I am satisfied with college in Meerut, and 95% of the students get campus placements.

Placements: The highest academics percentage secured by the students is 90%, and the minimum is 60%. Most of students secured above 75% of marks in their academics. The

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 17-Aug-2022.

highest salary package of the college is 13 LPA and the minimum salary package offered is 3.5 LPA. Top recruiting companies of our college are Tech Mahindra Ltd, Genpact, Ashoka Leyland, Just Dial, Optra Automation, etc. Our college offers B.tech, Diploma, BBA and BCA courses.

Infrastructure: Hostel facilities are very good with 24x7 lights and water. The campus is lush green. The canteen is huge, and they serve fresh food. Medical facilities and an ambulance are available here in case of emergency. Sports classes are also held on our campus, and especially cricket ground is huge where every year tournaments are held.

Faculty: Our maximum faculty members are PhD holders, and some of them are M.Tech. They have good knowledge of subjects and also practical. All the teachers are polite and honest in teaching, and their teaching quality is the best as compared to all Meerut colleges. Our college is the best in NCR.

Other: Mechanical engineering is the best branch of engineering, and I like to do practical on machines, so I have chosen this branch. The college should provide more time in workshop and practical, which will be useful to improve our skills and knowledge. Every year, different fests are held in our college, like technical events, sports events, poster presentation, culture events, etc. All fests have good quality, and it will be useful to improve students' skills.

I am satisfied with the college because I learned many things which will be very useful in future.

Placements: Our college provided good placement opportunities for the students of our batch. Our college mainly focuses on the personality development of all the students, so almost 75 to 80% of the students will get placed. Companies like Hero, Infosys, Ashok Leyland, JBM, and other relative mechanical companies visited our college for recruitment. The average salary package offered is around 5 to 6 LPA. Last year, the highest salary package offered was 11 LPA by Infosys. Almost 90% of the students got internships from college. Our college organises industrial visits every semester.

Infrastructure: Our college provides many good facilities. The campus is Wi-Fi enabled. The college has almost 100 classrooms. There are different libraries for different departments. Our college has a large sports ground, and all the sports facilities are

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 17-Aug-2022.

provided. Quality of food served in the canteen is good with reasonable prices.

Faculty: The college has almost 100 faculty members. Our college offers many good courses like BBA, B.Tech, MBA, BCA Diploma, MCA M.Tech, and ITI. Teaching quality is excellent. Teachers use highly technical methods and smart methods for teaching which is very useful for every student. The faculty to student ratio is 1:10. Our college organises industrial visits every year where we get a lot of industry exposure.

Other: Every year, our college organises different events like annual day, sports events, science exhibition, and many other events.

Neelkanth institute of technology is best college for take a admission and I think maximum students.

Placements: In my college placement is so good now in this year maximum 85 % students were placed in different company and the average package 3.5 lacks rupees and also my college held job fair every year aproximate 50 above company ti up in our college and all the company is so good some are the private limited and some companies are multinational and all the students get a job for his qualification wise and all the students satisfied to the placement cell.

Infrastructure: In my college very facilities given by college to all the students like our library is so good every addition book is available in our library and all the labs is highly technical and medical services also available in my college Sports and another activity also available in our college.

Faculty: In my college all the teachers is highly qualified and expierenced and his teaching style is so newly and innovative aproximate all the student the satisfied to them and maximum 100 faculty available in my college My college is so best in ways of our faculty.

Other: In my college every year different event held in college like as sports event and technical event and another different events organised by college time to time and every year fest is also organised and this fest is so good comparison to another college and maximum students get scholarship every year and my college is take a very interest in Extra-Curricular Activities.

Satisfied with the faculty, infrastructure and facilities being provided.

Placements: The placement rate of our college is 100%. Various companies such as Bhootani Construction, Balaji Construction, DLF, ASP Hydro Power Limited, and many more companies visit the campus every year to offer good jobs to students. All the students were placed.

Infrastructure: The infrastructure of our college is the best as it creates a good environment to study. The labs and classrooms are well-maintained and are cleaned regularly. The library has all the books being used by students. The college provides sports and games facilities for students. The quality of food is good, and the mess is clean. The hostels provided for the students are also good, and all the facilities are provided there. The food provided to the hostel students is good.

Faculty: The faculty of our college are friendly. They are highly qualified and help the students whenever required. The teaching methods used by the teachers are upgraded. The quality of teaching is good. As teaching is done by providing practical knowledge, the students can easily understand the subject.

Other: The college arranges fest and extracurricular activities which create enthusiasm among the students. The college also provides scholarships. The campus crowd is quite good.

★★★★★ Placements 4 ★ Infrastructure 5 ★ Faculty & Course Curriculum 4 ★ Crowd & Campus Life 4 ★

With no doubt, it's one of the good colleges in Meerut.

Placements: The college has good placement staff, and they really help students in getting placed in a good company and what company requirement is at this time, where the market is too much slow for civil branch. The market of the civil branch is quite slow, and it's difficult to get placed with a good amount, but they always help us and enhance us.

Infrastructure: Good and green type of infrastructure is present, and you will never get bored while going to this college. A perfect library, full Wi-Fi connectivity, an enjoyable canteen, all sports facilities are available. Labs are excellent with all equipment and

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 17-Aug-2022.

machines for all branches and has skilled assistants.

Faculty: Faculty are the main part of any college. All the faculty are extra knowledgeable. They are good in teaching both in theory and numerical subject. If you are in this college, then you know everything about your course. Visiting industries is done regularly.

Other: Events like Vibration and sports fest like Chakvuru are conducted.

satisfied with this college.

Placements: Good placements were offered for my senior batch. The highest salary offered is 3.6 lakhs per year and the lowest salary offered is 1.6 lacs per year. Recently, just daily companies and many other companies visited my college for the core job and GET. More than 85 percent of the students got the internship from the college.

Infrastructure: The Wi-Fi labs, classroom, library medical facility, sport and game, etc. are available in my college. The cricket academy integrated by Virendra Sehwag and many international cricketers visited my college like Mine Ali. Good quality of lab and classrooms. Good quality food is available in the canteen. The hostel rooms are better.

Faculty: The faculty members are well-qualified (M. Tech). The faculty members are helpful. My faculty teaching quality is very good. The teaching methods are used by the practical method, PPT method, and also provide PDP classes. The student to faculty ratio is 15:1. I got the industry exposure, BHEL Haridwar.

Other: The technical event, technophilia event, vibration (fest) by hardcore and many more superstar. The scholarship is available.

Neelkanth Institute of Technology.

Placements: There is a great placement record with many leading companies like Supertech, Ansal, Jaypee, etc. visiting the college. They have a good campus drive for other branches too. Last year, there were 80 students placed, and an average annual package of 2.60 lakhs per annum was offered. The highest package offered was 6 lakhs per annum,

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 17-Aug-2022.

and the lowest package was 1.80 lakhs per annum.

Infrastructure: The infrastructure includes a very well groomed library, and fully Wi-Fi enabled campus. There is 24*7 ambulance service. A great playground which consists of a cricket ground, basketball court, badminton court, two volleyball courts and one kabaddi ground are available. The canteen is not an attraction, while the mess and hostel are satisfactory.

Faculty: The faculty include M.Tech faculty and lab assistants. The dean is Ms Arti Singh. The director general is Mr Vikesh Kumar. There are a lot more HODs who are equally qualified. Even a lot of non-teaching staff who look after the needs of students and faculty members are also present. There is 1 faculty for every 4 students which implies more workability and excellence.

Good placements, infrastructure and faculty.

Placements: I got placed in a very good company in Noida through college placements. I think our college is the best in the city, and I am very happy to have graduated from this college. Placement scheme of the college is very good, and you may get a placement for sure if you take admission in this college.

Infrastructure: The infrastructure of the college is very good. There are 3 buildings for different courses, and the college also has a playground, an assembly ground and a shaded hall. The cafeteria is very good, and there is a hostel on the campus, so it is easy to come to the college for students who reside in the hostel.

Faculty: The faculty members are very good and well-educated. They give a better knowledge, and they are friendly too. There are many courses offered at our college. It is great fun to be at our college. The faculty are very supportive, and they treat us like their own child, so I like my faculty members.

A review that helps you for higher education.

Placements: I got few opportunities that helped me in increasing my self-confidence and building up personality. It was quite motivating because I gained some practical knowledge through these instead of technical, but when we talk about salary package, it was not so satisfying. The salary package starts from 12k which was pretty less compared to my qualification.

Infrastructure: We can say that a good infrastructure is also important for a good college. A student wants fantasy, education and a better environment, we can say it is a bit necessary for all the students. The infrastructure of the college was pretty impressive, and the playgrounds were fine as it was top maintained in the city. It has all types of courts like badminton, basketball, throw ball, etc. There is a huge library, well-maintained labs, free Wi-Fi also available here.

Faculty: I can blindly say that no college can provide you with this type of better education source. The college still maintains a school environment in the field of studies and provide better service as much as they can. The course curriculum is designed by the UPTU.

Extremely happy with college, very good infrastructure and very good teaching methods.

Placements: The placements of Neelkanth college are very good. My senior batch has 40 students, and all the students are placed in top MNC companies like Wipro, TCS, HCL, etc. The highest salary offered in college is 9.12 LPA. The average salary is 5.75 LPA, and the lowest salary is 2.52 LPA. My batch has 45 students, and they also got placed in good companies at very decent salary packages. Every year, top companies like Infosys, IBM, Wipro, TCS, Dell, HCL, Samsung, Hero, etc., visited the campus. The percentage of placements is 95%. It also has a placement cell. The placement cell keeps on inviting new companies and organisations for placements.

Infrastructure: The Neelkanth College has a smart classroom for the modern way of teaching. There are fully air-conditioned classrooms. There is an availability of LCD projectors in each classroom. The systemised way of teaching is done. Use of right-tech an up to date technologies, extremely rich and properly managed library with audio-visual facilities. 24*7 Wi-Fi facility and well-equipped computer labs are available. Grooming

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 17-Aug-2022.

facilities, communication labs, seminar halls, conference rooms, sports room, and cafeteria are available. A/C and non-A/C hostel facilities are available separately for boys and girls inside the campus. The quality of food is very good and clean.

Faculty: All the teachers are very knowledgeable and qualified. All the teachers are hired after they passed TAT (Teacher Aptitude Test). The quality of teaching is also very good. They use LCD Projector for teaching. The college also has smart classes. They also use new tools for practicals. The student to faculty ratio is 8:1. The course curriculum is very good and useful.

Life at Neelkanth Institute of Technology (NIT)

Placements: Our college is trying their best to get good companies for recruitment but due to the location, not all companies are visiting. They have tie-ups with SHRM Society and Syntel to provide an idea of corporate working environment.

Infrastructure: Well-maintained library and computer labs. In our classrooms, there is a projector for studying. We used to watch corporate videos. There is also small hut shaped canteen but they provide good food.

Faculty: The faculty members are very good and up-to-date. They used to provide bookish education and corporate knowledge too. They also organized surprise tests and quizzes to keep us updated with the latest knowledge. They also organized an Ad Making Campaign.

Other: It is a good college which provides you with the knowledge, extracurricular activities, corporate games, industrial visit, open park, etc. I got the 1st prize in Ad Making Campaign. Decent infrastructure and a playground for sports activity.

Our college provides good studies, but placement offers are not reachable to students.

Placements: Almost 10% of the students are placed in our college in local computer science companies. The salary packages offered range from 1 LPA to 2 LPA. Local companies visit the campus to hire students from the computer science stream. No student got an internship from any course.

Infrastructure: Our college area is about 20 acres and inside we have a beautiful cricket ground. Our college building is four-storied and the condition of the classrooms is very good. Each classroom is 20 feet in length and breadth. We also have a polytechnic college building on our campus which is also a four-storied building.

Faculty: All the course and subject teachers are available in our college. All the teachers are very well skilled in professional subjects. But our college provides less practical knowledge. Semester examinations are divided into two parts one is performed in December, and one is held in May.

Everything is good in our college because faculty members work hard.

Placements: The placements of Neelkanth college are very good. My senior batch has 40 students and all the students are placed in top MNCs like Wipro, TCS, HCL, etc. The highest salary package offered is 9.12 LPA. The average salary package offered is 5.75 LPA and the lowest salary package offered is 2.52 LPA.

Infrastructure: The college has sprawling hostels for boys. These hostels include air-conditioned rooms as well. The hostel rooms are adequately ventilated and well maintained. Adequate security arrangements have also been made with its operation overseen by an on-site head of the institution. Comfortable and spacious rooms. The modern and hygienic kitchen serves nutritious and healthy food. There is 24x7 security, Wi-Fi connectivity with round-the-clock internet facility, a standby power generator that provides a non-stop water supply, medical attention, general items kiosk, playgrounds, and a gymnasium in our college.

Faculty: The curriculum is the heart of a student's college or advanced learning experience.

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 17-Aug-2022.

A curriculum is a college or university's primary means of guiding students' directions. Curricula should be reviewed and revised on a regular basis, better to serve the changing needs of both students and society. We are often urged to reassess the quality of our curricula. Faculty members are responding to this challenge by turning their attention to long-neglected issues. They are doing so as a practical means of both attracting and retaining more students, ensuring their success, and producing high-quality, fair outcomes for everyone in our college.

Other: Many times, competitions were organised by the college.

★ ★ ★ ★ ★ Placements 1 ★ Infrastructure 3 ★ Faculty & Course Curriculum 3 ★ Crowd & Campus Life 4 ★

I am really dissatisfied by placement from past 3 years of our college in our course.

Placements: There are no placements offered by the college in the last month of the sixth semester. I think they do not give placement now because my friends from other colleges already doing work in their companies. At the start of college, they say they surely give placement to all students but in the end, they don't. So now I don't trust my college anymore.

Infrastructure: Classroom size is medium neither so big nor so small. 3 Fans in every class. Wi-Fi speed is average like 200 kbps. In the computer lab, 4 or 5 systems out of 20 always are not working. The library is nice in our college and I think I can spend my whole day there.

Faculty: The faculty of the college is really helpful but doesn't trust anyone. In the past 3 years, we go on 2 industrial visits which were waste of time. The course curriculum is relevant. The semester exam is not so hard if you study only the last 5 years' question papers you can answer all without any problem.

Other: I chose this course because I want to become a software developer in Java.

I am not satisfied because of its placements, faculty members, and infrastructure.

Placements: There are no placements for BCA till last semester. There are many

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 17-Aug-2022.

companies that come but our teachers do not support any student for the placements, but in other case teacher of BBA play the politics in college. They can give priority to the BBA students but does not give any opportunities to BCA student.

Infrastructure: In this college, walls are broken in our class. In the computer laboratory, many computers are not working. The library has books but they are old and some pages are missing also. The food served in the canteen like rotten. In the hostel, there is some ragging inside the room that nobody knows.

Faculty: Teachers are not helpful and they are well-qualified. There are no personality development classes for students to be prepared for industry-ready. Exams are difficult if students start learning from 1 day before the exam then they can score more than 50-60%.

Other: I opted for this course to become a software developer. But there are no placements for BCA so I did not like this college.
