well designed. Lab facilities are available with proper equipment.

Faculty: Teachers are well qualified and helpful for the students. Always available to help student at any time. Course curriculum is relevant to subject and it make the students industry ready.

Other: I choose this course because college in well know for my course and faculty is also very good, opportunity is also ready to go, lots of events handle in my college, campus crowd is decent.
