It is a good college with good placements, infrastructure and facilities.

Placements: Almost 70% of students from our course get placed. The highest salary offered is Rs. 21,000 for the sales and marketing team. The average salary offered is Rs. 18,000 for medical coding. Few top recruiting companies like Visionary RCM and Infosys

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 09-Sep-2022.

visit our college for placements. Going for an internship was almost our choice, and only 30% of the students did an internship.

Infrastructure: Our college provides 3 separate labs for UG, PG and research with good ambience. Labs are completely good. We do have a separate department library and college library. There are a good number of books. The food served in the hostel mess is almost average whereas the canteen food is scrumptious. Our college provides more support for the students who have been selected through the sports quota.

Faculty: Faculty members teaching quality is excellent. Teachers provide very good support. They are helpful throughout the course. The course curriculum is almost relevant, and it makes the students industry-ready. Semester exams are 60% difficult. The pass percentage is 70-75%.

Other: I have chosen this course because I always have a thirst for gaining knowledge in science. The field trips are quite less, and if some practical concepts are taught to us by taking us to the corresponding industries, then it will be better. Our college also conducts events, fests, conferences and extracurricular activities.

★★★★★ Placements 4 ★ Infrastructure 5 ★ Faculty & Course Curriculum 4 ★ Crowd & Campus Life 4 ★

Best college in Coimbatore for biotechnology .

Placements: 85% of the students were placed in my course. The package is about 25k per month. That based upon the company. Zifo is the top recruiter. By studying biotechnology we can able to go with all Science field related jobs, because it is a course that combines of all Science course like Microbiology, animal biotech, plant biotech, bioinformatics, Statistics etc.

Infrastructure: Infrastructure is really awesome. They are providing good facilities in both hostel as well as in campus also. Biotech labs are well-equipped and cleaned. Food quality are much better, compared with other college. They are providing non veg as well as veg also.

Faculty: Here, the teachers are well experienced, Ph.D. scholars. They help us to get more and providing more knowledge. Semester exams are easy to pass, where they are conduction CIA internals based on that mark they calculate CGPA. The sem pass Mark is about 60 %.

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 09-Sep-2022.

Other: Biotech plays a major role nowadays. It's a other option for those dream of medical.

 Placements 5  Infrastructure 4  Faculty & Course Curriculum 4  Crowd & Campus Life 4 

Review of Karpagam Academy of Higher Education - KAHE Coimbatore.

Placements: About 75% of the students got placed from this course. The lowest salary package offered was 2.5 LPA, and the highest salary package offered was 18 LPA. MNCs like Infosys, Wipro, etc., visit our college for placements. Almost 100% of the students got internships.

Infrastructure: There is a Wi-Fi facility all over the college and hostel. All lab sessions are conducted here, and there are some different blocks to conduct practicals. Classrooms are neat and clean, and all things are available perfectly in them. There is also a library, and it is huge and has all books.

Faculty: Teachers here are very much helpful, and they are qualified. Their knowledge is nice, and they teach perfectly fine and maintain a good time to complete the topic. They will conduct an industrial visit also, and they only bare the amount for that and don't charge to students. In our course, there are all subjects like C language, programming language, etc.

Other: I have chosen this course because it is best for future jobs. I think this course is the best, and it doesn't need any improvement. Events are organised perfectly.

 Placements 4  Infrastructure 5  Faculty & Course Curriculum 5  Crowd & Campus Life 5 

Our college has an excellent infrastructure and amenities.

Placements: About 80% of the students from our batch have been placed. The highest salary package offered was 4.5 LPA, and the lowest salary package offered was 1.5 LPA. Zifo R&D Solutions is the top recruiting company for our course. Some students got internships from genomics. The role offered in our course is a junior research trainee.

Infrastructure: Wi-Fi facility, laboratories, library and classrooms are available in our department. The quality of the food served was good and pretty decent. Our campus is equipped with a purified water facility, and we are provided with good medication. Our college gives equal importance to sports and games along with studies.

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 09-Sep-2022.

Faculty: Teachers here were good motivators, and their quality of teaching was at its excellence. They taught us through different ways like through boards as well as PowerPoint presentations. The course curriculum was structured in such a way that engineers will get ready.

Other: I have a passion for life science, so I have chosen this course. The best part of our course was the exact practical implication of the contents taught in the theoretical section. Our course structure is already sufficient, so there is no need to improve anything in it.

★★★★☆ Placements 4 ★ Infrastructure 3 ★ Faculty & Course Curriculum 5 ★ Crowd & Campus Life 4 ★

I am satisfied with the placements in the year 2020.

Placements: Around 60% of the students got placed in 2020. The highest salary offered was Rs. 20,000 per month and the lowest salary offered was Rs. 10,000 per month. Tata Consultancy Services was the top recruiting company in our college. The role offered was as associate general. In our course, the highest salary package offered was 2.5 LPA, and the lowest salary package offered was 1.6 LPA. Around 55% of the students got internships in Tata Consultancy Services.

Infrastructure: The campus is neat and hygienic. Our college has labs with new systems. There is a library on the campus with canteen facilities. The food served in the hostel is good, and non-vegetarian food is served once a week. All the graduates have separate departments. The system of learning is brought in a new way, and it is for the betterment of the students.

Faculty: Teachers in our college are helpful and supportive. Their teaching was understandable. Even they help out students to get placed with all the benefits. The course curriculum is relevant, and it makes students get prepare for their job and learn their basics.

Other: I opted for the course to gain computer knowledge, programming skills and technical skills. There are many events conducted in our college.

Best college for arts and science with good placement in 2020.

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 09-Sep-2022.

Placements: In my college placements are too good. Infrastructure is very nice. Staffs are very good. The highest salary offered is 28k, the lowest is 9k. Tcs, cts, wipro, CAPGEMINI, etc. are the top recruiters. We had many internship for final year students. Many of them go to job. These days college is very strict.

Infrastructure: Our college is in main road of Coimbatore to Pollachi. Labs are fully equipped with AC. Classrooms are good. Hostel is not too good it is just okay. Canteen is very nice. Our college is a deemed university so we have a medical college inside the campus. Sports has special preference.

Faculty: Teachers are good and very helpful. They are very qualified and has the basic knowledge about all things. Their teaching quality is too good. The curriculum is 50 percent related to industry works. So we can easily able to understand and get placed in the company.

Other: I had good knowledge in computer Science so I took this. Need some industry visit. Events are occurred in every 6 months. Scholarship are available for economically weaker students. Extracurricular activities have major part.

★★★★★ Placements 5 ★ Infrastructure 4 ★ Faculty & Course Curriculum 4 ★ Crowd & Campus Life 4 ★

Our college provides good infrastructure and facilities. We have good placement coordinators.

Placements: Out of 100, 83% of the students get placed in our course. The average salary package offered ranges from Rs. 15,000 per month - Rs. 26,000 per month. Top companies like TCS, CTS, Wipro, Maveric, Omega, Infotech, Syntel, Capgemini, Amazon, Atmos Energy, MOS, and CG-VAV. Roles offered were as a software engineer, software developer, technical support, administrative support, teaching, trainee for testing. The average salary offered was Rs. 18,000 per month. Around 78% of students got placed in all the above-mentioned companies, and remaining are yet to be placed soon.

Infrastructure: Wi-Fi is available for all the hostel students as well as registered students. Computer labs available are enough for all the department students. Classrooms are also quite good with projector devices. Hostel facilities are neat for all the students with inbuilt canteen facility inside the hostel campus. We have sports like handball and volleyball. Kabaddi is most popular in our college.

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 09-Sep-2022.

Faculty: Every staff employing here are holding a doctorate in education and knowledgeable for educating computer science students with all aspects. Subjects are very understandable for software-related topics. The course curriculum is relevant, and it makes a student ready for industry.

Other: Computer Science, I simply love computers just for its emerging technologies and new innovative ideas. The updated worldwide news may improve this course. Pranaya function, Kathir function, sports day, symposium events, and department wise symposium are conducted in our college.

3.8 ★★★★★ Placements 4 ★ Infrastructure 4 ★ Faculty & Course Curriculum 3 ★ Crowd & Campus Life 4 ★

It is a good institute with good faculty members.

Placements: May be around 60% of students got placed in companies from college. The lowest salary offered was Rs. 10,000 per month and the highest salary offered was Rs. 22,000 per month. Zifo and Vibro are the companies which visit our campus for recruitment. They charge Rs. 13,000 per month per semester and Rs. 5000 as exam fee. In our course, the highest salary offered was more than Rs. 20,000 per month and the lowest salary offered was Rs. 8,000 per month. Around 80% of students got an internship in our course, and it is compulsory for everyone.

Infrastructure: All the facilities are available for our course. There are good labs with all the required instruments. Teachers explain how to use the instruments and what is uses of this machine. Hostels have good rooms, and the quality of the food served is also good. The physical department is good by which they develop some sportsperson who achieved in many tournaments and has won many prizes. Some students also got selected in sports Quetta.

Faculty: There are good teachers in our institution. Teaching quality is good, and there are a few teachers who are friendly to students.

Other: I like biology, so I opted for this course. I know how to control some diseases. Extracurricular activities, events, scholarships, etc., are held on our campus.

★ ★ ★ ★ ★ The college is average. Join here, only when you have no option.

Placements: The campus interviews were held with other Karpagam institutions like Karpagam Institute of Technology (KIT) and Karpagam College of Engineering (KCE). Last year, more than 640 students selected from the Karpagam University. The placements were just average, and for the students of Karpagam University, it is a bit worse.

Infrastructure: We got 2 canteens, one for arts and another one for engineering. There is free Wi-Fi on the campus, but due to unknown reasons, the Wi-Fi never get connected to the first-year students. We have physics lab, chemistry lab, ubuntu lab, and another 2 computer labs. We also have Tesla Instruments Innovation Lab. This year, they started CDIO lab for first-year students, and the lab is now ready. The classes are good. Soon, it will be extended to higher class students. The hostel facilities are quite average. The quality of food is better in the hostel. Our college has 3 grounds. One for football, another one is the normal one, and another one is for volleyball.

Faculty: The faculty members are well-educated, and their teaching methodology was a bit outdated, but it is okay. As this is a university, it has its own syllabus and reference, although you will find some similarities when you compare it with Anna University syllabus pattern. They are strict, and there is no ragging inside the campus. You will get eight semesters and each semester have the period of six months. CSE have subjects like problem-solving techniques, English, mathematics, physics, EEE, and activity subjects like Yoga.

I am very much satisfied with the college and the teachers.

Placements: About 60% of the students from our course got placed. Top recruiting companies like Cognizant and TCS visit our college for placements. The highest salary offered was Rs. 50,000 per month and the lowest salary offered was Rs. 20,000 per month. It has one of the best academics in Coimbatore. It is in the top ten colleges in Tamil Nadu locating on Pollachi to main road Coimbatore.

Infrastructure: The college provides free Wi-Fi facility anywhere On the campus. Classrooms are very neat. Labs are near to the campus. You can find all types of books in the library. You can take the books home and can return it later.

Faculty: Teachers in our course were very helpful. They were experienced in teaching, and they solve students problems. They were friendly with all the students. The course curriculum is relevant, and it makes the students industry-ready.

Other: I have chosen this course because my aim is to become a mechanical engineer. I like fieldwork very much. Fest named Pranaya is the famous fest conducted at our college in February.

★★★★★ Placements 5 ★ Infrastructure 5 ★ Faculty & Course Curriculum 4 ★ Crowd & Campus Life 4 ★

I am satisfied with the faculty members.

Placements: I am from 2014-2017 batch. About 85% of the students got placed in our college. B.Sc, IT and BCA had the highest placement percentage. Top recruiting companies like TCS, CTS, Accenture, Verizon, Zoho, Infosys and Google visited our college for recruitment. Top roles, like system analyst and programmer, are offered to the students. I don't know exactly about the internship, but there will be improvements in the upcoming years.

Infrastructure: The college provides separate hostels for both boys and girls with free Wi-Fi facility. A national-level player Ajith is playing in Tamilnadu volleyball team is aluminum of our college. NSS and NCC are available. Yearly it conducts blood donation camp for every 3 months. The best part is hostel food that had rated one of the highest and hygienic in the city, and most of the vegetables were organic. The college has separate ground for both indoor and outdoor games. It also provides bus facility all over the city at affordable fees.

Faculty: Almost all the teachers in our college are doctorate. They have vast subject knowledge. They have about 10-15 years of teaching experience. Especially the BCA course is purely subject-oriented. The college provides practical training in both software and hardware field with separate labs. Companies that are ready to take students for the mainstream like programming can go for this course other than ordinary B.Sc courses.

Other: I have chosen this course because BCA is a bit different from other ordinary courses like B.Sc. IT and B.Sc. CS by dealing with more application-oriented from MS Word to Python. The course should get improved by adding additional paper for students from which they can select for their future ambition.

★★★★★ Placements 4 ★ Infrastructure 5 ★ Faculty & Course Curriculum 5 ★ Crowd & Campus Life 5 ★

This college is the best place to nurture and inspire young mind offering excellent opportunities.

Placements: The placements for my batch and my senior batch were excellent. I think atleast 50% of the students who attended placements classes go placed. The highest was 12 Lacs per year and the lowest was 3 Lacs per year and average was 5 Lacs per year. The companies like Wipro, TCS, VWR, CTS, Amazon, TNQ, IDBI Federal Life Insurance, IBM, etc. Visited our campus. The roles were BPS, Technical assistance, Proof readers etc. I think 30% of students got internships. The highest stipend was 10k per month, the lowest was 2k per month and the average was 5k per month. Yes there is a placement cell and it is working efficiently and it helped prune our capabilities.

Infrastructure: We have a registered free Wi-Fi for students and staffs. We have many computer labs and good laboratories for every Science related department. The class are well lighted and well aerated. The library constitutes of over 80,000 books on various topics and disciplines and has over 100 journals, magazines and newspapers. We have in house doctor as well as nurse. The campus offers many sports like volleyball, kabaddi, foot ball, hockey, hand ball, badminton kho-kho, indoor games as well as Silambam, karate etc. The labs are well equipped with state of art instruments. The food available in canteen is hygienic, delicious and cheap. Hostel rooms are good and homely. No, I didn't face any issue.

Faculty: The teachers are very helpful. They are highly qualified in their area of research and the related areas. They always study new things and inspire us to do innovative research. The teaching quality is excellent and they pay special attention to average students. The chalk and board method, presentations, seminars, field studies, etc. For every 15 students there is one teacher. Yes, every year they take us for industrial visits. We went to Ooty pasteur industries, Brewries and Quality testing labs in Bangalore. We went to Chemical Institute and Food Industries in Hyderabad. Yes the course curriculum was according to UGC norms and they added the new technologies also.

Other: We have annual inter and intra college cultural fest called Pranaya where students from all over Tamil Nadu come to participate. And we have Mecatroz, Inauguration function, Pongal Festival etc. The campus boasts of accomodating over 5000 students previous academic year. The campus is well connected by road, rail and air. The campus is lush

green with trees, lawns and flowering plants. It is neat and clean. We have sports scholarship and minority scholarship. The extracurricular activities include club activities, blood donar camps, Environmental awareness camps, Women safety camps, etc.

Absolutely satisfied with my decision of joining Karpagam Academy of Higher Education.

Placements: Placements in our college were good. Nearly 85% of the students were placed. Companies like Amazon, Hexaware, Infosys, and core companies like Bio Corn and Visionary RCM, which are located in Coimbatore, visited the campus for placements. Students are placed with the salary packages of 3 LPA.

Infrastructure: The entrance of our campus looks amazing. It has a peaceful library. There is a neat and clean environment. There are separate hostels for the students of each year. Playgrounds are allotted for different games like cricket, volleyball, badminton, etc. The college provides Wi-Fi facilities.

Faculty: Biochemistry was one of the interesting courses since my childhood. Faculty members in the college were not bad. Our HOD was very good. Laboratory faculty members were good. All the needed equipment is available in our college.

It is a good college, but because of some students, the college is defamed.

Placements: Mostly, the main companies coming for placements are Infosys, and Larsen and Turbo. The salary offered is based on a student's CGP. The roles offered are also based only on the student's mark. There is a placement cell. Only the students who do not have arrears are allowed to do the internship. The students with arrears cannot survive in the college or go for other placement and internship.

Infrastructure: There are no Wi-Fi facilities. The canteens are good. The hostel rooms are nominal according to price. Our college has medical facilities. Games are well-provided in our college. There are a football ground, basketball court and other facilities. There is an open auditorium.

Faculty: The faculty members are helpful to the students. They focus only on good students. If someone misbehaves in the class, they will be marked absent, or put an arrear. As it is a deemed university, the faculty can pass or fail a student.

Other: Convocation is done in the college. Monthly seminars are conducted.

Join this college to make your future bright.

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 09-Sep-2022.

Placements: I scored 62% in my academics and got placed in Infosys with a salary of Rs. 23,000 per month. The role to me was as a programming engineer. Currently, I got promoted to senior programming engineer. The highest salary package offered in our course was 10 LPA, and the lowest salary package offered was 3 LPA. I got an internship in Infosys itself. Around 70% of the students got internships from college.

Infrastructure: The infrastructure of the college was very good. They provided students with all the needs of studies. Our lab was also good, and there was a well-trained lab assistant. The entire campus was Wi-Fi enabled. The library was well maintained with all kind study materials available. We all were well trained in football, cricket and basketball also. The gym was very clean, and all kind of equipment was available. The food served was clean and tasty.

Faculty: The teaching was unique, and we could easily understand everything. They provided free English coaching class for all who could not speak in English. The course curriculum was relevant and helpful for your future. They are teaching brilliantly.

Other: I opted for the course because my passion was to be a computer engineer. Our lab trainee was awesome, and they trained every student perfectly. Teachers should speak politely to students. Once in a year Pranaya function is organised with some important guests. Extracurricular activities such as swimming, dancing, etc., were also held.
