Review of Udhna Citizen Commerce College.

Placements: Our college is affiliated with the veer name of south Gujarat university. The

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 18-Aug-2022.

placements are not good in this college. Students get only a degree after their graduation.

Infrastructure: In this college, the infrastructure is below average. There is no cafeteria or canteen in the college. Even there is no parking facility. Our college premises doesn't include any programs.

Faculty: Faculty members of our college are the best. The semester exam is difficult, and only 29% of students got passed in a recent exam. The course doesn't make the student ready for industry, they are just making the students reading and writing machines.

Teachers are the best in their field.

Placements: Placement means nothing here, no recruiter come here they just provide you a degree of Bachelor programme whatever you are doing and then go and search for a job on your own, even the staff are of full of ego. They all have some ego problem I don't know why.

Infrastructure: There is no hostel. Library is there. Sitting in campus is not allowed. In the library you will never get newly published books. You will only get books which are old published. They treat us like a school student.

Faculty: No doubt, teachers are the best in their field. The only problem is they all have some ego issue. But if you think they will make you industry ready then you are at wrong place. Most important. The pass percentage of the recent semester is only 30%.

Absolutely satisfied. Good placements including nice infrastructure and facilities.

Placements: Qualified and experienced lecturers. Good atmosphere. Almost 95% students got placements in this college. Top recruiting companies like NJ Consultancy, etc. visit here for recruitment.

Infrastructure: The college has free Wi-Fi. Canteen's food is good. Library arrangement is excellent. 2 big computer labs are available in the college. The college is great in sports.

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 18-Aug-2022.

There are 3 floors in the college with around 50 classrooms. Good medical facilities are available in the college.

Faculty: The courses are excellent here. Exams are average in difficulty and the pass percentage is 50. Teachers are fully qualified with experience of more than 6-7 years. The course makes students ready for the industry. I recommend students to take admission in this college.

Other: Excellent atmosphere.

3.8 ★★★★★ Placements 3 ★ Infrastructure 4 ★ Faculty & Course Curriculum 5 ★ Crowd & Campus Life 3 ★

It is the best college in my locality.

Placements: Since the college is only for undergraduate courses, the chances of placements are relatively low than other colleges. Still, they try to conduct placements of local companies. The salary package offered in our course is below average. Faculty members have made an internship compulsory for B.Com students since we deal with accounts.

Infrastructure: The infrastructure of our college is at par with most of the colleges in this city. There is a huge library with an occupancy of almost 100 students. Classrooms are clean and well-maintained. There is a canteen which offers the best fast food at low prices and of awesome taste. Sports facilities are also available here.

Faculty: Faculty members in our college are well-qualified with respect to their departments. Their knowledge and experience are vast. Almost all teachers are PhD holders. The teaching methods of teachers is unique and supportive. They do not make students industry-ready. The pass percentage is 35%, and most of the students pass the exams.

Other: I have chosen this course because I am going to pursue MBA in future, so accounts and statistics would become handy for me. A freshers party is organised every year by different groups.

★★★★★ Placements 2 ★ Infrastructure 5 ★ Faculty & Course Curriculum 5 ★ Crowd & Campus Life 5 ★

The college has good and well-qualified faculty members.

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 18-Aug-2022.

Placements: The placements in our college have always been less because it offers only three courses, i.e., B.Com, BBA and BCA. But from this year, a central placement cell will be constituted, and students will be given a chance to get placed from campus. Internship opportunities are very good.

Infrastructure: The campus is very eco-friendly as it has a number of trees. The parking space is ample, and there is a garden for sports and recreational activities. A canteen is also available on the campus, which has a variety of fast foods available at affordable prices.

Faculty: The teachers are very helpful and well qualified to teach us our courses. Their teaching method and quality are great. This curriculum is relevant for those who want to pursue their career in the business and financial sectors. The semester exams are average, and one can pass if studied attentively.

Other: My batch strength is approximately 100. I chose this course as I am interested in the investment and banking sector, and this college is the best in my opinion for these two courses. Scholarships are provided to meritorious students and sports professionals.

There are qualified and knowledgeable faculty members in our college.

Placements: The placement record is not good here as this college is only for UG commerce. Still, students can expect something as local firms visit here to recruit. Internship chances are very low as this is a commerce college. There is not any specific department regarding placements.

Infrastructure: Classrooms and the gallery are very clean here. The mineral water facility is available, along with clean washrooms. You can find monthly magazines and famous authors' books in the library. The computer lab is also quite good. The canteen is also available on our campus, which offers food at low prices.

Faculty: The teachers here are well qualified in their respective subjects. They have been gold medalists of their university during their tenure. They provide enough knowledge to survive in any competition in the industry.

Other: Extracurricular activities are conducted almost every week. There is no problem with connectivity as our college is situated in the heart of the city.

Review of UCCC and SPBCBA and SDHGBCBA and IT College.

Placements: Sometimes, our college conducts placements, and many students have participated in placements. They got selected in companies for work by their own abilities and skills. I don't know about the salary packages because it is in privacy.

Infrastructure: Our college canteen is very good, and a vast library is available here. Our college has a huge ground, and it is a huge campus with 50 classrooms. The food served here is good. Spacious classrooms are available, and computer labs are also available. Overall, it is a good college.

Faculty: There is a perfect faculty members team in our college. They are very helpful in nature and good for students. Students in our college are provided with many tricks and fun activities. Teachers generally organise sports activities, events, annual function and many other things for students.

Other: I opted for this course to gain IT sector knowledge.

★★★★★ Placements 3 ★ Infrastructure 4 ★ Faculty & Course Curriculum 4 ★ Crowd & Campus Life 4 ★

It is a good college, with helpful teachers.

Placements: The college does help the students in getting part-time jobs. The college doesn't provide campus placements. However, the staff are supportive and help the students in getting good opportunities wherever possible. A good percentage of students got jobs.

Infrastructure: The facilities in our college are good. It has a good parking area, and a canteen at subsidised rate. The library is good with enough books and facilities. The staff are helpful too. The college arranges medical camps, and first-aid facilities are available in the college. Regular sports and events are conducted.

Faculty: The teachers have good knowledge and help the students a lot. Regular lectures are conducted with giving attention wherever required. Doubt-solving sessions are also conducted. The teachers are available even after college hours to help students. They all

Joining here is a waste of money and time.

Placements: Many students got placed in our course, and the percentage is around 70%. The highest package offered is 1.5 Lacs per month, and the minimum salary is 25,000 per month. The top recruiting companies are Bajaj, Yamaha etc. 50% of the students got internships.

Infrastructure: There is no Wi-Fi in the college. The labs are not much good. The classrooms are not very clean and don't have ACs. The library is also very small. The canteen is very expensive, and the food is not much good.

Faculty: The teachers in our college are quite good, but they used to hate students who speak other languages. They are very rude. Their teaching method is good, but they don't focus much on students. They just teach and leave the class, which is not good.

★★★★★ Placements 4 ★ Infrastructure 4 ★ Faculty & Course Curriculum 5 ★ Crowd & Campus Life 5 ★

I am satisfied with our college, and teaching and placements facilities are also good.

Placements: Almost 75% of the students prefer B.Com course in which 50% of them are girls, and 25% of them are boys. The highest course fee is approximately Rs. 5,000 per semester. Big companies participate on our college campus. Mostly, 50% of the students got internships in the company of Reliance Industries Limited.

Infrastructure: Our college infrastructure is well-designed by knowledge engineers. There are different departments available with different courses. Also, a library and internet facilities are available with computer rooms in our college. Hostel facilities are also available.

Faculty: All the teachers are well-known and knowledgeable. For every problem, they helped students. Teaching quality is very understandable, and all students can easily understand. The curriculum is also relevant in our college, so it is very useful for all students to make a

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 18-Aug-2022.

good career. All semesters are very easy, and the passing percentage is approximately 35%.

Other: In our college, most of the students cleared all exams, with 90% of the students passed. It was my passion to do this course because it has good scope and demand for a good job. The main thing is all teachers teaching is very good, and students can understand easily and clear exams with good technical skills and improve themselves. Scholarship facilities, festivals and events are also available in our college. The campus is also surrounded by top leading companies.

Our college provides good and helpful faculty members.

Placements: There was a placement cell in the college. Only one company visited the campus, with a salary of Rs. 7,000 per month. None of the top companies visited the campus to recruit students from our course, only local companies came to hire. There was an internship programme. Our college doesn't provide any placements.

Infrastructure: The entire campus was Wi-Fi enabled. We also have a library, classrooms and labs. We can use them for lectures as well. Hostel facilities were not provided. The canteen on the campus was below average. Medical facilities were also available. Our college conducted sports day, annual day celebrations and events.

Faculty: Teachers in our college were helpful, well qualified and knowledgeable. The course curriculum was relevant to the industry, and they were designed for industrial purpose. The course curriculum makes students ready to work in the industries.

I am satisfied with college because of teachers as all of them are very helpful.

Placements: About 70% of the students were placed in this course. In our course, the minimum salary offered is Rs. 70,000 per month. About 60% of the students got an internship from our course. Our course students are provided with top-level roles such as general manager and supervisor, and this course enhances students' personality.

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 18-Aug-2022.

Infrastructure: Facilities and infrastructure of our classrooms and our college were up to the mark. In the library, free Wi-Fi is available to all students to make them study freely. Quality of food available in the mess and canteen is amazing, and medical facilities are also provided. Sports and games are also available in the curriculum to increase the self-confidence of students and make their personality very well.

Faculty: All the teachers in our college are very helpful and qualified. All teachers are well-knowledgeable and expertise in their field. Teaching quality is also amazing, and they use different techniques to make students understand. This course curriculum is relevant, and students are ready for a job if they do this course.

Other: I have chosen this course as it was very easy and very effective. The best thing in our course is students' personality get develops, and leadership quality also develops. I wish the college to improve the content of the course so that students can relate the content with the real situation. Our college also organised different events, campus route, scholarship, extracurricular activities, etc.

★★★★★ Placements 1 ★ Infrastructure 5 ★ Faculty & Course Curriculum 5 ★ Crowd & Campus Life 5 ★

Our college has a good infrastructure and also facilities.

Placements: B.Com is a very moderate course. Our college doesn't provide any placement for that course, and students never try for placements. Almost students are pursuing B.Com here for namesake only, so placements are not much important. If you want to pursue B.Com for placements, then I will not suggest this college.

Infrastructure: In this college, there are almost all types of facilities like a huge library with all types of books for reading. Classrooms are hygienic, and the benches are good. Wi-Fi facility is available, and there are no labs. The hostel is not available, but you can stay in nearby PG. Sports facilities are the best here in whole Surat.

Faculty: Faculty members are very good, helpful and have good behaviour. Recently, one teacher decided to go to Tokyo, but it was cancelled due to Coronavirus. All teachers are good, and mostly they published their own book so you can imagine their knowledge. B.Com is a normal course, so students don't pursue B.Com for a good job.

Other: Our college organises event regularly, and there will be cleanliness regularly.

2.6

★★★★★ Placements 3 ★ Infrastructure 2 ★ Faculty & Course Curriculum 3 ★ Crowd & Campus Life 1 ★

I do not recommend this college for students because it has a very poor crowd and faculty.

Placements: About 30% of the students from our course got placed. The salary package offered was 1.5 LPA. Local companies of Surat visit our campus for placements. Students don't go much to the college as they also do other courses. Very few students from our course did an internship. Roles like bank accountant, telecaller and salesperson are offered to the students.

Infrastructure: The college does not provide Wi-Fi facility and labs. Library and classrooms were average. Canteen is available, but it is very small. Toilets were not hygienic. The water facility is also not good. The college offer courses like BBA, B.Com and BCA. The college is affiliated to VNSGU.

Faculty: Faculty members teaching quality was average. The course curriculum does not make students industry-ready. Professors were not up to the mark. They use vulgar language, and I did not find them that helpful. They were qualified. Faculty members of the BBA course were very good.

Other: I have chosen this college because I just wanted to do a B.Com course, but I did not get a better college as I was from CBSE background from the Gujarat board college. Events, fests and other activities are not conducted at our college.

★★★★★ Placements 1 ★ Infrastructure 4 ★ Faculty & Course Curriculum 4 ★ Crowd & Campus Life 3 ★

The college is strict, but faculty members are helpful.

Placements: Around 300 students are studying this course in our college in a single year. There are no campus placements, and there are no recruiting companies. Roles and salary package are not offered to the students. A few students got an internship in Bajaj Finance.

Infrastructure: The college has an in-house library, Wi-Fi and clean classrooms. Reference books for various courses are available in the library. Sports equipment is adequately available here. Hostel facilities are not available when we were studying. Caren food is average.

Faculty: All the teachers in our college are highly qualified and knowledgeable. If the student is interested, then faculty members will provide full learning support to them and help them in various fields. The course curriculum is not much relevant, but you can be an accountant. For an accountant, it is a sufficient course.

Other: I have chosen this course because it provides a bachelor's degree with least studies. I was pursuing CA at that time, so I didn't need to study properly for it and can simultaneously get the degree. The college should provide assignments which should be helpful to the students so that they can do it properly. All the students just copy the whole thing. The campus crowd is average. Events and tests are organised each year at our college. Extracurricular activities are also conducted here, which also covers everything.

It is the best college in Surat.

Placements: Almost 100% of students are placed. The package is dependent on our company and student performance. Students show better performance to the package is high, and that performance has medium so the package is media. So that is dependent on student skills.

Infrastructure: In our college facilities and infrastructure are best. It provides a big computer laboratory and is working is the best so that course-related team is available and so that team is usefully and students use many time.

Faculty: In our college, faculty members are the best and helpful for teaching and learning. The semester exam is hard but our teacher's practice is best and teaches easy so the semester exam is very easy for our college and students.

Other: In this college, events are held.

Our college has helpful teachers and staff members.

Placements: There are approximately 70 to 100 students in a division. Many companies

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 18-Aug-2022.

visit the campus to hire students. Teachers also help to get internships.

Infrastructure: There are labs available on each floor. College has a library, campus, canteen, and recreation hall. The staff is very helpful. Every teacher has a unique personality and perspective and they help students very decently and carefully. Teachers provide notes at a proper time. The library is a huge and peaceful place for learning. A huge amount of space is available to play games.

Faculty: Teachers are very helpful, qualified and much experienced too. The course curriculum makes students helpful to be industry-ready. They provide internships too. Every year many students get selected for internships which are held by the college with a huge package.

It is a good college for B.Com in Surat.

Placements: I am from the B.Com course, and it is in demand for many government jobs, corporate jobs, and interviews. Almost 52% of the students got placed last year in companies like Kotak Mahindra, Muthoot Finance, Larsen & Toubro Finance, etc. Around 67% of the students secured internships, including on-campus and off-campus. Top roles offered include junior clerk.

Infrastructure: The institute lies in the center of Surat city, enjoying every requirement of students. Since Wi-Fi is available across the campus, connectivity is great. Labs are average, but classrooms are airy and comforting. The library is enriched by course books and literature books. Buildings are a few years old, but they are not ages old. There is only a volleyball court in the sports section, which can be a disadvantage in the infrastructure part. There is no college canteen on the campus, but there are lots of breakfast and lunch shops outside the campus.

Faculty: Faculty members are great, helpful, and friendly. The course curriculum is also updated and meets the requirements of market needs. I enjoy the syllabus and exams. Exams are also moderately tough, and 33% is the passing percentage. Faculty members also provide guidance to become industry-ready with their years of experience in the same field.

Other: This institute is great for students who reside locally in Surat and not bad for students outside because they can find a better option than this institute in their locality.

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 18-Aug-2022.

So, there is no need to change the city. The course will be great if the curriculum includes some of the latest economics magazines as a reference for analysis and research.
