BBA(CA) Course Structure

Semester – I

Modern Operating Environment &
MS Office
Financial Accounting
Programming Principal &
Algorithms
Business Communication
Principles of Management
Laboratory Course – I

Semester – III

Relational Database Management
Systems
Data Structures using C
Operating System Concepts
Business Mathematics
Software Engineering
Laboratory Course – III

Semester – V

Java Programming
Web Technologies
Dot Net Programming
Object Oriented Software Engg
Software Project – I
Laboratory Course – V

Semester – II

Procedure Oriented Programming
using C
Data Base Management System
Organizational Behavior
Computer Applications in Statistics
E-Commerce Concepts
Laboratory Course – II

Semester – IV

OOP's using C++
Programming in Visual Basic
Computer Networking
Enterprise Resource Planning
Human Resource
Management 406
Laboratory Course – IV

Semester – VI

Advanced Web Technologies
Advanced Java
Recent Trends in IT
Software Testing
Software Project – II
Laboratory Course – VI

Resource and Facilities
