CMS for CA is a good platform for inter completed students.

Placements: It is a good college for study hours and a perfect platform for the students those who want only studies. There are study hours in the evening, every day, after completion of the classes, which help the students to complete the syllabus on a daily

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 17-Aug-2022.

basis. They can prepare the syllabus finished in their classrooms, and weekly tests will be conducted for students.

Infrastructure: Our college has a good and pleasant atmosphere. The classrooms are air-conditioned which will bring an atmosphere of a real college even though it is just a coaching centre.

Faculty: The faculty will be available during the class hours and also throughout the day, to help and clear the doubts of the students. The course will be of 3 stages CPT, IPCC and article-ship. We have short-term CPT for 3 months, long-term CPT for 6 months. After passing CPT, one has to wait for 9 months to write IPCC, and after IPCC, article-ship training should be undergone under a practising CA.

3.8 ★★★★★ Placements 4 ★ Infrastructure 3 ★ Faculty & Course Curriculum 5 ★ Crowd & Campus Life 4 ★

Satisfied with the course, but dissatisfied with the hostel.

Placements: The apprenticeship at LANS & CO secured a salary of Rs. 4,000 per month and also got an offer to teach the students. In Hyderabad, Rs. 4,000 per month is the maximum salary offered for the apprenticeship for a single group. Also, Rs. 5,800 was the high salary for those who completed both the groups of CA and IPCC. For the CA final-completed students, the salary offered is at least Rs 50,000 per month and the maximum salary offered is Rs 1,50,000 per month.

Infrastructure: In our college, the Wi-Fi and the hostel facility are available. Though the hostel rooms are bad, it is very near to the college. The food available here is not bad. The facilities of labs and library are not available. The classrooms are good, and most of them are covered with A/C. Also, the sports and games are not encouraged here.

Faculty: The faculty is very good, and they are well-supportive to the students. They are well-knowledgeable and duly qualified chartered accountants. They are also student friendly. Also, the student-faculty ratio is 50:1. They also deliver the concept in the such a way that everyone can understand.

Other: Events and fests are not encouraged by the chairman even though the campus crowd is very high. There is also no free area for the sports. Also, the campus is just like the apartments.

★★★★★ Placements 1 ★ Infrastructure 1 ★ Faculty & Course Curriculum 5 ★ Crowd & Campus Life 4 ★

The faculty is good enough, but the students do not satisfy with the hostel, food and rules.

Placements: It has got the highest pass percentage in CPT-june2017, & also in CPT-Dec 2017. There are no campus placements but have the opportunity to gain the knowledge about the chartered accountancy course. Overall it is a good college for studying the CA course.

Infrastructure: There is no much good infrastructure in the college. There is no transport facility by the college. There is no Wi-Fi facility, no labs or sports because it is not for regular courses. There is no canteen in the college. The hostel rooms are not so clean but can be adjusted. The quality of the food is not enough.

Faculty: The faculty is good enough to the sufficient level. The students can catch them easily. The full-time faculty is available in the college. Each subject has at least 2 faculty members. Each subject has different faculty & chairman sir is also a faculty member in the team. He teaches FM for IPCC students.

Other: Other circular activities are not encouraged in the college. The campus surroundings have many schools & other colleges. Little traffic disturbance. No scholarships are given to the students.

3.6 ★★★★★ Placements 5 ★ Infrastructure 3 ★ Faculty & Course Curriculum 3 ★ Crowd & Campus Life 4 ★

Absolutely satisfied with the faculty because of their experience.

Placements: Every person who completed IPCC will get plenty of job opportunities. The average stipend given was about Rs. 4000. The highest stipend offered was Rs. 10,000 in big four companies. Tax, auditing are the subjects which will be majorly explored during the article ship. Before entering of articles orientation, ITT qualification is required.

Infrastructure: The classrooms are clean. Security cameras, fire extinguisher, Wi-Fi, hotel facilities are available. Study classrooms, restrooms, canteen, parking facilities, table tennis, digital entertainment and learning are provided to the students. The food available in the canteen is very tasty. The benches in classrooms are of good quality.

Faculty: Every faculty is very experienced. Subjects can be easily understood. Personal practice is the only way to get a grip on the subjects. AC classrooms are available to the

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 17-Aug-2022.

students. Power back up for electricity is available. Water facilities are good. Group discussions are conducted. These all are helpful for the personal development of the students.

Other: The fee is the only matter which is considered at the time of joining. Very strict in conditions. Material for subjects is also available for students for every subject. Weekend tests are conducted to have a good grip on the subjects. Practical knowledge is gained easily.

Dissatisfied with the methods of teaching.

Placements: In CA course you don't get placements at your institutes where you study. Because CA course is different from other courses with respect to placements. You can get placements only at ICAI. (Institute of chartered accountants of India) the coaching offered in this college is not useful for placements.

Infrastructure: There is no Wi-Fi facility classrooms are pretty spacious and they can accommodate around 300 students in a single class room Hostel rooms are excellent and hostel food is one of the best. Whenever there was a need of video classes we used to face problem due to lack of projectors.

Faculty: CMS for CA is the only college or institute which has qualified chartered accountants as faculty with an experience of almost 10 to 15 years in teaching field Students to faculty ratio was 1faculty for every 50 students No specific teaching methods were followed. It was all learning by heart. At that point the course curriculum was useful to get through exams. But there was no industry exposure.

Other: We used to have personality development classes every 4months conducted by renowned people like yendamuri veerendranath, Pattabhi Seetharam. Events like freshman party CA day and farewell party are organised.

CMS For CA, is the best college in Hyderabad.

Placements: It is a CA college, and you cannot expect placements. You get good coaching

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 17-Aug-2022.

and guidance from the lectures there. The education is par excellent. Students who have passed CA intermediate can get into articles, and CA final students can get their job. They can ensure a minimum pass percentage, to the students.

Infrastructure: The college provides good infrastructure facilities. The hostel rooms are clean and tidy. The classroom is well-equipped with all infrastructure facilities. They also have a canteen, and the quality of the food is good. There is no Wi-Fi available in the college.

Faculty: The faculty consists of all professionals i.e., chartered accountants, cost accountants and company secretaries. They are highly knowledgeable. The teaching methods were in a unique way. The student-faculty ratio is also good. They have a perfect course curriculum.

Other: There are some events that are conducted in the college. The campus is surrounded by a number of colleges.

3.0 ★★★★★ Placements 2 ★ Infrastructure 3 ★ Faculty & Course Curriculum 3 ★ Crowd & Campus Life 3 ★

At that point, I am satisfied with their quality of the study and it is useful.

Placements: I have completed CA-CPT, CA-IPCC in CMS for CA after completion of IPCC. If you request, they send for good article-ship training under a chartered accountant. Articleship training is for 3 years. In the article-ship period, hardly Rs. 4000 to 7000 will get in Hyderabad in small and medium-size firms. In big firms, they offer Rs. 10,000 to 15,000.

Infrastructure: The college provided good facilities. The classrooms are very clean and neat. The board they use are a whiteboard. The library facility is available, i.e., only reading facility is there, and we have brought our books and read. Depend on the campus ground they will conduct sports and events. The college has hostel facility, and the food is okay at that time. The hostel rooms are okay.

Faculty: The teachers are good while I am undergoing course. All qualified chartered accountants are there on the campus. All of them are subject oriented. CPT and IPCC are for 6 months long-term. We undergo for 3 years article-ship training. I have done industry exposure in Hyderabad but not in consultation with the college.

Other: The campus crowd is okay. There are no scholarships for CA students.

I am satisfied because of the infrastructure, faculty members and good placements.

Placements: It is a good college and has good placements. Our college has a good pass percentage. Companies like E&Y Solutions, etc., visit the campus. Those who attempt three exams and pass, get the best internships in companies. Top roles offered are like accountants. This college is the best for the performance.

Infrastructure: The infrastructure of the college looks like a single building that has 5 floors and had 4 branches around the main campus. The interior infrastructure is very good and lighting, and projector facilities are available. The infrastructure is very good in the college and it would be enough for such a college.

Faculty: All the faculty members are qualified with CAs CMAs and CS. They are very good at teaching. The quality of the teaching and the fluency of the teachers is understandable. They teach in both languages Telugu and English for a better experience. All the faculty members are very good at teaching. Firstly I thought that exams would be difficult but with the coaching, I was able to give my exams very well.

Other: I chose this group because of the demand in the market. We could get a job easily in less time. If we pass out early and our country is in much need of the qualifiers.

S Syed aadil | CA-Short Term - Batch of 2023 ✔ Verified
Reviewed on 8 Mar 2022

It is a good college for middle-class family students.

Placements: About 80% of students from our course get placed. The highest salary offered in our course is Rs. 30,000 per month. The lowest salary offered is Rs. 24,000 per month. Top recruiting companies like Google, Portea Medical, Rexlan IT Private Limited, and banks visit the college to hire students. About 60% of students from our course got an internship in companies like Google, banks, Samsung, etc. The college offers courses like B.Com general, B.Com computer, BBA, BA, and B.Sc.

Infrastructure: The college is for those who do part-time jobs and only write exams. There are no facilities for Wi-Fi and labs in the college. It has comfortable classrooms and a library. The quality of food served is better, and it feels like home food. The canteen is neat. The canteen serves the food and bakery items at low prices. Sports and games are not

available in the college.

Faculty: Teachers are very helpful and well-qualified. They are MBA teachers. The course curriculum is not relevant. Semester exams are difficult sometimes, and the teachers are strict. The pass percentage is 65% in the college.

★★★★☆ Placements 4 ★ Infrastructure 4 ★ Faculty & Course Curriculum 5 ★ Crowd & Campus Life 4 ★

It is the best college offering CA with reasonable fees, and it has the best faculty.

Placements: There were more than 100 students in a batch. The package for CA in India will be from 8 LPA, and the maximum package offered may be up to 40-50 LPA. Companies like Deloitte, PWC, and KPMG recruit students for CA. Roles like accounting manager, internal and tax auditor are offered.

Infrastructure: The college provides the best infrastructure. The classrooms have projectors and screens. AC and non-AC study halls are available for students. Wi-Fi is also available. The food quality is not so bad, but compared to other hostels, it is better. We have a mess and canteen. The college has a library in one of its branches in Hyderabad. Separate hostels for boys and girls are also available.

Faculty: The college provides the best faculty who are qualified CAs and have practical knowledge of what they teach. The course molds the students to prepare themselves to face the world of CAs. We do not have semester exams. CA exams are conducted twice a year (May and November). The pass percentage of our college is around 60-80%.

Other: The reason I chose CA was the respect that people give to a chartered accountant. The best thing about the course offers a bright future for every student who has the willpower and mindset to achieve something in life and be in a good position. The only thing I wanted to improve in the course is the number of times the institute conducts exams. Most of the students keep writing the exams as they are conducted just twice in a year. So, if the number of times the exam being conducted is increased, it would be better.

I am not satisfied with poor performance and low pass percentage.

Placements: In recent times, article students were getting priority, students had a pass percentage which was less than 3%, and some were still writing their 6th attempt, and no proper revision classes were there. There were no weekly exams conducted by this college, and no papers were valued by teachers.

Infrastructure: In this college, the food was not good, and the canteen was not provided. There were no games and no personality development classes. In recent times this college lost all its main faculty members to other colleges and continued the same teachers for different subjects in which they had no knowledge and cannot clear doubts.

Faculty: In this college, faculty members were not good. There were no advanced skills among faculty members. There was no proper planning in the schedule. There were no weekly exams that were conducted, and papers were not corrected by teachers. Only junior faculty members will correct the papers in which they do not know anything, just blindly correct them.

Other: In this college, events and fests were not held. The scholarships were not provided, and there were no extra development classes.

College is good in terms of faculty but there are much better options.

Placements: There will be no placement option for students in the college. The companies do not visit the college. students have no role to play except studying. There will be about 100+ students in each class. This is restricted to studies only no other activities are encouraged here.

Infrastructure: The classrooms have 300 members capacity. There is no library, Wi-Fi, no sports & games are played here. The focus is only on studies. The food is not good some students faced health issues. It has low-quality food. The hostel rooms are not nice. The washrooms are in bad condition.

Faculty: The faculty in the college is good enough for the students & parents will be satisfied with the faculty. They are friendly in nature and teach in an entertaining way. no industry exposure. The teachers are qualified CAs. The student can directly interact with faculty if they have any problem.

Other: There will be no events as the college is beside the road so there is some traffic

★★★★★ Placements 2 ★ Infrastructure 5 ★ Faculty & Course Curriculum 5 ★ Crowd & Campus Life 5 ★

One of the best college and worthy to join.

Placements: They provide coaching no placements they are not eligible to provide placements because CA students don't get placements in institutes. But if you want to get placed in a good company the education is good but they do not provide and special training or such to face interviews.

Infrastructure: The infrastructure is good and the hostels are also great for female students especially the hostel in Kphb is great for people pursuing CA and CMA they provide all the facilities like laundry and hot water and also the study hours are very reasonable for the course.

Faculty: They have good faculty overall but are not consistent with the faculty keeps changing constantly which will be a problem but they pick out the best faculty in the field and also tests are conducted on a daily basis and the faculty are very techno-savvy.

Other: Overall it's a nice college value for money.

Our college is good for completing CA.

Placements: I have cleared CPT on the first attempt because of college faculty.

Infrastructure: Facilities are good both classrooms, bedrooms, and dining hall are good but each is located on a different floor. During summer it is complicated to sit and study due to the scarcity of water and air-conditioning. Study is good. Food is also good.

Faculty: College faculty and their way of explaining are good during study hours. Tutors are available for explaining any doubt.

Other: I chose this course because it's my father's dream to become CA but due to financial problems he hasn't done. Food is fine but it can be better as it is limited per person.
