Overall, Pandit Jawaharlal Nehru College is value for money.

Placements: The average placement percentage is 90%. The highest package offered is 5

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 07-Sep-2022.

LPA, and the average package is 3 LPA, and the lowest package is 1.5 LPA. The toppers of our college got internships.

Infrastructure: The infrastructure available for my department is good, but Wi-Fi is not provided for us. The lab is good, and the latest technology is available. The classrooms are very clean and smart. The library has most of the books required. The quality of facilities in our college is pretty good. The food available in the canteen is good and hygienic.

Faculty: The faculty members are very helpful and highly qualified and very knowledgeable. The teaching quality is very good, and we can easily understand. Semester exams are not too hard, but some subjects are difficult. The pass percentage is 40% or above. An average student can also easily get good marks.

Pt Jawaharlal Nehru College.

Placements: In this collegethere are 85% chances of placements. Mostly students are take 15-20 Lacs. Top recruiting companies of this college is Zenpack, amazon, flipcart, snapdeal etc. Most of the students are take internship of 15-20k in the college and most companies offered work multinational companies.

Infrastructure: The facilities amd the infrastructure of this college are good. Labs, Classrooms, library are maintained of this college. The labs of this college are very advanced in chemicals. Biology etc. The facilities if the hostel are also very good. Students of this college can enjoy in the canteen in very less in charges.

Faculty: Teachers of this college are very good in nature and there are many staff and faculty in this college who help the students in studies nad extra curriculum activities. This teachers also mame the students ready for industry. The semester exam of this college are very easy to attempt. Students can easily give their exam by reading previous year exam.

Other: I choose this course because I interest in IT companies. In this we can learn about coding and advanced coding. Students of this college are also able to make software through advanced coding.

Our college provides knowledge for students.

Placements: About 53% of the students from our course got placed. The highest salary offered in our course is Rs. 70,000 per month and the lowest salary offered is Rs. 30,000 per month. The average salary offered is Rs. 40,000 per month. Multi-level companies visit our college for placements.

Infrastructure: The infrastructure and facilities available in our course are very good. Our college provides classrooms, a library sports room and scientific labs. The quality of the hostel is very good. More facilities are available in the hostel.

Faculty: Teachers in our college are well-qualified and highly knowledgeable. The quality of teachers is very good. Semester exams in college are not difficult, but sometimes it is difficult.

Other: I have chosen this course to make future in the computer industry.

Our college facilities are good.

Placements: This college is located in sector 16a. Around 95% of students are placed in our course. Top recruitment companies of this college are such as Zentpact, Amazon, Flipkart, etc. Students can enjoy their life in this college. Around 20% of students got into Zenpact college.

Infrastructure: The infrastructure of this college is very good. The campus is good and the hospitality of faculty and staff is amazing. Smart classes are also available for students. Students can join NNC in this college. Library and sports facilities are available in this college. The college is eco-friendly, because there are so many trees.

Faculty: The teachers of this college are understanding and helpful to every student. The teaching quality is fabulous and amazing. They are friendly, and the exam pattern of this college is very easy to understand. Students can give their exams by reading previous year's papers.

Other: I opted for this because it give proper knowledge about the course.

Jawaharlal Nehru College is value for money.

Placements: Students who got 80% marks in class 12th, they can easily take admission in Pandit Jawaharlal Nehru College. The average percentage of students in 12th is 80%. The highest package offered is 5 LPA, the average package is 3 LPA, and the lowest package is 1.5 LPA. Students with more than 70% marks in UG get internships.

Infrastructure: The labs in our college have the latest technologies. The classrooms are very clean and well-maintained. The library is very useful for me and other students too. The quality of food in the canteen is quite good and very hygienic.

Faculty: The teachers are very highly qualified and are very helpful to students. The teachers are very knowledgeable, and the teaching quality is very good. Semester exams are set very nicely, and the pass percentage is 40%. Students who study well can easily pass the semester exams.

Other: I chose this college because it is value for money and near to my home. It has very good faculty. PT Jawaharlal Nehru College conducts events, like blood donation camp, Yoga camp, NSS camp, NCC camp and many others.

Overall, it is a great college.

Placements: It is the best college. It is a government college. Many grand companies visit our college for placement and give jobs according to their knowledge. Many brilliant students have achieved their dreams through this college.

Infrastructure: Our college provides everything. It provides many facilities like Wi-Fi, a library, practical labs, etc. It also contains a canteen, a medical room, every sport for playing and NCC. It provides many indoor and outdoor games for students to play with a great coach.

Faculty: In this college, many teachers play a vital role in students life. All teachers are good and contain more knowledge which is provided to students. Their teaching quality is

My college is good for placement. Faculty is helpful and polite .

Placements: Around 70 % of the students got placed in our college and nearly 50% of them were able to get an internship and they also got a decent package of 7 lpa on an average. The highest of them was I think 9 lpa which is quite good and the top recruitment companies were HCL and Wipro.

Infrastructure: The college campus has a Wi-Fi connection with decent speed but with a limit of 200 mb per person. The classrooms were clean and quite large and you don't feel suffocated and college also has library which contains a lot of books but some books are quite old.

Faculty: The teachers were very helpful and polite. They were very humble in nature. They are very much qualified and the teaching quality was quite impressive. The teachers make you feel comfortable and help so much. They made our doubts clear and without any hesitation.

Other: You can definitely get a scholarship if your marks are above the mark.

course. Classes equipped with projector, hall for events. Basement facilities, music facilities available. College organizes many events like blood donation camp, ncc rally .

Faculty: Teachers are very helpful and qualified. Teaching quality is good, doubts clear on time. Course is curriculum relevant. It makes the students industry ready with the help of startup incubator department. Semester exams are not difficult though the passing marks is 35 out of 80 in each subject rest 20 are internal marks.

Other: I choose this course because I had an interest in computer and programming. Best things about my course is that it is totally computer oriented. College should take a step to provide internships after first year completion .

It is the best college in India.

Placements: A minimum of 60% in academics is required for this course. Our college provides good placements. The fee for our course is Rs. 8000 but after some time Rs.4,000 are returned back in our account. Almost 70% of the students got internships from our course in companies. The highest salary package offered in the college is 6 LPA.

Infrastructure: In this college, all the facilities are good. We have one playground and a big canteen for staff and students. Good facilities and infrastructure are available in our course. We also have a good library. All the books are available here. Sports facilities are excellent.

Faculty: Teachers are very helpful. All the teachers provide short notes before the exam. All the students gain good marks in exams with the help of notes. The teaching staff is very helpful, and are knowledgeable. Semester exams are not difficult. I got good marks always.

Other: I gained more knowledge in B.Sc. I opted for this course because it was my dream to become a professor.

I am satisfied with this college, because it provides good facilities.

Placements: Around 3-4% of students in each class got placement. The top recruiting companies are MNCs. The highest salary package offered is 3 LPA, and the lowest salary

Disclaimer: This PDF is auto-generated based on the information available on Shiksha as on 07-Sep-2022.

package offered is 2 LPA. For placements, various seminars are organised to help students so that, they can perform better in the interview.

Infrastructure: In this college, the department classrooms and libraries are well maintained. All departments are in distinct places. The infrastructure is good. The hostel facilities are not available. Sports opportunities are good. The computer laboratory is well maintained in this college.

Faculty: Some teachers are very supportive. They give students an opportunity to improve their performance. The semester exams are difficult. Teachers take presentations from students and help them to make a good presentation and perform in class. The teaching quality of teachers is good.

Other: The course is very good. In this college, timely events are organised in college to boost up the confidence of students.

It is an average college. The infrastructure is not good here.

Placements: The salary package is not offered in the college as it is a low average college. In my opinion, this college is average for students. There are no rules and regulations, and anyone can join this college.

Infrastructure: The infrastructure of our college is not good. Classrooms are not good here.

Faculty: The teaching staff members come here only for formality, and students do not learn anything here. They destroy your life. Our college does not have the best faculty members. I suggest you do not take admission here. Teachers are average, and classes are not conducted at the time. Teachers do not come daily. They do not make students industry-ready. Semester exams are difficult. Students do not follow the course curriculum, and no one follows the rules of this college.

Other: The best thing about this college is, it is a private college. It is not a good college to make a career.

Highly qualified teachers and staff.

Placements: About 2-3 % of students got placement and of not more than 20000 per month and about 2 or 3 companies visit college and are not high level companies and mostly students are unsatisfied with the placement status of the college. In my opinion this college placement level is below average.

Infrastructure: Around 60% of necessary facilities are available in the college and about 40% facilities out of 60 are usable. There is a hostel but there is no one living there and there is no college canteen available and there is area for sports but they are using that as parking.

Faculty: All the teachers are highly qualified and helpful towards all the students and they have huge techniques and ways for helping in understanding and learning. And the exams are not so difficult if a student is taking regular classes, no one can stop him/her from getting top positions.

★★★★★ Placements 1 ★ Infrastructure 2 ★ Faculty & Course Curriculum 3 ★ Crowd & Campus Life 3 ★

This college has poor infrastructure and placements but still nurturing students beautifully.

Placements: No placements drives had been organised in the college premises or virtual mode during our academic session. No students got placed by college assistance. While some placements drives were organised during the previous sessions, but the percentage of students placed was very low.

Infrastructure: The infrastructure was not good for the computer science course. In total, approximately 6 computers were only available for the strength of 120 students, and hence none could practice in the college. Nearly the same implies to classrooms, laboratory, etc. Hostels are not available in this college.

Faculty: Faculty members of the department were helpful and ensures to help the students as much as they can. But the course curriculum was very much outdated, and hence doesn't covers the latest technological trends that can be beneficial for students. Exams were organised relatively, but the pass percentage was low.

Other: Although the college doesn't had proper infrastructure, but it was economical for poor students. The social wings such as NSS and YRC helped explore new interests and

I am absolutely dissatisfied with our college.

Placements: There is not any academic criterion to get admission in this college because admissions are provided for students based on the vacancies available. There are no placements, and I never heard that placements are provided to any student. Famous leaders like Krishan Pal Gurjar, etc., visit our college.

Infrastructure: Classrooms are almost good. The library has some old books, and students cannot study from those books. Our course department is good, but some students behave badly and crack glasses of the windows, fans, etc.

Faculty: Faculty members give their 100%. But students can't take lectures conducted by teachers seriously because some teachers don't have an idea of how to teach students. One of our commerce department teachers teaches us accountancy, but she does not teach us practically and teaches us orally.

3.6 ★★★★★ Placements 3 ★ Infrastructure 3 ★ Faculty & Course Curriculum 5 ★ Crowd & Campus Life 3 ★

It is a college with good facilities.

Placements: The placements are almost average because very few companies come to offer placements for a particular course. We can say that BBA and B.Sc. students get placements mostly because the companies will select according to their work, but the percentage of placements is nearly 30-40%.

Infrastructure: There is no hostel in our college. The campus has two branches attached, i.e., one is women's college, and the other is a co-education college. The infrastructure of our college is not much good, and it should be renovated because the buildings are much older. The maintenance of greenery is good.

Faculty: The teachers are excellent because they always come on time and teach excellently. They make students understand the topics, and they cover the syllabus on time. Labs are well maintained, and you will get every material required for doing any experiment. This college also has guest faculty from IIT to give us extra knowledge.

Other: Events are organised on every occasion, and sports activities are conducted for students with new talents and fun. It gives opportunities for students to come forward and give their best. Scholarships are provided to the students according to their performance. You will get the best NCC instructor here.
