It is a good college in terms of studies.

Placements: No placements are offered in the college. Although they are partnered with Technoserve which provides employment opportunities as well as teaches how and what things are to be done before getting employed. They mainly offer banking as well as sales jobs.

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 17-Aug-2022.

Infrastructure: There are two buildings on the campus, one is new, and the other one is old. We have classes in the new building now, and it is quite huge. There is also a canteen, but students usually prefer eating out rather than in the canteen. Football, cricket and many other games are played. The campus has an average ground.

Faculty: The faculty members are really good at teaching. They provide you with great knowledge and are also friendly. You will feel like you're in a school rather than a college because the teachers treat you like that. Attendance is mandatory, up to 40%, and term exams are conducted here. If you study well, the exams are not that tough.

Other: The course which I did was BMS in marketing. I would say that the course was good as it provided proper knowledge of how a marketer should be and what things he would be facing in the world. I believe a marketing course such as digital marketing would help me more with it.

★★★★☆ Placements 4 ★ Infrastructure 3 ★ Faculty & Course Curriculum 4 ★ Crowd & Campus Life 3 ★

The college is decent. It is not popular, but it does a good job as compared to others in Vasai.

Placements: Around 60-70% of the students from our course got placed. I am not sure about the salary package offered to the students. A top company like BSE offers placements and lectures that will help to make you work-ready after graduation. I am not sure about the percentage of students who got an internship as an internship is not compulsory.

Infrastructure: The college has 2 buildings with many classrooms. The library is available. The college has a canteen service which is highly recommended. The college actively enrolls students to take part in university tournaments across several sports.

Faculty: The teaching quality of faculty members is decent in the initial year, but gradually it gets better as you progress. Teachers in our college are qualified, and they do a good job instilling the required knowledge to get good grades. The course curriculum is relevant as it helps you specialise in a particular field.

Other: I have chosen this course because I am interested in the field of marketing as well as management. I would have liked it if the college had offered internship placements for students specialising in a particular field.

It is one of the well-disciplined colleges.

Placements: Almost 60% of students get placed in our course. There was no campus interview as such in our college, and the student was not given internship opportunities.

Infrastructure: The entire college was for arts and commerce graduated students. Classrooms and library were well maintained. There were no hostels in the college. Sports and games activities were conducted. The food served was also good, and there were food stalls available outside the college. There was a canteen on the campus.

Faculty: Teachers in our college very kind and punctual about their lectures. They helped the weak student to cope up with other students. The college conducts regular examination to make sure that students are prepared for the final exams. The course curriculum is relevant, and it also makes the student industry-ready.

★★★★☆ Placements 2 ★ Infrastructure 1 ★ Faculty & Course Curriculum 3 ★ Crowd & Campus Life 3 ★

I am satisfied by the faculty but not by canteen, library, washrooms, etc.

Placements: I am pursuing BMS, and my friends have completed their education, and they got placed in marketing or insurance department companies like ICICI Potential. But only a few students got placed not for every student. The average starting salary package offered to was Rs. 17,000 per month.

Infrastructure: The college does not have any accommodation facility, and there is no hostel facility and no proper canteen facility. There is no Wi-Fi facility. The library facility is available, but for limited days. There is no medical facility. Classrooms are huge, but no proper or comfortable benches. Sports, like cricket, football, volleyball, etc., are available for every student.

Faculty: Teachers for BMS course are helpful, knowledgeable. I would rate 3 out of 5 for teaching quality. Professors teaching quality is good. Professors strictly evaluated papers during exams. The college makes ready for industry visit as it is conducted every year.

Other: This course offered me opportunities to get trained for marketing strategy. The

1.8 ★★☆☆☆ Placements 1 ☆ Infrastructure 2 ☆ Faculty & Course Curriculum 2 ☆ Crowd & Campus Life 2 ☆

I am dissatisfied with everything except for the infrastructure.

Placements: A total of 30% of the students from our course got placed. Placements are not conducted in our college for any course or subject. None of the recruitment companies visits ST.Gonsalo Garcia to recruit students. A freelance writer is a lucrative option for those who did majors in literature.

Infrastructure: Our library was well maintained but had a limited number of books. Classrooms were well regulated, and the canteen was kept neatly. There were a huge football ground and a basketball court. There were classrooms for boxing and table tennis classes.

Faculty: The teachers are helpful but only to the extent of doing what is expected of them. The teachers are knowledgeable but not qualified enough as they cannot speak fluent English including the literature teachers. The course curriculum is relevant but can be taught more effectively in our college to make the students ready for the future looking to make a future ahead in this.

Other: I chose this course primarily to study in-depth about psychology, but our college didn't have that subject in the last year. Events and fests can be improved because B.A students were ever included in any fest as we were not informed about it.

Not worth it, better join a college in Mumbai.

Placements: No placements are given from colleges side. Except there is a personality development from offered by a outside organisation who teach after college hours in the college itself, after completion of the course (BMS) they provide placement, which most found satisfactory but not very comfortable with it.

Infrastructure: There are two building, one is quite old while the other was inaugurated on 2019. The campus has no functioning canteen & is poor in infrastructure. There is a library and a small hall for college events, while the bigger events take place in the open ground.

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 17-Aug-2022.

The classrooms are big but have bad seats and tables.

Faculty: They have very good teaching staff, the only plus point. There are no much activities organised by the college. Moreover industrial visits are only for 1 day to any nearby locations and you would be back home by night. Just join a Mumbai college for the same fees and you would get much more to learn.

Not that happy with the staff and placements. Except for these two aspects, the college is awesome.

Placements: I'm very pleased with the placements of our college. Only 2 students out of every 10 students got placed from our college. Even some of our friends got placed in various companies. The jobs which they offered were not that Good. I hope the placements get better in future.

Infrastructure: I would give 4 out 5 stars for the infrastructure of our college. Its huge buildings make the campus look like something big. The library and washroom facilities were very good. Our college is trying to upgrade all the facilities, which is a great thing.

Faculty: Our college offers many options for students to choose after their higher secondary education. For students who are interested in commerce subject, the college offers the B.Com course. Even other courses like BAF, BMS, and BBI are also offered here. They also offer courses like B.Sc (IT) for science students, and we have the B.A course for arts students.

Other: Our college organises many events such as cultural and academic events. They conduct different events on special occasions. Our campus is huge. I never got any scholarship and neither heard about any.

Good college for doing BAF.

Placements: In BAF course there was no such placement but students did excellent project which helped them in obtaining their jobs. Some of the students are working in reputed organizations like HDFC Bank, UTI Bank, KPMG, etc. as financial advisors. Students also did their internships which was assisted by faculty members.

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 17-Aug-2022.

Infrastructure: College has all the facilities like playground, canteen, library as well as IT lab. Canteen's food is very hygienic and healthy as well. Students play the sports they like in the playground and also represent the college in inter-college competition. Hostel facility is not available.

Faculty: Faculty members are well educated and are very clear with their concepts. Faculty members are available after the lectures as well and are ready to help the students after the lectures also. Faculty members guide the students as a mentor and help them in studies. Course curriculum is followed by Mumbai University.

Other: I did BAF because I was interested in the Financial accounts of the organizations. Crowd of the college is very good and friendly.

Our college has everything like infrastructure, teaching facilities & a quiet and cool environment.

Placements: One of the students got placed in L&T a few years ago. Now our college has started conducting a job fair by combining with many other colleges. Students have been getting help from teachers and getting placed in very good companies and getting internships. Many students got job offers through references provided by the teachers. Teachers guide them to grab good job opportunities and get placed where they want.

Infrastructure: The infrastructure is good here, and the environment is far better. Our college premises are very good and quiet. There is a huge ground for sports and other activities. The canteen is located a few meters away from the college, and the canteen is very well maintained. Our college has been getting a good rank for NCC and accredited by NAAC with an A grade.

Faculty: Teachers are the key to success here. Every teacher gives their best to teach and help students to be ready for industry level. Teachers here are very well qualified and have good knowledge. Programmes have been conducted in many industries like the tech field, etc. They conduct lots of seminars related to information technology and personality development.

Other: I was graduated from batch 2020. I had chosen this college because this college is located in a very good place, and the teachers are very helpful. I have chosen this course

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 17-Aug-2022.

because it gives me knowledge about IT tech. Our college has very well facilities of IT labs. It also conducts fest, events and many more.

Really best college with best teachers, good surroundings and infrastructure.

Placements: More than 50 students were there in my course and more than 35 students are being placed. The top companies or bank are axis bank, icici prudential, hdfc securities, motilal oswal. Some of the roles are interns, Customer service executive shaping your career to the best.

Infrastructure: The classrooms are well equipped with proper desk, benches, boards, dusters, fans there are also library, labs. In library we get variety of books to read also we get the books of our course so we don't need to spend money buying from outside also there is canteen which serves delicious cooking and extra circular activities takes place on frequent basis also proper medical room with medical facilities are being there.

Faculty: The teachers are all well educated friendly, helpful teaching us from the scratch. This course makes the student ready for the industry. There are 6 semesters held not so tough if u study properly. Passing marking are 35. One who wishes to make career in banking should take bbi.

Other: I chose this course because I had strong interest in banking. This course is best nothing to change. College conducts various events, fests fashion shows, skits, dance, singing, nail art, mehendi, tattoo making all sorts of competitions takes place.

I am satisfied with my college, it's really good college, I recommend you to join this college.

Placements: Many companies are allowing college students the internship but if you pass self-finance courses like Baf, Bbi etc. In this type, of course, the college will allow you to get a placement. College helps you to get an internship in the best college.

Infrastructure: College infrastructure was so good it's amazing to SEE this type of college

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 17-Aug-2022.

there are so many trees it's a nature-friendly college. The classroom of the college is clean you do not feel the heat in the college because of trees. One of the best colleges in Vasai in terms of infrastructure.

Faculty: Teachers of this college are so friendly that we have a query they solve any doubt related to the syllabus they solve teacher are helping to build our courier. The exam conducted by teachers is not difficult if study properly if you do not it looks hard.

Other: I chose B.Com because I did one more course which is CSE. The events in the college are so good I enjoyed them so much.

It provides good infrastructure, facilities, etc.

Placements: This college is one of the leading and best colleges in Vasai. It provides different courses and streams like B.Com BAF, BBA, etc., which maximum of the students are applying for B.Com. The package offered is based on different students and from our college, nearly 82% of students are getting internships.

Infrastructure: This college has two different buildings. There is a common library for the entire college and in courses like BAF, BBA, etc., for which the classes have allocated to this building and in the second courses like B.Com and principals office and complain desk is located. Each class has a projector and Wi-Fi is available for the presentation.

Faculty: Teachers are highly qualified and supportive with students. The teaching quality of the teachers are also very good. Exams are conducted nearly in September which is 1 semester, and in March which is 2nd semester. The passing percentage is 35%.

3.2 ★★☆☆☆ Placements 2 ★☆☆☆☆ Infrastructure 3 ★☆☆☆☆ Faculty & Course Curriculum 4 ★☆☆☆☆ Crowd & Campus Life 4 ★☆☆☆☆

Overall I am satisfied in comparison with other colleges in vasai our college was better.

Placements: There was no placement cell in our college. A third party company visited the college offering a course and on completion of the course they provided jobs in different companies. Somewhat 60% of students took the course. The roles offered were sales executives mostly. I am not aware about the companies as I did not take course because it was totally different from my specialisation (finance) and also as I was preparing for post graduation studies right after my Bachelor so was not looking for a job either.

Infrastructure: Classrooms and labs were decent. I loved the library did not spend much time there but still pretty good. We never bought books always issued books from the library to study. The canteen was good and clean as well. Sports and games was something interesting they have big ground there. All types of sports indoor and outdoor are conducted.

Faculty: Teachers were good not great. They were qualified some of them had Ph.D. degrees. I would say the teaching quality was good. Professors there do not go out of their way to give us industry tips or learning. The concern was only the syllabus completion and to teach us whats there in the books nothing other than that.

Other: The course I took was BMS (Bachelor in management studies). I was determined from very start about my choice. I had decided I wanted to do MBA and BMS was the right choice. In Bachelor degree they do not much give you practical training only theoretical that is something I wish they would add in the course. The crowd there you will SEE is from vasai Naigoan I lived in vasai my entire life so I was familiar with them. There is a line of food outlets right in front of the college. Chimaji Appa ground is right beside lot if extra curricular activity we witness there which is fun.

St. Gonsalo Garcia college has good infrastructure, great huge and nature-friendly campus.

Placements: ST. Gonsalo Garcia college is a well-known college in Mumbai. It is known for its great infrastructure, awesome huge campus, good service, behaviour and teaching process. Above 80% of students were placed from B.Com courses. The college is known for giving offers for every student at the lowest fee structure. For our course, our college charges only Rs. 4,000 per year. Financially average students can afford it easily. I am at the end of the final year, and our college gives placements in top companies like Wipro, banking sector, financial sector, etc. ST. Gonasalo Garcia college provides internships for students for free. Above 60% of students get internships and join the companies mentioned above. The college offers top roles for the top rank students on board.

Infrastructure: ST. Gonsalo Garcia college provides many facilities to students like great huge campus, good and clean canteens, computer labs, classrooms, an awesome library, etc. Our college provides good quality services and an awesome environment. It creates a positive mindset in students. St. Gonasalo Garcia also provides skills, knowledge and sports activities. There is a huge gym on the campus and also a huge ground to play cricket, football, kabaddi, running and many other sports. This college is also known for its quality of sports services and training.

Faculty: ST. Gonsalo Garcia college is famous for its teaching staff members and professors who provide quality service and have good behaviour and friendly nature. They are highly qualified and experienced. Their teaching quality is good. There are knowledgeable and highly trained staff members who have been working from many years. They support every student and help them to progress. They motivate students.
