What Is C.A.?

Chartered Accountants are industrious and intelligent beings. If you find yourself industrious as well as intelligent, you are perhaps the right person to go for it. All the countries have their own Accountancy Association which regulates the quality and quantity of these professionals. In India it is the Institute of Chartered Accountants of India, ICAI which does the job of regulating the profession of Chartered Accountancy. It was set up under the Chartered Accountancy Act of 1949.

Career in CA gives you a high platform for dealing with big corporate houses. Chartered accounting career is a highly sought after career course for long time now and with the increase in the business volumes, their importance has realized new heights. A chartered Accountant holds prestige in the society and earns handsomely.

Normal annual package of a fresh C.A. varies between 4 lakhs to 7 lakhs per annum. Recently fresh C.A.'s are offered big package ranging 12lakhs to 70lakhs per annum

The career graph of a C.A. may be upto Director finance, C.E.O. & C.F.O. of big blue chip companies like Reliance, Tata, Birla, Bajaj, HDFC, ICICI, etc.
