Review of Ghanshyamdas Saraf College of Arts and Commerce.

Placements: In the year 2021, the last cutoff percentage is near 82%. As freshers who graduated from BCAAF course gets placed near out-off 150 students near 80 students

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 25-Aug-2022.

passed through aptitude test and near 40 students selected for interviews rounds and near 30 got placed to the company. The highest salary package offered was 6 LPA to 2.5 LPA. Top recruiting companies that come to campuses are Kotak Bank, ICICI Bank, Angel Broker Ltd, Brackley Bank, Bank of America, etc. Not on specific percentage but companies see the skills a student carries for internships. Top roles offered in BCAF course are financial analyst, accountant, investment banker, and consultant.

Infrastructure: Our college provides open Wi-Fi facility and we also have a web modern technologies of computer and updated software to make learn through the students with modern technology. The campus has a big separate library where students can read and spend time doing extra learning activities by browsing books from the library. College provides a sports playground for students to participate in other curriculum activities.

Faculty: Teachers are well qualified to teach a self-finance course for students. Till the end, they will clear your doubts, if any student gets confused with the concept they re-explain the concept. Some teachers are holding Ph.D., doctorate, MBA, CA final, etc. We are learning under their guidance. The semesters of the first year are not much difficult to pass and it is subjective from students to students how well they are performing in the exams.

Other: BCAF course is meant specifically for those who wanted to pursue in the banking sector and in a corporate life. This course gives you practical and theoretical knowledge about finances, stock market, investments, etc., depending on college to college. They should include in this course that to give students a real life updated knowledge and real kind of work to do which to add in this course. The college has various kinds of committees for students to improve knowledge and many other committees are self students have to work and present the work what they did in these years. Committees in college are Scoop club, E cell, cultural committee, Rotract Committee, NSS, NCC, English Literary Committee, etc. The college organises various kinds of events, fests, competitions, etc., in November. College provides scholarships to students who have come from a minority like Sikh, Buddhism, Muslim, Jainism, etc. Even they do provide financial aid facilities to students whose family income is less than 2 lakh rupees.

Review of Ghanshyamdas Saraf College of Arts and Commerce.

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 25-Aug-2022.

Placements: Above 60% of the students got placed in our course. The lowest salary offered is Rs. 5,000 per month, the average salary offered is Rs. 8,000 per month, and the highest salary offered is Rs. 12,000 per month. Recruiting companies for our course are Union Bank Of India, ICICI, Bank of India, Bank of Baroda, etc. Almost 30% of the students got internships in our course from companies like Bank of Baroda and ICICI.

Infrastructure: There are many classrooms in our college, but the infrastructure is bad. There is no Wi-Fi facility for students. Still, on every floor, labs are available, and there are at least 5-7 classrooms on every floor and a library on each floor. There are 5 floors in our college.

Faculty: Teachers are excellent, well-qualified and knowledgeable. Their teaching method is the best and perfect for every student to understand. This course curriculum makes students industry-ready and also for the future. Semester exams are not that tough, and they are average like every college. The passing percentage is 35% for every subject.

Other: I am from the current 2020-2021 batch. I have chosen this course because I want to do a job in banks, and for that, I want to complete this course. More than 2 years of banking and management is required after graduation. They should decrease fees for the B.Com course because it is a bit high. Events like annual fest and Hindi competition happens. The crowd is more because there are students from different courses. The campus is big. Scholarships are also available for above 90% scored students.

Placements 4 ★ Infrastructure 4 ★ Faculty & Course Curriculum 4 ★ Crowd & Campus Life 5 ★

The faculty members and the campus crowd are good.

Placements: Financial Services, accountancy, banker, and auditing are the roles offered mostly. Attendance of students is quite high. More than 75% of students got internships. Companies like ICICI Bank, Motilal Oswal, HDFC Bank and many other banks come for recruiting students with average packages.

Infrastructure: Everything is average here and not up to date. Except for library, as it's the best part of the college. It's very peaceful and has all kinds of novels and books. Students can go and study there whenever they want. There are various committees, which is good.

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 25-Aug-2022.

Faculty: Exams are intermediate. 35% is the pass percentage. I wish there were more practical subjects. It's all theoretical, so students get bored. But it has been changing, so hopefully, it will be good.

Other: I had my interest in finance. The college could be more supportive of extracurricular activities and scholarships.

★★★★☆ Placements 5 ★ Infrastructure 4 ★ Faculty & Course Curriculum 5 ★ Crowd & Campus Life 4 ★

Completely satisfied with the college, faculty, campus, events, and library.

Placements: Students with above 80% marks can get admission in Ghanshyamdas Saraf College for this course. The lowest package offered in this course is 3 LPA, and the highest package is 8 LPA. The top recruiting companies for placements are BYJU's, Tech Mahindra, Motilal Oswal, TCS, Bajaj Alliance etc. Skills are required for students to get internships in any company. Accountant, data entry analyst, sales executive, and HR executive roles are offered in our course.

Infrastructure: Wi-Fi is not available for students. The campus has well-equipped labs, ventilated classrooms, a library with a vast collection of books, and awesome infrastructure. Clean and hygienic food is available in the canteen. Good and proper management is available for the turf area. The sports committee encourages students for many sports and games. NCC squad is very disciplined, but less facilities are provided for them. There is no ground for their drill and command practice.

Faculty: The teachers are very helpful not only in the classroom but also outside. They teach not only the subject topics but also life lessons. Many curricular and co-curricular activities are conducted throughout the year, which gave us many experiences and cherishable memories.

Other: BAF gave me an opportunity to have a bird-eye view on the finance and accounting department. The faculty are very experienced and helpful. Events and fests are very enjoyable. It gave me management experience while managing the events.

3.8 ★★★★★ Placements 3 ★ Infrastructure 4 ★ Faculty & Course Curriculum 4 ★ Crowd & Campus Life 4 ★

I am totally satisfied with our course, and our college has a great

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 25-Aug-2022.

infrastructure.

Placements: Placements offered in our college are good. However, the college needs to work a bit more with the entire recruitment process. In our year, roughly 60% of the students got recruited through college. The recruitment team is very hardworking and are constantly working towards making a change. Several students are offered internships based on their course and academics. Top roles offered on the completion by top companies are legal adviser, company secretary and litigation lawyer.

Infrastructure: The infrastructure of our campus is very good. However, until now, no hostel facilities are provided by the college. At the same time, you can acquire any information from the college office regarding staying accommodations as they are very helpful. Classrooms are big, air-conditioned and have LCD projectors. The college has a small canteen and a coffee station. In addition to this, there is an auditorium and a seminar room, where guest speakers conduct their lectures.

Faculty: Faculty members are very kind and helpful with any issues students are facing. The course curriculum is relevant and provides enough external study resources for students to prepare and learn complex topics. Our studies are very easy due to our teachers who always solved any doubts or confusion. This course has already expanded my knowledge and added to my growth. Overall, the course made us industry-ready.

Other: The college hosts a festival named Vidhigyaan, where students of various colleges show their talents. Several events like moot court competition, quiz competition and essay writing are a part of the festival. The campus has an area of 5.75 acres, and it is clean and calm. There are several committees for students to join, like the moot court committee, the debate committee, the cultural committee, etc.

★★★★★ Placements 4 ★ Infrastructure 5 ★ Faculty & Course Curriculum 5 ★ Crowd & Campus Life 4 ★

Our college is the best option.

Placements: There are great placements in our college. From our batch, around 15 students got placed. The salary offered here ranges from Rs. 5,000-25,000 per month. Top recruiting companies of our college are KEC International, Kotak, Motilal Oswal, HDFC, Karvy, etc. Students are offered roles like accountant and backend officer. The placement cell of our college works for placements, and many students got placed in good companies.

Infrastructure: All facilities are available in our college like a canteen, medical facilities,

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 25-Aug-2022.

sports, gymkhana, auditorium and elevator. For playing cricket and football, there is turf. In gymkhana, we can play carrom. Wi-Fi service is limited in our college, but there is an amazing air-conditioned library with all facilities. Labs and some special classrooms are also available for presentations.

Faculty: Teachers in our college are very helpful, well qualified and knowledgeable to teach in a proper way to understand. They are ready to solve doubts after lectures also. If you attend lectures properly, then there is no need to go to any classes outside the college.

Other: Our college fest is very happening, and everything is good. Faculty members teach our course very well, and nowadays, they are conducting online classes very well.

★★★★★ Placements 4 ★ Infrastructure 4 ★ Faculty & Course Curriculum 4 ★ Crowd & Campus Life 4 ★

I would suggest my friends to take admission in our college.

Placements: Students who score above 75% of marks can get admission to this course here. Our college provides nice placements. The highest salary package offered for this course is 2 LPA, and the average salary package offered is 1.5 LPA. The lowest salary package offered is 1 LPA. Companies which offer internships here are reputed companies.

Infrastructure: Our college provides us all the facilities which are required for us. It takes good care of infrastructure and does proper maintenance. Our college has a library, canteen and sports room. The canteen provides good and healthy food, and different types of sports are played here.

Faculty: Faculty members of our college are very supportive and encourage us. They help students whenever they can. Faculty members of our college made a WhatsApp group, so if any student has doubts, they can ask in that group. Faculty members also boost our confidence to speak in public.

Other: The course which I have chosen is a professional course. Our college organises its own fest named Mauj. Students of all other colleges visit here and participate in that fest.

It is a top college for students interested in studying and participating in

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 25-Aug-2022.

other activities.

Placements: There were around 135 students in our batch, and among them, more than 50 students got placed in top companies. The highest salary package offered is more than 2.5 LPA, and the lowest salary package offered is around 1 LPA. The major company is Motilal Oswal which selects most of the students. Around 60% of the students got placed. Assistant manager of sales department was the top role.

Infrastructure: Our college provides a huge computer lab where around 50-60 students can operate computers, and it is well-maintained. The library is the most beautiful place in the college, and it has many unique methods of storing books. Classrooms are well-maintained. Medical and sports facilities are also well-maintained. Our college has its own turf for students to play, and many tournaments are conducted during the year. The canteen is also hygienic and clean with tasty food.

Faculty: Teachers are highly qualified and knowledgeable. Their teaching methods are very easy that it helps students to grasp easily. The course gives a proper knowledge about accounting and financial-related studies, and it is helpful in the corporate world. Semester exams are not that easy, but if we studied well, it is easy. The pass percentage is high, i.e., around 90%.

Other: I have chosen this course because this course is highly recommended for students who are interested in accounts and finance and who like numbers. It is more practical and less theoretical. Our college has a popular fest named Mauj in which colleges from all over Mumbai participate and compete till the finals. Our college is located at a great spot on Swami Vivek Anand Road near to railway station and also near the western express highway. Many extracurricular activities are going on on the college campus throughout the year.

Our college has helpful teachers and staff members.

Placements: Till now, I do not get any placement opportunities from our college, but I know our college provides good placements. Due to this pandemic, placement opportunities are not available. But many students from the previous batch got placed in a very good company at a good position.

Infrastructure: The hostel facilities are good. There are many cultural activities and games

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 25-Aug-2022.

to enjoy in college. Our college does not have any campus, so students who are looking for a campus get disappointed here.

Faculty: The course curriculum is relevant, and professors make it easier for you. Faculty members in our college not only provide academic knowledge but the outside knowledge also. Our BCAF coordinator is so helpful that she prepares us for the future. There are many things to learn there. All the teachers have their area of knowledge. Teachers are the best guide in our college. Everyone is helpful.

Other: Events and activities are so engaging. Professors give good guidance and make us participate in events. Extracurricular activities are also conducted here. There are many things to learn.

3.8 ★★★★★ Placements 4 ★ Infrastructure 4 ★ Faculty & Course Curriculum 4 ★ Crowd & Campus Life 3 ★

There are absolutely good faculty members and good placements.

Placements: Around 80% to 85% of the students were placed from our course. The highest salary package offered was more than 3 LPA, and the lowest salary package offered was less than 1 LPA. Top recruiting companies here are HDFC, TCS, etc. Around 20% to 25% of the students got internships. All kinds of roles like salesmanship, accountant, fieldwork, etc., were offered.

Infrastructure: The facilities and infrastructure were good here. They are always hygienic and maintained well. All the classrooms are always clean and maintained properly for all the departments. The library and labs are very well maintained. The quality of work and food provided by the college is also good. There are all the medical facilities, and sports and games are arranged nicely.

Faculty: Teachers here were always helpful if we have any doubts and confusion. They provide completely professional learning and study. The teaching quality was very good. I always have excitement to go to college and like to learn new things. Semester exams are not much hard.

Other: I wanted to join Saraf College. The best thing here is that the quality of teaching is very good. I always wanted to choose this course for the betterment of my life.

Our college is one of the best colleges in Malad.

Placements: When I was in my final year of graduation only 2-3 companies came for recruitment and they were offering low-grade jobs. Axis Bank came for recruitment but they were offering back-office jobs so I went for the interview and I was selected because my English and my level of confidence were good as compared to other students. But I rejected that application in the end.

Infrastructure: The building looks good only from the outside, but from inside it was not as expected. The library was good because the space inside was sufficient to accommodate 80 students at a time. Our college had a huge green ground, but they never allowed us to play.

Faculty: Teachers in our college were very much helpful. I was weak in accounts subject so they took extra classes for weak students like us. Curriculum activities were also held every month. They never allowed us to copy in the exams, but they gave extra 10 marks grace so that we can pass the exam.

Other: I chose this course because I was studying for CA. The best thing about our college is that they never forced us to sit for attendance because they knew that people also do jobs. Campus crowd was good.

Anonymous | Bachelor of Commerce (B.Com.) - Batch of 2020

Reviewed on 1 Jun 2021

It has good infrastructure and facilities. I am dissatisfied because there is no scope for sports.

Placements: Less than 20% of the students got placed in B.Com. The highest salary offered is Rs. 30,000 per month for the post of a manager, and the lowest salary offered is Rs. 12,000 per month for the post of a junior accountant. Various multinational companies visit our college for placements. Maybe 10% of the students got internships from B.Com. A top role offered is a junior manager by ICICI Bank.

Infrastructure: On the ground floor, an air-conditioned hall is available to conduct events. Air-conditioned classrooms with computers are available for IT students. A library is available on the fourth floor so that students can study and take textbooks who can't afford it. The canteen is good. A playground is available, but there is no gym and other activities.

Faculty: All the teachers are helpful to students. They guide them properly. Their teaching

quality is very good, especially in maths, accounts and taxation. Export teachers are very friendly to students so that the students can clear their doubts easily. Their teaching quality is good, and they are knowledgeable.

Other: I have chosen this course to focus on the accounts field, taxation and to gain good knowledge.

★★★★★ Placements 4 ★ Infrastructure 4 ★ Faculty & Course Curriculum 4 ★ Crowd & Campus Life 4 ★

Absolutely satisfied and would definitely suggest to take admission in this college.

Placements: Almost 75% of students in my batch got placed with top companies. The placement faculty are very adept at their work, and the highest package offered was 6 Lacs per annum, and the lowest package was 2 Lacs per annum. Top recruiters were Kotak, ICICI, Birla Sun Life etc. All the students got internships directly from the college itself, and the top roles offered based on the profile were assistant accountant, management consultant, financial analyst, company secretary etc.

Infrastructure: The college has a well-developed infrastructure and all the facilities from high-speed Wi-Fi to organised classrooms. The library is huge where you can simply sit and study peacefully. The canteen serves all sorts of cuisines to relish your taste buds. There are sports committees and include both indoor and outdoor sports, which you can join according to your preference.

Faculty: The teachers are very hardworking and helped me gain my perspective and goal. They are dedicated and enthusiastic towards the students and always helped students with their problems. The course curriculum is of high quality and helps students meet their expectations, and prepares them for the industry.

Other: I chose this course due to my penchant for marketing and management. Mauj is the college fest and witnesses high participation. The college conducts several cultural events like talent hunt and various competitions, which makes this altogether a memorable college experience.

M Mrinal Suryavanshi | M.Com. in Business Management - Batch of 2020 ✔ Verified

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 25-Aug-2022.

I highly recommend this college for its teaching faculty members.

Placements: A decent percentage of the students graduate with on-campus jobs after pursuing an M.Com degree from this college. It is both merit-based as well as selection through interview. The highest salary package offered is ranging from 5.5 LPA, and the lowest salary package offered is 2 LPA. This degree gives excellent placements depending upon your skills and specialisation. Various companies like ICICI Prudential, Angel Broking Ltd, Kotak and KEC International approach the college upon completion of M.Com degree. About 50% of the students got an internship after M.Com in companies like Edelweiss, Mahindra & Mahindra, etc. Jobs offered after M.Com are accountant, finance manager, etc. If you specialise in finance and marketing, then you can get roles like business analysts, digital marketing, etc.

Infrastructure: The infrastructure of our college is very student-friendly and very vibrant. Classrooms are spacious and well-organised, which create a positive and motivating atmosphere for students. Labs are high-tech and updated with the latest software and computers. The library is easily accessible to the students of the college, and it is the most convenient place for students to study in their free time. It contains all books not only pertaining to the syllabus but also other kinds of informative books. The hostel of this college offers excellent accommodation with well-furnished and clean rooms and a dining hall. It ensures the safety of students with 24x7 surveillance. The canteen of our college is the most liked place by students as it offers delicious and hygienic food items. There are indoor and outdoor games like kabaddi, chess, volleyball for girls, etc. For a medical emergency, there is a sick room for students, which is equipped with first-aid care and caretakers to look after. There is no access to Wi-Fi for students, but it is only confined to staff members.

Faculty: Teachers are the best part of this college. Teachers are well-educated and well-spoken. They teach very well with the help of PPTs and group projects, which helps students in their field. The course curriculum is very relevant and very useful, but the only thing I would expect is more real exposure to the industry, like field visits.

Other: I have chosen this course because I wanted in-depth knowledge of the business management field to transfer book knowledge into real-life efficiently. It was a tedious task, but this course helps me grow. I think more real-life exposure is needed as it would boost our confidence and make us ready to draw conclusions in any situation or problem. The fest of our college is good, but I think there are not enough events to create enthusiasm among students. The crowd is very good, and campus surroundings are good and offer easy

connectivity to roads. Extra co-curricular activities are very fun, but they need to get more comprehensive so that all students can show off their skills like talent hunt, etc.

Pooja Jain | B.Com. in Banking and Insurance - Batch of 2020

The fest organised here is enthusiastic with a good learning experience and placements.

Placements: About 80% of the students were placed from our batch as many companies with high profile visited here. Interview rounds were also competitive. The salary package was based on the ability and roles offered to a specific student. Companies named Motilal Oswal, ICICI Bank, etc., were top recruiters here. Roles were sales-related, finance and HR were offered by companies.

Infrastructure: Facilities were superb in our college as we were allowed to use Wi-Fi for our projects, assignments and activities. Library services were also superb as all types of books were provided in the library. Specifically, during exams, we used to get our books from the library, so it is one of the best facilities. The food served in the canteen was great, and all other facilities were also provided when needed.

Faculty: Teachers were helpful in college and outside the college because if we have doubts, teachers will help us through WhatsApp also. They all were well-qualified, and their teaching method was also superb. They used to give us extra knowledge about our course so that it would be helpful to us.

Other: I chose the banking and insurance course, but after studying for 3 years, it was the most subjective course as I had a great impact on jobs also. It was great. College fest, course-related fest and extracurricular activities organised in our college are very fun and help to pursue your passion. Scholarships are provided.

I had a beautiful college experience which helped me grow and maximize my potential.

Placements: About 95% of students got placed from college. The highest package offered in my course, bachelors of management studies, was up to 5 LPA, and the lowest package

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 25-Aug-2022.

was 2.1 LPA as per the interview and aptitude skills of an individual. The top recruiters were ICICI, Amazon, India Bulls Limited, Angel Broking Limited etc. Every student got an opportunity for internships from college. The top roles offered were brand ambassador, marketing manager, marketing research analyst etc.

Infrastructure: Ghanshyamdas Saraf College has a remarkable infrastructure and up to date facilities such as high-speed Wi-Fi, spacious classrooms and a huge library where you can sit peacefully and study. The hostel is just adjoining the college and is very well constructed and welcoming for students. There is a huge canteen in the basement where a variety of delicious food is served.

Faculty: The teachers are very helpful, and I still have a very good rapport with some of them. They were experienced, and that was portrayed in their teaching. The course curriculum was very informative and definitely prepared students for the corporate world.

Other: I chose this course due to my predilection for marketing and management. The best thing about my course was the exposure I got to the depth and core concepts of marketing, and the projects I carried out during my bachelors helped me grow in life. I was totally satisfied with my course as it helped me achieve my goal. Mauj is the official college fest, which attracts huge participation, and the crowd is very intellectual and friendly. The campus surroundings were very positive, and it was a memorable experience overall.

opportunities, etc.

Placements: Around 60% of the students get placed from college. The highest salary offered is of Rs. 22,000 per month and the lowest salary offered is of Rs. 10,000 per month. An average salary offered is of Rs. 15,000 per month. KEC international, Teleperformance, ICIC bank, etc., are the companies visiting our college for recruitment. Accounts, sales, HR, etc. were the roles offered. In our course, the highest salary package offered is 1 LPA, and the lowest salary package offered is 1.5 LPA. An average salary package offered is 3 LPA. Almost 80% of the students got internships in different companies like Aditya Birla Capital, Teleperformance, ICICI Bank, P3 solution, KEC international, just Dial, Raj software, AU small Finance, etc.

Infrastructure: Our college has good classrooms with air conditioners. There are two hostels for girls and boys on the campus. For curriculum activities like sports, we have separate turf area, and even we are having various gaming events like carrom, chess, football, etc. Even there is a separate medical store in our college.

Faculty: In our college, teachers are well educated and are knowledgeable. They clearly explain the concepts. Teaching quality is better. Almost all teachers are holding different degrees like MBA, CA, PhD, etc. The course curriculum is relevant, and it makes students industry-ready.

Other: I chose this course because almost 70% of the syllabus is of CA IPCC portion. I like to do practical works. The college needs to focus more on practical subjects. Events and fests are held on the campus, and every student participates in it.

classrooms.

Faculty: Teachers in our college are very helpful for any problem related to studies. They are very much qualified. Teachers in our course are highly knowledgeable to teach us. It feels very good to study under this type of quality teachers. The course curriculum makes the students industry-ready.

Other: I have chosen this course because the course is related to the stock market. I wish the college should conduct more extracurricular activities. Campus crowd is good.
