★★★★★ Placements 4 ★ Infrastructure 5 ★ Faculty & Course Curriculum 5 ★ Crowd & Campus Life 4 ★

Good placements are offered in good companies. The infrastructure is good. Teachers behave well.

Placements: About 6% of the students from our course got placed. The salary package

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 18-Aug-2022.

offered here is 2 LPA. Many students got internships in many companies from our college. Managers, financial managers, etc., roles are offered here. Every student did the best. Students are from good families and have a good background. They are helpful in studies and well mannered.

Infrastructure: Labs are available here. The library and classrooms are well maintained. The library is good. Good quality of food is served here, and there is a well-maintained canteen. There is a sports room, and many indoor games and outdoor sports are played on our campus. Classrooms are well maintained.

Faculty: Teachers here are helpful and knowledgeable. Every teacher helps every student in many ways and helps us in making notes. Teachers are highly qualified and professionals. Their family background is also good. The course curriculum is relevant. Most of the students can operate the industry.

Other: I chose B.Com. Events and programs are conducted every year.

College offers scholarships to deserving students. Faculty is the best.

Placements: Placements are good as per my view. As per my knowledge, 70 percent students get placed from our university. Many of the companies like Amazon, Paytm, Microsoft come here and hire students. The minimum package offered is 2.5 Lacs.

Infrastructure: Infrastructure is quite okay. Classrooms are clean but there is a need for advanced smart boards in classrooms. University takes good care of hygiene. The hostel rooms are small in size but they take good care of cleanliness. Mess food is okay and the library and medical facilities are very good as per my opinion. University also provides a lot of games and sports which students can opt as per their choice.

Faculty: Faculty is the best. Teachers are very well qualified and they give quality teaching as per my expectations the staff is very helpful and caring to everyone. The commerce teachers also keep us up to date to the various competition tests and they motivate us and help us to be industry ready .

Other: Many types of events are being organized by the campus every year. Annual function is very amazing at this university because they show us about our traditional culture and they also offer scholarships to deserving students.

Review of Distance Education Department, Punjabi University.

Placements: Placements in our college are average. The minimum salary package offered is 2 LPA, which is not sufficient for a student, in my opinion. Mostly local companies hire the students who get graduated from this course. Overall, placements are not up to the mark.

Infrastructure: The infrastructure of our college is good. Classrooms are cleaned every day. Cleaning staff takes good care of cleanliness. Wi-Fi facility is available with good speed. The library is quite big and has a sufficient amount of books as per demand. Hostel rooms are small, but it is well maintained. Food served in the mess is average. Sports and a lot of games are provided by the university which students can choose as per their choice.

Faculty: Faculty members in our college are good. They are well qualified and clear every doubt of the students. History and political science faculty are the best, in my opinion, because their teaching methods clear our doubts very easily. They conduct a sufficient amount of assignments and develop students skills.

Other: Our university provides scholarship to the deserving students who score the best in exams.

Review of Distance Education Department, Punjabi University.

Placements: About 80-90% of the students got placed in many local companies in Chandigarh comes. Some top firms also visit our college to hire students. The minimum salary package offered in B.Com course ranges between 2-2.5 LPA, and it also depends upon students how much they can achieve.

Infrastructure: The library is quite good, and the classrooms are also good. Wi-Fi speed is also good. I do not know about labs. The hostel facility is also good. Food served in the mess and canteen is quite average. The college provides a number of sports and games, and students can play as per their choice.

Faculty: Faculty members of our college are the best. This university has one of the best teachers to teach. They give you in-depth knowledge about financial, accounting, business,

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 18-Aug-2022.

law and economics fields. The college provides Punjab as a compulsory language, so students have to study Punjab as well.

Other: I have chosen this course because B.Com course is one of the best course in the field of commerce. The course provides in-depth knowledge of finance and accounts. I recommend you join this course because it has a high demand in the future.

Review of Distance Education Department, Punjabi University.

Placements: Placements are average in our college. Infosys is the top recruiter of this institution. The average salary package offered varies from 2 LPA to 2.5 LPA, which is not good. As I am a B.Com student, it is not a good salary package. Nearly 70% of the students get placed, but the salary packages offered are not quite good.

Infrastructure: The infrastructure of our college is quite good. Our college has nice and clean classrooms, and the speed of the Wi-Fi facility is good. There is a huge library in which students can issue and read books as per their choice. I don't know about labs. Hostel rooms are good but are small, and staff members of the hostel are cooperative. But the food served in the mess is not good, so our university should improve food quality. Our university provides a lot of games and sports to play.

Faculty: The teaching staff members here are cooperative and best. As I am a commerce student, the commerce faculty members are one of the best in the whole region. Teachers are supportive and motivate all students. The one thing which I liked the most is they provide full attention to students and prepare them to face the competitive challenges.

Other: B.Com course is the best course in the field of commerce. I opted for this course because I want to pursue my future career in the field of accounting and finance. Many types of events like cultural fests and sometimes Dj nights are organised in our university.

All requirements are fulfilled by college, and the infrastructure is also of better quality.

Placements: In our course, students scored above 70% in their academics. In our course,

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 18-Aug-2022.

the salary package offered is 3 LPA. About 60% of the students got placed. Top role of business development associate is given. Punjabi University Patiala's recruitment season for the year 2019-20 opened with a remarkable increase in its placement record. It has succeeded in scoring a high note by getting 100 placements done with 366 offers by 36 high profile companies with salary packages ranging from 4 to 12.6 LPA.

Infrastructure: Good quality facilities are given at our university. Every equipment is available for students needs. All the sports facilities are available at the university, and all the necessary sports events are organised by team leaders. The college provides well-maintained infrastructure and facilities for games such as archery, athletics, basketball, boxing, cycling, fencing, football, hockey and judo, etc.

Faculty: Teachers provide the best teaching, and professors make all the possible ways to teach students. Online studies are provided during the situation of covid. The library has established departmental libraries in some of the teaching departments and regional centres at Bathinda by the university.

Other: I have chosen this course because I want to do specialisation in commerce.

3.2 ★★★★★ Placements 1 ★ Infrastructure 3 ★ Faculty & Course Curriculum 4 ★ Crowd & Campus Life 4 ★

I am satisfied with all things except for exams results as there is a lot of delay in the result.

Placements: There are no placements for B.A students of distance education, and I will be graduated soon. Salary packages are not offered for arts stream students as only offered for engineering students, and that salary packages are only between 3.6 to 5 LPA. I am from arts stream, so there is no need to go to college as only 7 days are allowed to come in 6 weeks. After 6 months, you must submit a project file of all subjects which you select while filling the form. You can also do your job while studying in arts in distance education.

Infrastructure: The infrastructure of the college is good, and the classrooms are well furnished and have an airy environment. The library is Wi-Fi enabled, and the air-conditioning system is very good, and in your free time, you can go there with the ID card issued by the university to study. I didn't stay in any hostel, so I don't know about it.

Faculty: Teachers are good, well educated and helped me a lot in any problems. I don't know much about their knowledge because I am a distance education student. However, their teaching quality is good. The course curriculum doesn't make the students ready to

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 18-Aug-2022.

work in the industry. If you can join as a distance education student, then you have to do a lot of paperwork, and you will face problems while paying fees because it is an offline process.

Other: All things are good here, and I suggest you join this university.

Build your career here at Punjab University.

Placements: 1. Almost 60-70% students of my batch got placement from university 2. the highest package of my course is 15-16lac and the lowest one is 2lac 3. HDFC, ICICI and other prestigious banks came for the placement 4.70%got internship in leading private sector bank 5. Sales marketing management opportunities were offered.

Infrastructure: 1. The campus is very huge and decent. The environment is friendly and safe. Classrooms libraries are well organised 2. There are no of canteens in the university campus. And the food quality is good. There is ground for sports person and well managed.

Faculty: 1. The teachers are highly qualified and most of them are Ph.D. scholars and very experienced teachers with UGC NET qualified. 2. Yes this course is very relevant to students who want to make their career in banking and accounting sector. A lot of opportunities will come in your way.

Other: 1. I am presently working as a sales executive in Ludhiana after completing this course. 2. The theoretical syllabus must be replaced by practical one. 3. A lot of opportunities for students to participate in extracurricular activities are available in the university.

Overall, it is good to place to study.

Placements: Placements at our university were average. Though very less proportion of students got placed, it totally depends on students hard work. Some financial services companies like Geojit, BNP Paribas, Karvy visit each year and recruit a good number of students, but the majority remains unplaced.

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 18-Aug-2022.

Infrastructure: The infrastructure is average as expected from a government university. Classrooms are well-equipped with the necessary facilities. The library has a good collection of books. Labs are good, but some computers don't work, which is the reason students usually use their laptops.

Faculty: Faculty here are well qualified and experienced. They have a good command on students. Doubts of every student are taken seriously in a class by faculty. Moreover, the curriculum is quite relevant. Assignment and projects help a lot to get a good exposure. Teachers here are rigorous regarding studies and attendance.

Other: BBA is a good course to go for if someone further wants to do MBA. It is a foundation course for MBA. The crowd is decent. Moreover, the university organises various fests and events, but it lacks proper security.

★★★★☆ Placements 3 ★ Infrastructure 4 ★ Faculty & Course Curriculum 5 ★ Crowd & Campus Life 4 ★

It is a reasonable college and has excellent campus life.

Placements: In this college, students in our section were around 35. I had not been offered any job. But students in this university were recognised worldwide, so they can get local jobs easily, and if students want to go abroad.

Infrastructure: The classrooms were neat and clean. Wi-Fi connectivity was limited. I am a day scholar. Except for the washrooms, they were not clean. The hostel was available for boys and girls, but it was very different to get one. Because of high demand, but there was plenty of nearby accommodation.

Faculty: Teachers were good. They were knowledgeable and understanding. The pass percentage was 35%. The exams were reasonable. This course was in the humanitarian stream so no speciality in any field, but students can join any field they want so it was up to them.

Other: I opted for this course for a bachelor's degree. It was up to students what subject they choose. There were fests and events in this college. It provides greener campus life to students.

★★★★★ All facilities are good like hostel facilities and classrooms. SC scholarships are available.

Placements: Punjabi University Patiala is the best university in Punjab. The percentage of students who got placed from our course is above 80%. Companies visit our university and then select students for IT jobs. The high salary package provided by companies is like 4 LPA. The lowest salary package provided is 1.5 LPA. Recruiting companies here are Wipro, Infotech, Master Software, etc. About 70% of students got internships from our course in companies.

Infrastructure: The infrastructure is very beautiful here, and it is a Wi-Fi-enabled campus. There are many department personal libraries, and classrooms are not air-conditioned. The hostel quality is very best, and the food served in the mess is very tasty and healthy. The hostel facility is the best, and there are clean bathrooms and very beautiful room designs, etc. Medical facilities are provided, and sports activities are hardly active. Basic facilities are also provided.

Faculty: All university teachers are very talented and very helpful. They are very knowledgeable, and their teaching quality is very good. Semester exams are not difficult in our university, and it's easy to pass all exams. The pass percentage of students is 80% above.

Other: Our university provides SC students scholarships. I selected this course mainly because my dream is to become a software developer.

3.8 ★★★★★ Placements 4 ★ Infrastructure 3 ★ Faculty & Course Curriculum 5 ★ Crowd & Campus Life 4 ★

Sometimes I feel our college is good but sometimes bad.

Placements: If you want to take admission to our college, you should have 85%-95% of marks in the 12th class. Reputed companies visit here every year. The salary packages depend on your course like science students get jobs in pharma companies and earn a salary of around Rs. 25,000-32,000 per month as a fresher and get increment every year. Many companies visit here every year.

Infrastructure: Wi-Fi facility is not available here, and the labs are well maintained, but proper materials are not available here. The building has a good structure, and classrooms are very well maintained. Many types of sports are available in our college, and many players got selected for the state, national and international levels. The quality of food served is not

very good, and hostel students do not feel good for the mess food.

Faculty: Teachers here are very well qualified and always ready to help. They are always ready to give their best and teach punctually. Our course is good and not very difficult, and you can learn it without any tension. You will have a good future. Teachers make students ready for every hardship of life.

Other: I want such a type of course which doesn't have stress, and you can easily do some different things along with my course. My course is not very costly because I belong to a financially average family. So, I chose this course. About 2-3 types of scholarships are provided every year, and the main scholarships are provided for scheduled caste students. Festivals are not celebrated by our campus. Extracurricular activities are conducted from time to time. Bhangra is very famous for our college. Youth festivals are conducted by our college every year.

Review of Distance Education Department, Punjabi University.

Placements: Placements in our college are good. The average salary package offered to a B.Com graduate approximately ranges from 2 LPA to 2.5 LPA, which is good. The top recruiters of our university are Amazon, Paytm, IBM, ITC, HCL, IOCL, BPCL, etc. Approximately 60 to 70% of the students get placed in reputed companies.

Infrastructure: The infrastructure of the college is quite good. Classrooms are clean, but the desks are not well maintained so the university should think about it. Corridors are also clean. Hostel facilities are good, but rooms are small. The food served in the mess is not good. They need to improve it. The library is quite huge, and the speed of Wi-Fi is also good. University also provides sports and games like cricket, football, volleyball, badminton, etc.

Faculty: Faculty members in our college are the best. This university has the best teachers to teach. Faculty members in the commerce stream were the best in the university. Teachers help us a lot in clearing doubts and also in conducting monthly MST to check the performance of the students. They prepare us for the future.

Other: Our university also organises many types of fests and extracurricular activities. They also organise tours to various cities of India.

Review of Distance Education Department, Punjabi University.

Placements: Placements are good at this university, and approximately 80% of the students get hired in reputed companies like Paytm, IBM, LIC, etc. The average salary package offered in this university is 2 to 3 LPA. As I am doing B.Com course, and in my opinion, this salary package is good for an undergraduate course.

Infrastructure: The infrastructure of our college is very good. Our university provides clean classrooms, and they take good care of corridors and building. Wi-Fi quality is also good. The library is quite big, with many types of books and novels. Hostel life is good here. Rooms are well-maintained, and the warden is very caring. Mess food quality is also good.

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 18-Aug-2022.

The university provides a huge number of games to opt as per our choice.

Faculty: Commerce faculty members are the best. Our college has the best teachers to teach commerce subjects. In this university, every teacher is supportive and motivates students to face the competitive world and to become a leader. Every teacher gives assignments and projects to develop a student's career and make them industry-ready for future.

Other: The main motive of this university is to promote Punjab culture and language. So they organise cultural fests annually, and they show the beautiful culture of Punjab. This university also has almost everything on the campus like a bank, medical facilities and shopping centre. In my opinion, it is one of the best universities in India.

You can choose this college if you don't have any other choice.

Placements: They don't promise any placement. Students who join this college are clear about this fact. Go for this college if you want just a piece of degree.

Infrastructure: Rooms are so suffocating in summers. Even fans are not enough in a room, even if they are they don't work. For students of B.A. they don't even have a particular classroom. They just have to shift to another room to attend every lecture. It's really frustrating.

Faculty: It's a decent college if you want to opt any course they are offering for the sake of degree. Don't expect that you'll get any kind of learning or knowledge from this college (in case of my course). As professors don't even take the lectures except for few. But I've heard that in other streams - Commerce and Medical, they do attend all the lectures and teach well. But still not good enough for anyone's career. In a nutshell, you can choose this college if you don't have any choice. But in my opinion, get up and go out from this city if you don't want to waste your precious time.

Other: Nothing much to tell. In my opinion, even if something happens it's boring like hell. Farewell and youth festival, nothing is interesting enough to be part of.

Punjabi University Patiala is one of the best universities in Punjab.

Placements: The pass percentage in college is 70%. The highest salary package offered is 10 LPA, the lowest is 7 LPA and the average is 8-8.5 LPA. About 96% of students got an internship at Amazon and Google etc. College is very good. I'm happy student to have admission to this college.

Infrastructure: The infrastructure of the college is very nice. The campus is neat and clean. The campus is fully environmental and under CCTV. Ragging is prohibited on campus. Food quality is very good in the hostel. Games like football, cricket, hockey, volleyball, kabaddi, etc. are conducted. The ground is very nice.

Faculty: All teachers are helpful. All teachers have a master's in their subjects. All teachers have superb teaching quality. Semester exams are a little bit difficult. The pass percentage is around 94 to 98 percent. All teachers have a wonderful nature and they are very close to their students.
