It is the best college for all over development of students.

Placements: It is a very good college for placements of students, and 100% placements have been done for students of this year even during COVID 19 pandemic. All students got

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 17-Aug-2022.

the internships from various companies through college with a good salary package.

Infrastructure: The infrastructure of our college is very attractive and impressive. Indoor and outdoor sports facilities are available, and canteen provides quality and tasty food. Wi-Fi is connected on the whole campus, and there is a library with a good collection of books.

Faculty: Faculty members here are highly dedicative and very sincere towards their work. Their way of teaching is unique, and we did not face any difficulty in grasping the concepts. We can practice them after as practical in computer labs. The course curriculum is designed according to the present market skills.

Extremely satisfied with JBIMS Mumbai because of great placements and great learning environment

Placements: JBIMS Mumbai is one of the top 10 business schools in India. The placements are top notch. JBIMS has been achieving 100% placements since the last 30 years. Companies like Bank of America, HSBC, Standard Chartered Bank, Nestle, ITC, Coca-Cola, Pepsico, KPMG, Google, etc. are the loyal recruiters at JBIMS Mumbai. The average package for the 2015-17 batch was Rs. 18.4 lakhs, the highest package was Rs. 35 lakhs and the lowest was Rs. 12 lakhs. A wide variety of roles like an investment banker, marketing manager, HR manager, consulting manager, etc. were offered to the JBIMS students. 100% students got an internship through the college in good companies. The average stipend was Rs. 1.4 lakhs, the highest stipend was Rs. 3 lakhs, and the lowest stipend was Rs. 50000 for the 2 months of summer internship period.

Infrastructure: The college functions from a departmental building of Mumbai University at Marine Drive, Mumbai. Sports and games facilities are very limited, with only indoor games facilities. The campus has good Wi-Fi connectivity, technologically aided labs and classrooms, and a library with books in numerous knowledge domains. The medical room provides basic medical facilities within the campus. The food available in the canteen is of a good quality prepared in hygienic conditions. The hostel rooms are good with all the basic requirements. The campus is short on infrastructural facilities with almost no facilities for sports and games. It is the main issue I am facing at JBIMS.

Faculty: The faculty members at JBIMS are learned academicians with great domain knowledge and expertise. They hold Ph.D. degrees from reputed universities in India and

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 17-Aug-2022.

abroad. They are very helpful to the students and encourage practical learning methodology which involves interactive sessions, assignments, guest lectures and corporate events. The student to faculty ratio at JBIMS is 6:1, because of a small batch size of 120. I got immense industry exposure through sessions from corporate stalwarts, leadership summits, live corporate projects, and my summer internship. The course is extremely helpful to me.

Why and why not JBIMS Mumbai

Placements: The placements are excellent. The average stipend for summer internships was 1.61 lakhs for 2 months while the highest was 4.5 lakhs. The average CTC offered was above 18 lakhs in the final placements of the 2017 batch. JBIMS is known for finance and the placements say it all. You name a company and it is there. Consulting roles are very few, so are core operations and HR. But marketing is pretty good in terms of placements.

Infrastructure: JBIMS lags behind in terms of infrastructure. Though basic facilities are provided, one expects more from such a reputed B-school. Classrooms are decent but of an old style, equipped with projectors and ACs (some of them). We have a great library having a good collection of books. Wi-Fi works but there are no labs in the institute. Having said all, it has proposed to build a new building for the institute in Kalina.

Faculty: One of the reasons that I love JBIMS is the visiting faculty members who teach here. You get mesmerized when industry stalwarts teach you. Only 6 faculty members are in-house; rest of them are guests. But the pedagogy is mostly traditional. Computer-based learning is still a distant target for us. For operations, the student to faculty ratio is good, but for others, it is not.

Jamnalal Bajaj Institute of Management Studies - An awesome Institute.

Placements: The placements in JBIMS has been phenomenal. 100% placement track record has been shown by JBIMS for the past several years. The senior batch got placed with an average salary of Rs. 18 lacs per annum with the highest package crossing Rs. 33 lacs per annum. The internship placements for the junior batch was also phenomenal with

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 17-Aug-2022.

Barclays paying the highest stipend of Rs. 4.5 lacs per annum.

Infrastructure: The infrastructure of JBIMS is under improvement, with a new campus coming up in Kalina. The library of the college has an extensive range of books to refer. The sports and reading rooms are provided. The classrooms are properly maintained and the canteen facility is of high grade.

Faculty: The faculty in JBIMS is phenomenal. With a wide array of visiting faculty, we get an in-depth and practical exposure to real life market trends. Case studies and presentations have become part and parcel of our curriculum. The student to faculty ratio is 10:1.

JBIMS- an awesome institute

Placements: Placements have always been great at our institute. The name JBIMS is also known as a CEO factory because of the quality of students that pass out every year. All the students in the senior batch were placed. All the students in our batch were placed for their summer internship. The median package offered was of Rs. 17 lakhs per annum.

Infrastructure: All the rooms are Wi-Fi enabled. The library is well equipped with every book required by the students along with a sufficient number of copies. The overall infrastructure of the building needs improvement. A new campus is under construction at Kalina, Mumbai.

Faculty: Top class faculty members teach here at JBIMS. They have a rich industry experience. Case study method along with regular lectures are used as teaching methodologies to teach the students. Attendance is compulsory and negligence of the course curriculum is not tolerated by the faculty.

JBIMS has some good faculty and the placements.

Placements: The placements are wonderful. All the students in the batch were placed with some excellent packages in reputed firms. The institute has successfully attracted the sought-after organisations and the exclusive profiles in the final placement process of 2017. The placement process was a resounding success owing to the diverse pool of

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 17-Aug-2022.

students with multifaceted skills available for most of the profiles offered by the corporate across distinct domains. The highest package offered was 34.30 lakhs per annum and saw 32% increase from the last year. The average package offered was 18.76 lakhs per annum with 10% batch bagging an average package of 25.68 lakhs per annum. The median salary was 17 lakhs per annum. The number of students participating in the process is 116.

Infrastructure: The college has Wi-Fi enabled classrooms, extremely well-equipped library with subscriptions for many international journals and databases. All the classrooms and the reading rooms are air-conditioned. The campus is a single building located in the prime area of Mumbai, Churchgate, which is surrounded by the big corporate head offices. The new campus is spacious, and has the additional infrastructure; it is under construction at Kalina.

Faculty: The best thing about JBIMS is the faculty. Every faculty member has great industry experience. They are super qualified and knowledgeable. The teaching methods used are PPTs, lectures, case studies, etc. All the concepts are explained from the industrial point of view, and hence the lectures are usually very interactive.

JBIMS, the best B-School in Mumbai.

Placements: JBIMS has a location advantage. It has a history of 100% placements both for summer placements as well as final placements. Top corporate and financial institutes visit the campus. The companies like McKinsey, Accenture Strategy, HUL, P&G, Citi Bank, HSBC, Standard Chartered, CRISIL, AkzoNobel, JSPL, Private Equity Pro Partners, JP Morgan, Goldman Sachs visit the campus.

Infrastructure: The infrastructure at JBIMS is decent. The classrooms, auditorium are equipped with the necessary facilities such as air conditioners, speakers, Wi-fi, projectors, etc. The college also has 50 seats in the JS Hall University Hostel.

Faculty: JBIMS has the advantage of hosting some of the best visiting faculty in the country. The people like Prof. Shivanand Mankekar, Prof. Boman Moradian, Prof. Kedar Maanekar, Prof. Shuaib Fakhri, Dr Durgesh Tinaikar, Prof. Jagdeep Kapur, Prof. Amol Lele, Prof. Anita Shanbhag, Adv. Ram Mallar has been teaching at the Institute for many years.

★★★★★ Placements 5 ★ Infrastructure 5 ★ Faculty & Course Curriculum 5 ★ Crowd & Campus Life 5 ★

My batch got wonderful placement opportunities.

Placements: This college is definitely the best not only in Mumbai but also in India if you want to obtain a Master's degree in finance. The highest package offered was 20 Lacs per annum, and the average package was 8 Lacs per annum. The top roles offered are assistant manager in finance. The top recruiters are KPMG, India Bulls, HDFC, and ICICI bank. Internships are compulsory in the final year.

Infrastructure: The college infrastructure is maintained excellently. There are air-conditioned classrooms and properly maintained laboratories for academic purposes. There is Wi-Fi facility available for students. The library has both online and offline resources and has all the relevant reference books. The quality of canteen food is fantastic, and the prices are affordable too. There are many sports activities. However, studies and internships leave us very little time.

Faculty: The examinations are difficult to clear as it requires good understanding plus practical applications. We have to study year-round to score well. The course curriculum makes us ready to face corporate challenges and is as per what is expected. All the teachers have been very supportive, and the quality of lectures here is brilliant.

JBIMS - an awesome experience.

Placements: The companies are good, and the number of students seems to be growing everywhere. Overall, the placements are pretty awesome here. The major FMCG companies like HUL and some banks like BofA and StancAlso visited the campus. Reliance, Directi, P&G, Kraft Heinz, Vodafone, Infosys, McKinsey, Accenture are some of the big names which visited the campus last year.

Infrastructure: The infrastructure is pretty small. There is just one building in the campus area, and that too is pretty old but it is the famous Red Brick wall building, and it is the legacy of the institute. The library is equipped with latest and most advanced subscriptions of various research journals.

Faculty: The faculty here are world-class. They come with distinctive industry experience

and impart that knowledge in their teachings. We have the distinguished faculty from every field in the industry. Most of the time, the lectures are taken by the industry experts, and hence they take place on the weekends.

An honest review of JBIMS.

Placements: The placements at JBIMS are top notch for both, summers and finals. The top names in the industry hire from JBIMS. For finance, the placements are even better with BFSI, being a major sector.

Infrastructure: The JBIMS being a 50-year-old institute, does not have state of the art infrastructure. However, all required amenities are available on the campus. There is ample parking space. The library is huge and contains every possible book that you would require during your course. Thanks, classrooms have projectors and air conditioners.

Faculty: The faculty at JBIMS are extraordinary. Most of them are visiting faculty and are the industry leaders. They have vast corporate as well as teaching experience. The curriculum is industry relevant. The curriculum is updated frequently to match the industry requirements.

Good placements in 2017. The alumni network of the institute speaks for the institute stature.

Placements: The companies offer varied in roles, and across sectors, FMCG, BFSI, conglomerates, consulting visited the campus. The entire batch got placed. Summer internship was similar. McKinsey, Accenture Strategy, Goldman Sachs, JP Morgan, HUL, Vodafone, JSW, Tata Motors, Tata Steel, Schlumberger were some of the companies that visited campus.

Infrastructure: The college is Wi-Fi enabled. Classrooms and auditorium are well-equipped. The library consists of books of varied subjects and can be considered among the best. Mumbai University hostel is available for the students as it is not a residential campus. Also, the college is amongst the first institutes in the country to offer management education.

Faculty: The faculty can be considered amongst the best in the country. Rich alumni network, as well as permanent faculty, impart practical as well as theoretical knowledge. The course curriculum is challenging and covers a range of subjects. These help in building an overall personality of the students and prepare them for future challenges.

JBMS is where your dreams come true.

Placements: I am a first-year student at the college. It has been only a month, and many of the companies have already delivered their pre-placement talks. Talking about the previous batch, they have got 100% placements with an average package of 18.91 lacs per annum with the top recruiters being McKinsey India, HUL, Samsung Electronics and many more.

Infrastructure: Here, the building of JB has the famous red brick structure. If you want to have all the lavish facilities that you expect, then be ready to be disappointed a bit. But except for the building, there are other bright spots about JB. I would like to mention about the library here at JB as it is considered to be one of the largest libraries in the world.

Faculty: Operations subject is taught to you by a legend who is V.P of Johnson and Johnson's known as the God of operations and business law. Similarly, marketing is taught by the first marketing consultant of the country, and such is the aura of the professors at our college. It can happen only at JB. The teaching methods applied here is one of their kind, and equal emphasis is laid upon giving the students practical knowledge along with the long and rigorous classroom hours.

The college is good regarding placements and ROI.

Placements: Placements in our college are better than most of the other MBA colleges, and the ROI is awesome. All the well-reputed companies visit the college to conduct placements. It is up to you to grab the offer. The placement committee helps you to make your profile strong. Most of the companies visit the college only because of the strong alumni network. Alumni visit the college and guide us to get selected in their respective companies.

Infrastructure: The infrastructure of our college is like an old government building, but all the classrooms are equipped with air-conditioners. Sometimes, it becomes hard to accommodate the whole batch of 140 in one classroom if everyone is present. Washrooms are average but not bad, and they should be improved a lot.

Faculty: Most of the faculty are alumni of this college, so they use all their experience and teach us according to the industrial requirements. The schedule is not well-planned and is changed every day. The students are not pre-informed about the schedule, so the students suffer. No one knows the schedule until 11:30 PM each day.

Other: Students don't have individuality. They are not treated well regarding placements.

JBIMS is the college with a good reputation.

Placements: JBIMS is equal to IIMs. Our college is better than IIMs regarding ROI. The highest salary package offered is excellent and extremely good. This is a government aided college, and the fee is less than that of a PGDM course. The median salary package offered is 13 LPA.

Infrastructure: The infrastructure of the college is not that good. The buildings look like a perfect government building. The college needs to work a lot regarding infrastructure. However, the brand name, faculty members, and placements are somehow good here. The location of the college is good. The college is near to marine drive. It's India's one of the top colleges for many valid reasons.

Faculty: Faculty members are really good and have perfect knowledge. They encourage the students regarding curriculum as well as extracurricular activities. As the college is affiliated to Mumbai University, we follow the course curriculum of Mumbai University. We get a dual degree of MBA and MS, and the syllabus is also designed in such a way. The course curriculum is up to date.
