I am somewhat satisfied with college facilities and infrastructure.

Placements: About 50-60% of students in college belong to B.Com course. The average salary you can get is 10,000 to 30,000 per month (only if the course is cleared), and it may be a little more. People work independently or work under their employer. People can get internships in local business as it depends on the level of your course and grades that

matter. The student, after clearing the exams, can either opt for higher studies or join any business in which they can be offered accounting, banking, marketing, or work under HRM.

Infrastructure: The facilities are quite good with huge classrooms and a beautiful campus. It may be the only college with such a huge campus in Surat. Teachers teach on the whiteboard with a marker. The canteen offers above-average food at reasonable prices. Sports and games facilities are below average. I haven't seen any specific medical room, but medical facilities are available. The college also has a big library with many books. Wi-Fi is available, but it is not open for students. The college usually celebrates events.

Faculty: The teachers are very polite and experienced. They are always ready to help the students, even with personal decisions. Quality of teaching is good. They are qualified and have great knowledge of their subjects. This course curriculum is very helpful for students.

Other: I chose this course because I want to go for higher studies like M.Com or CA after this course. CA and B.Com are a bit the same, which give you an advantage over your studies. The college should start teaching students on smartboards using practical examples.

The infrastructure of our college is good. It provides a library, ground, canteen and best faculty.

Placements: About 60% of the students were placed from our course. The highest salary offered in our course is Rs. 22,000 per month. The lowest salary offered is Rs. 12,000 per month, and it depends on the subject. Our college invites recruiting companies for our course. About 70% of the students get a chance to get placed in top companies. Our college supports students to achieve their goals.

Infrastructure: Daily neatness and cleanliness are maintained in the classrooms as well as on the ground floor. The infrastructure and all the needed facilities are provided in our college. Books are easily provided by the library. Our college also has a canteen, and it provides a 24x7 water facility. Our college provides medical facilities, sports and games. Our college has a huge ground for playing games, and the campus also provides a parking facility.

Faculty: The teachers here always help to solve students' queries about the subject. They always give the best ideas regarding questions, and they teach in an easy method. The

teaching quality is good, and in every lecture, students learn something new. Some professors also teach us about practical life. Teachers teach in a friendly way.

Other: I have chosen this course because I want to join a government job. The quality of books and content provided here is improved. I wish that our college should always support their students for a better future.

The college provides peaceful and decent studies.

Placements: There is no guarantee of placements in our college because people think that B.Com degree is not that much valuable. We can get a job after completing B.Com, but it is not that satisfactory. Any person can't get a job only after completing B.Com.

Infrastructure: Classrooms in our college were very neat and clean. The infrastructure of our college has all the needed facilities. Books were easily available without any delay from the library. Our college also has a canteen. Many things were good, but some items were not satisfactory.

Faculty: As compared to other big colleges in our city, our college provides great faculty members for studies. All the teachers were professionally-trained and skilled, and students are also willing to study. Faculty members were very good, but many students don't want to study. In every lecture, I understand something new. Especially, professors of economics always teach us practically about life.

Other: I have chosen this course because I want to join in a government job, so graduation in any field is required. I wish that our college doesn't hide anything from their students.

If anyone wants to get a good education, then join this college.

Placements: About 50% of the students got placed in B.Com course. About 20% of the students got placed in the BCA and, about 30% of the students got placed in the BBA course. The course package is average. Many recruitments are not done in the B.Com course. I think all courses are best here. We have to decide what is good for us and choose the best course regarding market requirements.

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 18-Aug-2022.

Infrastructure: For the B.Com course, there is no lab or computer. For BBA and BCA courses, our college provides many computers and labs. Our college does not provide a hostel facility for outside students. The canteen facilities are not so good. Medical facilities are not available. Sports facilities are average.

Faculty: A great advantage in our college is the professors. All professors have good teaching knowledge. They teach us in a very easy method for our understanding. All teachers are helpful. I never faced any problems in our college. We need not take extra classes if we study properly in college.

Other: I have chosen this course because it has many advantages.

I am satisfied with this college. It is the best college in Surat for the B.Com course.

Placements: Above 60% of students get placed in the B.Com course. The salary package offered to students depends on their skills and knowledge in the particular field. The highest salary offered in this course is Rs. 45,000 per month, and the average salary offered is Rs. 30,000 per month. The lowest salary offered is Rs. 10,000 per month. The textile industry, chartered accountants, auditors, and financial advisory companies visit our college to recruit students. Students who score above 60% based on their skills and knowledge are called for an interview by the chartered accountant, auditor, and financial advisory. Roles like accountant, auditing, etc., are offered to the students.

Infrastructure: The best thing about this college is the infrastructure. I liked it the most because the infrastructure of this college looks like IIM, Ahmedabad. The college is surrounded by plants, trees, etc. It has a healthy environment. Facilities like Wi-Fi, gym, auditorium, classroom, library, etc., are offered to the students. The library includes different kinds of books, novels, newspapers, etc. The college has its own canteen, and in the canteen, we get different kinds of fast foods like samosa, pizza, dhokla, etc. Medical facilities are too provided from college. The college has two grounds, and many tournaments are also held like cricket, football, volleyball, etc. The sports room is also available for indoor games like chess, table tennis, etc.

Faculty: The teaching faculty members in our college are the best. Teachers are highly qualified, knowledgeable, and helpful. Faculty members teach from the outside books too to

get more knowledge about what is going in the present time and to relate in your life to be the better version of yourself. The course curriculum is relevant, and it makes students industry-ready too after the completion of B.Com as an accountant, auditor, etc. Semester exams are average. If you study and work hard, then you can clear the exam and score a good percentage. The pass percentage of this course is above 60%.

Other: I have chosen this course because of improving my skills and getting better knowledge about accountancy, business, and economic fields. I am a CAT aspirant, so I can get much time to prepare for my exam and manage time. By doing this course, you can be good in the management and accounting field. The college conducts many events and fest during the year. The campus surroundings are healthy. It is surrounded by plants and trees. Scholarships are also provided from college. Many extracurricular activities are also held here.

This is the best college of commerce.

Placements: Around 50% of students are placed in our course. The highest salary package offered ranges from 2 LPA to 5 LPA, and the lowest salary package offered is 1 LPA. The average salary package offered is 2.5 LPA. Around 50-70% of students get internships in different fields.

Infrastructure: In this college, best facilities are provided like Wi-Fi, and the best classrooms with advanced laboratory. Library is also available in the class. It also provides one canteen, but a hostel facility is not available. The cricket ground is also provided.

Faculty: Faculty members are experienced and very helpful. They are the best and knowledgeable. Teaching quality is the best and the problem-solving skills are the best. The exams are the most difficult, if students prepare well, then it will be very easy.

too. So, we didn't get any companies here for jobs.

Infrastructure: The classrooms are huge, but the walls are not painted. Smart education facilities are not provided. We have a library too. The canteen offers quality food, but the crowd is not good. The campus has an average cricket ground and a basket court too. Regular tournaments are conducted.

Faculty: The teachers are very humble, very good and knowledgeable. They have a great teaching style. The corridors and buildings are huge and great. The parking space is good. Semester exams are difficult. I tried so hard, but I got only 55%.

Infrastructure is the best, but there are no placements.

Placements: Our college does not provide placement opportunities. It is affiliated with VNSGU and doesn't have much value. I would not suggest this college if you are thinking of any placement opportunities after graduation. There are many colleges that are not affiliated with VNSGU and have more value.

Infrastructure: The infrastructure of our college is better than every private college in Surat. Classrooms are neat and have a perfect environment for studying. The library is well-maintained and very good. Our college has one of the best grounds in Surat. Hostel facilities are not available.

Faculty: Our college teachers are very helpful and very good at teaching. Teachers give their best at improving students' knowledge and experience. As the college is affiliated with VNSGU, exams aren't that hard in every course, and passing marks are also only 33%.

Review of Ambaba Commerce College.

Placements: I'm pursuing B.Com, and I don't know about placements. Our college professors support us if we don't get any new opportunities for our career.

Infrastructure: The infrastructure of our college is excellent. Every facility is available in our college, like a playground, gym, free Wi-Fi, smart classes, full furniture, well-managed library, a huge parking area, canteen, good environment etc. The college has the best sports.

Faculty: The college has a lot of faculty. It also involves different activities after playing sports. All the activities are conducted in our college, like parties like Musical Morning etc. Our college hours are from 7 to 11:30 pm. There are lots of activities at the time. Our college has a total of three lectures. After that, we can play games.

Our college is the best to enjoy college life with best infrastructure and facilities.

Placements: College does not provide campus placement opportunities because it has no tie up with companies. Some small businesses visited for on-campus placements. Around 10% of students got placed. There is no systematic placement cell to competition off-site campus drive.

Infrastructure: College infrastructure is well designed. It has a huge library and playground. Surroundings are full of greenery. It has a big, neat, and clean classroom. It has a big parking space for bikes and cars. Wi-Fi is only for teachers and in computer labs. Food served in canteen is excellent.

Faculty: Teachers are highly qualified and most of them have completed their Ph.D. They were concerned about students knowledge and quality of education. The curriculum is relevant to the industry and makes students ready for the industry. Semester exams are easy for those who study passionately and hard.

Other: I chose B.Com because I want to do be a pgt teacher in commerce. I wish that our course can impart more practical knowledge than bookish so we become industry-ready. Lots of events and festivals are celebrated. Freshers day, signature day, red black day, kite day, chocolate day, etc., are organised. Scholarships are available for students who belong to the reserved category. Lots of extracurricular activities like sabagam premier league, mehndi competition, singing competition, and lots of things are held.

The faculty is good, the infrastructure and other facilities are excellent.

Placements: High number of students are placed in my course, the salary in my course is not fixed. It depends upon individual capacity, various companies come for the placement in our university, few people get Lacs of package in campus placement, the mainly accounting companies come.

Infrastructure: The infrastructure of my college is excellent, every facility is available in my college like playground, gym, free Wi-Fi, smart classes, full furniture, well managed library, wide area of parking, canteen, good environment, etc. The quality of all the facilities are excellent and the technology are upto date and management is very good.

Faculty: The teachers taught all the lessons in a very well and organised manner, they cleared our all doubts and they taught us how to score well in exams and they teach in three different language (English, Hindi and Gujrati). Yes, the quality of teaching is good and the course curriculum is relevant. Yes, it make the student industry ready.

Other: As B.Com is normal course, and it is required for further courses. The quality of books and content can be improved. Events, fest, crowd of campus and other co-curricular activities are very good.
