Organises the best events in whole city.

Placements: Around 20-30% get placements with package between 3 lacs to 6 lacs.

Banking companies like ICICI, SBI and many localized banks are the top recruiters. 75-80% get Internships at pvt. firms of Surat and at localized banks. Top courses includes BBA BCA B.com.

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 18-Aug-2022.

Infrastructure: All the classes are well-equipped with smart teaching facility and Wi-fi all around the campus. A library containing many books. Actually we don't have hostel facility. But there is a good canteen area which serves good and hygienic food. Campus is huge to organise events.

Faculty: All the teachers are qualified and experts in their fields. Many teachers have also obtained doctorate degrees. They provide practical teaching experience which helps students a lot. It makes students industry ready, semesters are not that difficult, pass percentage is >95%.

Other: Best course to do along with any professional course like CA CS. One of the best college in Surat for events. Other college students literally cry that they can't SDJIC events.

Everything about my college.

Placements: Our college is Surat based and operates very well. It includes a lot of events and activities and is one of the best colleges in Surat. But the placements are not at a great pace because it's just a BBA course, not a Masters degree. Also, because it's not as renowned as MU colleges. But one day it will be better.

Infrastructure: It has a good campus which includes not only the college but sports arena like basketball, volleyball, table tennis, badminton, kid's arena and a canteen (which isn't working currently due to Covid) as well. The classes are huge and spacious and even the teaching methods used by professors are great.

Faculty: As I have already said that the way teachers and professors support and teach is next level. They themselves are highly experienced personnel and always find a new way to explain. They explain with a new method every time.

Other: In short, everything is good. College conducts nice events and activities. It has good interior and supportive teachers.

SDJ International College is worth the money paid.

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 18-Aug-2022.

Placements: Our college is not a good one in providing good placements to the students. Generally, not many companies visit our college for the placement process. Most of the students either want to study higher, or they want to start up their own business. Students looking for jobs are very few in our college.

Infrastructure: It has a decent infrastructure. There is a huge basketball setup. You can also play cricket around that place. Our college has a big garden too. They keep the garden very clean. It also has a huge library. It provides every kind of book which students need.

Faculty: Faculty members of our college are good enough. They all have done masters or Ph.D. in their respective fields. They teach us very politely and are very kind to us. They support students if students are having any discomforts. I want to pursue an MBA degree so I chose the BBA course. It helps me to understand the business properly. Our course exams are held in every semester and are a bit tough.

BBA means SDJ International College !

Placements: Placements here in our college are average or below average. Generally, companies do not visit our college often. Students have to go to companies by themselves. In our college, most of the students take admission for the regular events for which our college is well-known.

Infrastructure: Our college does not owe the hostel. Most of the students here in our College are from Surat. So, there is no point in building a hostel in the college campus. For my course, there are several facilities available in the College. Our college owes a big library where you can find all the books you need.

Faculty: Every faculty member in our college is fantastic. Their teaching method is exceptional. They clear each and every doubt of each and every student. They have done PhDs in their respective fields. My course is absolutely relevant to the ones who want to involve in the business industry. Exams were quite easy if you had studied properly a week before the examinations.

Review of SDJ International College.

Placements: SDJ College doesn't provide placements, and students mostly join for events. We get summer and winter internship projects, but there is nothing for placements. No companies come for recruitment. But it makes you equally ready for placements in companies if you work hard.

Infrastructure: The college has good infrastructure and facilities like computer labs, Wi-Fi, library etc. It has a canteen and many other facilities for students. The college has a help desk. The classrooms are ventilated and have projectors and other facilities.

Faculty: The teachers are very helpful, extremely qualified and knowledgeable. They teach very fluently and also provide proper notes. The semester exams are moderate. The pass percentage is 35%. Teachers also provide help even after college.

The college is overall good for one to have good experience and lots of memories.

Placements: As I am studying in the final year, I am not well aware of placement facilities, but it does invite many companies, and a Japanese company was also invited, which hired many students for internships. The packages are quite good. Coder, website developer, etc., roles are offered.

Infrastructure: It is a very good college for academics as well as sports and other co-curricular activities. The infrastructure is good for students to study and hang out with friends. The classrooms are bright and clean. The feel of being at college and learning new ideas at each moment is the core of SDJ International College.

Faculty: I chose BCA because I want to become a web developer. All the faculty members are awesome, and their lectures are simple and good. Almost all the faculty members are PhD holders. Internal and external exams are conducted, but sometimes, exam papers are tricky. I felt good to attempt the exams.

Other: After 3rd year, you can get leads for placements. There were placements due to Covid-19. Inferno, WOW, Komenizo, Ultimo, SDJ Cha Raja, etc., are the events conducted at SDJIC every year and are managed by the students only. The whole teamwork is done to make every event a success. SDJIC is famous for its events among all the colleges.

It's one of the best colleges in South Gujarat, with amazing infrastructure and great culture.

Placements: I have seen nearly 50% of students getting placements from our college of our senior batches. I am in my last year of the course, and placement opportunities have already started providing. In the current pandemic situation, I think opportunities for placements are above average in Surat.

Infrastructure: There is a basketball court on our campus. Classrooms are also spacious, and benches are comfortable to sit in. The library is huge, and the canteen facilities are great. Wi-Fi facilities and computer labs are available in our college. There are also projectors in every classroom for a better learning experience.

Faculty: Some faculty members here are great, and some faculty members are average. Our college follows the curriculum as per VNSGU, which is relevant for almost all colleges in South Gujarat. The quality of our internal exams is good, and the teaching quality of faculty members is also good. Overall, the academic level of courses in our college is above average.

★★★★★ Placements 3 ★ Infrastructure 5 ★ Faculty & Course Curriculum 5 ★ Crowd & Campus Life 5 ★

I am satisfied with the college because of the faculty members.

Placements: Around 10% of the students can get jobs in the placements in a particular company. So, it's better for students' aptitude and attitude. The salary packages offered vary from 5 LPA to 6 LPA. So it's a very big amount for students as they are offered in bachelors degree.

Infrastructure: There are a total of five computers labs and laboratory sectors. There are very big and complex events for the study with action and activities. Our canteen is the best place because it serves the best food. It is an interesting thing about our college.

Faculty: In our college, faculty members are very senior. They all help students and are always responsible. They can get more study options abroad and get chances to the exam of CMAT.

Other: It is the best campus.

Our college has good environment for studies events and extracurricular activities.

Placements: In the current year, Divya Bhaskar and some other IT companies come for campus placements. We were offered roles of developer, designers, Android developer, web developer, etc.

Infrastructure: The infrastructure of our college is very good. We have one library that

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 18-Aug-2022.

contains all course books and other books also. There are two computer labs with Wi-Fi enabled, and all facilities are there in labs. There is a sufficient number of computers available so that each student gets a personal computer. Our college provides huge neat and clean smart classrooms that have projectors installed.

Faculty: Our college faculty members are very helpful and all are either holding their Ph.D. or perusing their Ph.D. in specific fields. Teaching quality is also good. The course curriculum is relevant and with some more practice, it makes the student basic industry-ready. Semester exams' difficulty level depends on individual preparation and qualifies marks depend on it.

Other: I chose this course for the IT Field. Our college is famous in the city for its events and extracurricular activities. We have a lot of state-level events.

This is the best college in all aspects.

Placements: In this college, no any different packages were there, and same packages for every student. Students can apply for scholarship programs in government schemes. There was no placements program in this college. Students can apply in commercial industries in the finance department, and can be a teacher in the teaching field for accounts or statistics subjects in which they were knowledgeable.

Infrastructure: Good quality food was available in the canteen. No medical facility, sports, and indoor games were also available. After lectures, students can play games of their interest. There was no hostel facility, and classrooms were well designed with modern teaching technology.

Faculty: All teachers were well qualified in their fields. The best quality of teaching was provided with projectors and sounds. The exam's difficulty level was medium. This course was relevant to finance-related jobs, and students can also do their own business with the help of this course knowledge.

Other: In this college, they organise an inferno for showing the talents of students.

Review of SDJ International College.

Placements: As I am still studying in SYBBA, I do not have any idea about the job placements provided by our college. Not many companies visit our college to provide placements. There are very less chances to get jobs in various companies from our college.

Infrastructure: There are all kinds of books and journals in the library of our college. There is a basketball set up on our campus, and you can also play cricket on the campus. There is no hostel in our college.

Faculty: Our college has a fantastic education system and is very friendly for every student. Every faculty member here is phenomenal. They prepare every student perfectly for the university examinations, so students academic results are excellent. Faculty members solve every doubt of students. They give their best efforts to prepare students for the examination. They all have done masters or PhD in their respective fields, and their teaching method is fantastic. Term exams were conducted on a regular basis and weren't difficult to pass due to the efforts made by our faculty members for us. They also help us to develop our personalities.

Other: I chose this course as I am interested in doing business management.

It has the best infrastructure and well-qualified teachers. Salary packages offered are not high.

Placements: About 60 to 70% of the students got placements through our college. Generally, only local companies visited our college for campus placement but not multinational companies. The salary offered is also very less. The highest salary offered is approximately Rs. 30,000 per month, the lowest salary offered is approximately Rs. 3,000 per month and the average salary offered is approximately Rs. 15,000 per month. Most of the companies offered jobs related to marketing only. Finance students also get a job of marketing only, which help them to sell the product of that company. Every student can do an internship through our college, but many students are not ready to do it because most of the internships are unpaid. Top recruiting companies visited here were Zomato, Swiggy, etc. The insurance-related company also visited here.

Infrastructure: Infrastructure: The infrastructure of our college is the best. They have a basketball court, volleyball court, garden, sports room, etc. They also provide an assembly

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 18-Aug-2022.

where many functions are held, and they have private parking for students to park their vehicles easily. They also have a library room for studies, and students can easily issue books, novels, etc. , for reading. Computer labs are also available here for doing computer-related work like projects. Our college also has good canteen in the basement where students eat and hang out with each other when they are free.

Faculty: Teachers of our college are very helpful, and they also help their passed out students if they have any doubt related to studies. They are very friendly with their students. They are highly qualified and teach us on the smart board, which helps students to gain extra knowledge. They also conduct seminars for students where teachers share their experience and provide extra knowledge. They also motivate students to participate in extracurricular activities which helps us to refresh our mind.

Other: I have chosen this course because I want to do business in future, and a Bachelor of business administration helps students to gain extra knowledge related to business activities. BBA and BBA provide knowledge which we are doing in business, and we can expand our business after getting the knowledge. It is the best course for a person who wants to do business in future. Our college organises many events like Inferno, Pre-Inferno, intra-college tournaments, etc. The best event is Inferno, where many students participate in competing with each other. Many other colleges outside the city also visit here to participate in this event. Many times Gujarati film directors and celebrities also visited our college for their movie advertisement.

It is a good college for BBA students, and its service is also good. I would recommend it.

Placements: The placements in SDJ are average. About 75% of the students got placed from our course. The highest salary package offered here is 6 LPA, and the average salary package offered is 4 LPA. The lowest salary package offered is 1.5 LPA. Top recruiting companies here were Divya Bhaskar, Reliance, etc. About 30% of the students got internships from BBA. Top roles offered here were digital marketer, product manager, etc.

Infrastructure: The infrastructure is good here, and there is Wi-Fi. Classrooms are well developed, and the seating arrangements are proper and settled. There are games courts, table tennis and lawn tennis. The canteen is also good with proper hygiene and quality food. Medical facilities are good.

Faculty: The teachers here are really good. They are very kind and friendly with students. Their way of teaching lectures is really awesome. Sometimes, they also tell you some crazy facts, and their teaching quality is good. The course curriculum is also relevant to today's market, and it provides a base for the industry.

Other: I have chosen this course because of its faculty members and the timing of college, i.e., from the afternoon 1 pm to 6 pm.

SDJ is among the top 5 colleges of Surat. You should surely consider it for more opportunities.

Placements: Academically top 10 students of our class were placed in Pune-based MNCs. About 30% of the total students were placed from here. The rest of the students chose different fields, and every student got recruited somewhere and has jobs. Even academically weaker students managed to get a second class in exams. The faculty members were more helpful to them.

Infrastructure: The infrastructure of our college is top-class, and every classroom is equipped with screens and comfortable seating arrangements. There are multiple labs, and there is also a library. There is a canteen with a huge range of food items, and sports and games courts are also available. There are table tennis and a lawn tennis court. The parking place is huge all around the college. Medical facilities provided here include first aid.

Faculty: Teachers here are highly qualified and very helpful. BCA course gives enough practical knowledge to grab an opportunity in the market. The course curriculum is less relevant to the current market. However, it provides a base for the languages which are

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 18-Aug-2022.

currently used in the market.

Other: An annual fest named WOW is celebrated every year. Scholarships are provided to academically top students as well as financially needy ones. The college is at a walkable distance from the main road. It is nicely connected to public transport.

I am dissatisfied with security. It had enough area for enjoyment and the best faculty members.

Placements: In our college, nearly 80% of the students were placed from our batch. The salary package offered started from around 1 LPA and ended up to 5 LPA. Top recruiting companies of our college included Divya Bhaskar, Motilal Oswal, Reliance, banking sectors, etc. Top roles offered to the students of our college were of administrator and professors. Almost 60% of the students got an internship from our course in companies like L&T, ONGC, Laxmipati and GAIL.

Infrastructure: Our college surpasses every college in infrastructure and facilities by providing the best labs, classrooms, canteen, library, plantations, internet, sports academy, etc. We have two buildings in our college in which one for academics and the other for sports, and they both stand excellent in terms of quality.

Faculty: Teaching quality was way beyond my imagination. Teachers were helpful, but the way they taught was not good. However, students found it easy to cope up and grasp things easily. Moreover, they were friendly and paid special attention during the semester exams.

Other: I have chosen this course because I had a keen interest in the business from the beginning, and it is in my passion, so I was indulged in bachelors of business administration. The best thing about our course is it is easy to grasp subjects.

It is the best commerce college if you don't want placements.

Placements: There are no placements in our college. Only a few students get internship opportunities, which are arranged by faculty members and that too in local organisations. There is no formal placements process in our college. Students join SDJ college just to get a bachelors degree.

Infrastructure: The infrastructure of classrooms, ground, atrium and administrative department is decent compared to other local commerce colleges. But there are no hostel and mess facilities as almost all the students are local residents of Surat city. Apart from that, our college canteen is very hygienic, which provides a variety of snacks at student-friendly prices.

Faculty: All the teachers here are doctorates in their respective fields and are highly experienced. They all are very cooperative and maintain a good relationship with students. The teaching pedagogy of SDJ college is very great compared to other local colleges. Our college provides ample sports and other extracurricular activities apart from the curriculum.

Other: I chose SDJ college over other colleges of Surat because it provides maximum opportunities for growth and development and has a good reputation in local level colleges. Our college organises Inferno fest every year in January month, which is a student-driven fest. This fest attracts thousands of people from across the city to participate and interact. Our college provides a good platform to showcase and improve your interpersonal skills and your overall development.
