*At BNM Education is for life
not just for livelihood*

*Character, Competence and
Courage are the Core Values*

“Karmanyevadhikarasthe maphaleshu kadachana”

“Blessed are the parents who are immortalised by their children”

Smt. Bhageerathi Bai & Narayana Rao Maanay

In whose memory, the Bhageerathi Bai Narayana Rao Maanay Educational Institutions were started.

They are living examples of the ultimate truth.

BNMIT is the ultimate destination for Top Multinational Companies to employ candidates who study beyond academics. BNMIT has achieved results of 98-100% with over 53 ranks in UG and PG programmes including 9 First Ranks with almost 100% placement with many dual & triple job offers.

Donors & Founders

Eminent educationists and professionals in South Bangalore from diverse walks of life wanted to make a significant beginning for promoting higher education. The Trust Bhageerathi Bai Narayana Maanay Charities was founded in 1972 with a focused vision to impart value based, quality education.

The BNM Educational Institutions are now a leaders in the field of education, providing the most modern methods while maintaining the rich cultural heritage of our great Indian traditions.

Over the years, the Institutions have successfully maintained very high standards imparting quality and comprehensive educational solutions.

BNM Educational Institutions provide education to tiny tots at a tender age of 2½ years in the BNM Montessori House, then on to the Primary and High Schools with State and ICSE (New Delhi) syllabus thereon at the Pre-University College providing all the popular combinations in the stream of Arts, Science and Commerce and then on to the Degree College offering B.A., B.Com., & BBM as well as the B.E. Degree programs and Post Graduate MBA program along with M.Tech. and Ph.D. programs with research facilities at BNM Institute of Technology.

Smt. Sushila Devi R. Maanay & Late Sri. N. Raghunath Rao Maanay

Prof. Sunanda P. Jadhav
Founder Secretary

About the College

In a little over a decade BNMIT has made a mark in providing opportunities to those who wish to excel in Technical Education and proved itself; the VTU results, Ranks, Gold medals and highly remunerative placements confirming these.

BNMIT is one among handful of Engineering Colleges located in the heart of the city, Bangalore situated in Banashankari a quiet and well known locality of the city. Good access to all essential facilities, Serene Campus with landscaped gardens and enveloped by Greenery.

Our students have been securing VTU ranks regularly right from the first batch. Our students have bagged 53 Ranks in VTU exams. In the VTU examinations of 2014-2015 our students bagged 7 Gold medals. Our students have secured 95-100% results with 80% First Class with Distinction in all Branches in the latest VTU Examinations.

BNM Institute of Technology has secured a place among the top five technical institutions of Karnataka affiliated to VTU, Belagavi

Our Vision

- To be one of the premier Institutes of Engineering and Management education in the country.

Our Mission

- To provide Engineering and Management education that meets the needs of human resources in the country.
- To develop leadership qualities, team spirit and concern for environment in students.

Quality Policy

- To nurture students in a research rich environment with core Indian cultural values.
- Harmonize engineering and management education for enabling our students to carve a niche for themselves in this ever changing world.
- Empower students for continual improvement to meet challenges of collaborative and competitive environment.
- Stimulate their intellectual excellence and equip them to critically evaluate while facing real life challenges in a sustainable environment.

Chairman's Message

Dr. C. Naganna
Chairman

It is a matter of pride for me to be the Chairman of the Governing Council of BNMIT and welcome the students intending to join our BNM family. At BNMIT students are not only trained for academic excellence but also given enough inputs which are varied and comprehensive to make them responsible citizens, to be good human beings and to be reckoned among the best at International level.

BNMIT has established a record in the history of Institutions, to come up to a level of earning a coveted position among the Engineering colleges in the country though it has been a younger Institution compared to many. We are rated as one among top Engineering colleges in the State. Our motto has been to create great Engineers, Technologists, besides inculcating in them a sense of respect for human values and the Nation.

Apart from Engineering streams BNMIT is inspired to establish the School of Management Study which provides the Master of Business Administration - MBA programme with the best infrastructure and faculty and visiting professors from Industry and other top Institutions.

The founding fathers, a family of educationists and philanthropists have always given weightage to this aspect of learning process. I can assure that you will be provided the best of education, cultural atmosphere and values of life.

I congratulate all the students for choosing BNMIT & Thank their parents who have entrusted us to take care of their children and their education.

Wishing you all the BEST.

Dr. C. Naganna
Chairman

BNM Institute of Technology has secured a place among top technical institutions in Karnataka having provided everything necessary for a quality learning environment.

“At BNMIT Education is for Life, not just for Livelihood”

From the Secretary's Desk

“Heights by great men reached and held, Were not attained by a sudden flight. But they while their companions slept, were toiling upward in the night!”

“ The Natural Beauty at BNMIT is Captivating, Enchanting and Magical.”

The meaning of the above stanza is self-evident, nothing comes from nothing, and nothing ever could. Success and achievements are commensurate with will power, hard work, grit, resourcefulness and single-minded approach.

The day has come when every student should realize that with Globalization and the tumultuous changes we see in the international scenario, the multinational companies and the corporate world have changed their outlook and methods of assessment of the prospective candidates for offering jobs. Earlier high percentage marks in examinations with distinctions were the only criteria for top jobs. Now the trends have changed and the students are chosen not just for good marks, but more than that they are tested for knowledge they have retained with them. Hence gathering knowledge, understanding, and retaining are more important than studying for exams getting high marks and forgetting thereafter.

A saying goes like this “Ordinary things done in an extraordinary way make people great”.

At BNMIT you are not only prepared for gaining knowledge but you are also given an opportunity to equip yourselves with cultural activities, sports, nature awareness, adventure activities, social services, etc. It has become an additional and important parameter for companies to decide on the right candidate for the top jobs. All this is possible at BNMIT which is located in the beautiful Banashankari area and endowed with an excellent infrastructure, coupled with peaceful environment, offering hassle-free study options. The natural beauty at BNMIT is captivating, enchanting and magical. It is like a feast for the tired eyes, mind, body and soul. The meticulously manicured gardens interspersed with fountains that are like a blessing and an experience that is best when it is felt. BNM’s vision is to provide an all-round excellence in education along with multiple skill acquisition to all those students who enter its portals.

Wishing you all the BEST.

Narayan Rao R. Maanay
Secretary.

Messages from Director, Dean & Principal

In these days of totally urbanised atmosphere, the BNM Campus is like a breath of fresh air set amidst landscaped gardens and with a highly surcharged interactive atmosphere among students, faculties and mentors. Since its inception BNMIT has an exceedingly good performance in the Visvesvaraya Technological University (VTU) examinations with 95-100% results. BNMIT has provided excellent, experienced and dedicated faculty members who are its pillars of strength. Apart from an encompassing academics, the college provides industry interface, performance enhancing programs, placement training and career support programs, multiple skill acquisitions, orientation and induction programs, scholarships and rewards to the deserving students.

Association of every discipline, cultural activities, music, nature, adventure, outdoor and sports activities has enhanced students' multiple skills in a culturally rich environment of our great Indian tradition. BNMIT conducts personality development programmes and trains students for improving their communication skills and leadership qualities. Equal efforts are put in to tap the extra sensory qualities of the students through yoga, meditation, memory improvement skills, stress management etc. Sports, nature care and environmental activities are inculcated and practiced with the motto "who dares wins." The ideals of BNM Institute of Technology is to develop technically qualified and skilled engineers who easily adopt to quick changing environments in the present world scenario.

We appreciate your keen interest in choosing BNM Institute of Technology to shape the future career of your son / daughter and to nurture his/her innate potentials and talents. BNMIT provides an excellent opportunity for all-round development of their students enabling them to face the world with confidence, conviction, courage and character, to compete at the global level. On behalf of BNM Institute of Technology, we assure you that your son / daughter is in the best of hands and utmost care will be taken to mould him / her into worthy citizens reaching beyond academic excellence, inculcating life's values and loyalty by an educational institution which is in pursuit of all-round excellence for its students. We are sure that your son / daughter will achieve all that they have set out to achieve for a highly successful career and more than that to be a good human being.

Prof. T. J. Ramamurthy

Director

Prof. T. J. Ramamurthy obtained his M. Sc. (Engg.) from Coimbatore Institute of Technology, Madras University. He served RV College of Engineering in various capacities as Professor, Head of Electrical and Electronics Engineering and Vice-Principal of the college.

Prof. T. J. Ramamurthy is the founder Principal of BNMIT in the year 2001. His Leadership, dedication and capability has attracted the best teaching fraternity to BNMIT. His relentless pursuit of excellence has been responsible for its rapid growth as an esteemed institution and has brought BNMIT to the forefront among all other colleges in VTU. He was also the Chairman of Board of Studies of Electrical Engineering in Bangalore, Mysore and Visvesvaraya Technological University.

Dr. M.S. Suresh

Dean

Dr. M. S. Suresh obtained his M. Tech. and Ph. D. degrees from Indian Institute of Science, Bangalore. He served at ISRO Satellite Centre, Bangalore as Scientist for 28 years contributing to the design of spacecraft power system from its initial stages.

He decided to move to academics in 2006 and is with BNMIT from Jan 2008. He has been a member of several national committees for project evaluation. He has written two books and was a co-editor of a book in Kannada on space technology. He has published about 50 technical papers, delivered many popular science lectures on science both in English and Kannada.

Dr. Krishnamurthy G. N.

Principal

Dr. Krishnamurthy G. N. obtained his M. Tech. and Ph. D. degrees from Visvesvaraya Technological University, Belagavi.

He served as Registrar (Evaluation) of VTU for more than two years. During this term he was instrumental in design and implementation of online exam registration of students, online resume entry, online submission of attendance and Internal Assessment marks, online M.Tech thesis evaluation and has implemented digital evaluation system (DVS) & online question paper delivery (QPDS) for all colleges under VTU for various programs in the university. He is guiding 6 Ph. D. scholars and has published 12 papers in internationally acclaimed peer reviewed journals and conferences.

Faculty

Fourteen of our faculty members are rank holders and distinction holders in the university degrees from reputed institutions like IITs, IISc and Indian/foreign universities. Hence, our faculty members are able to impart quality education to the students community.

- No. of Teaching staff : 151
- Professors : 23
- Associate Professors : 32
- Asst. Professors : 96
- Staff with Ph.D Degree : 27
- Staff pursuing Ph.D. Degree : 03
- Staff with PG degree : 124
- Staff : Student ratio : 1:13.5 (against the university stipulation of 1:15)

There are 83 qualified and experienced non teaching staff who ably maintain and help in conducting experiments in laboratory.

Faculty members have considerable industrial experience in reputed organizations like ISRO, BEL, BHEL and provide application oriented experiential learning to students.

“We believe that Competence, Courage and Character are the vital components that should form the core values to shape the future of our youngsters.”

“As per the survey conducted by ‘Careers 360’ - The Education Hub magazine has rated BNMIT with ‘AAA’ Grade in its April 2016 issue”

Scholarship for Meritorious and also Economically Weaker/Poor Students

The Management is happy to award scholarship to the extent of total amount of ₹ 25 lakhs per year.

- **CET** students admitted within the ranking 1000 will be given a scholarship of ₹ 25,000/- at the time of admission.
- **Comed-K** students admitted within ranking 3000 will be given a scholarship of ₹ 10,000/- at the time of admission.
- **Merit scholarship** of ₹ 10,000/- will be given to all the students securing CGPA of above 9.5 in 1st semester.
- **Scholarship** of ₹ 10000/- will be given to all the students securing more than 90% in any semester.
- **Scholarship** of ₹ 10,000/- to ₹ 25,000/- will be given to rural Karnataka students from economically weaker section admitted through CET.
- Student who has secured more than **60%** in exams and has represented VTU in sports is awarded ₹ 10,000/-.
- Student who has secured more than **60%** in exams and has represented Karnataka in **any sports** is awarded scholarship of ₹ 25,000/-.
- Student who has secured more than **60%** in exams and has represented our Country in any sports is awarded scholarship of ₹ 50,000/-.

Gold Medals for Merit Students

- All students securing **Ranks** in VTU are awarded Gold Medals.
- Students securing **90%** and above in first four semesters are awarded a Gold Medal and similarly those securing **90%** in the last four semesters are also awarded Gold Medals.

Eligibility for Admissions

For Engineering Course:

- Pass in Karnataka 2nd PUC/12th Standard or equivalent examination with optional subjects as physics and Mathematics along with Chemistry/ Bio-Technology/Biology
- Scored a minimum of 45% marks in the optional subjects for General category
- Scored a minimum of 40% marks in the optional subjects for SC/ST/OBC category students
- Should have studied English as one of the languages

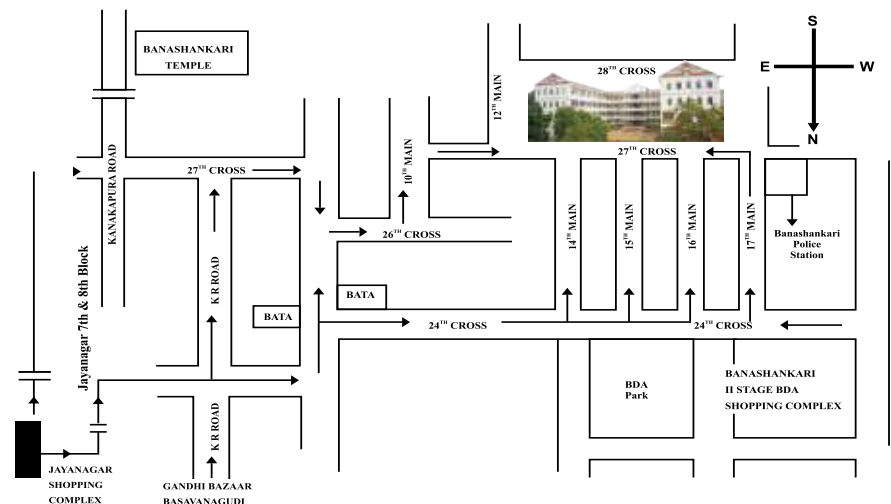

For MBA Programme:

Pass in BE/B.Com./B.Sc./ BCA/BBM with minimum 50% marks in the aggregate for General category (45% for SC/ST/ Category I)

For M.Tech. Programme:

Bachelors Degree/AMIE in appropriate branch of engineering

Achievements galore..... at BNMIT

- Our students of CSE branch Akshay L. Aradhya, Kunal V, Nayana S, Anagha A participated and secured first prize for Robofeast 2016 conducted by IIT Roorkee during 18-03-2016 to 20-03-2016. Also, Aishwarya D. Prakash, Archana Choudary, Harshita D. H, Harshita S, participated and secured second prize for Robofeast 2016 conducted by IIT Roorkee during 18-03-2016 to 20-03-2016.
- A student Ashutosh Singh of CSE has attended a Summer Research Workshop 2015 organized by Old Dominion University, Norfolk, Virginia.
- A student Bhargavi Venkatram of CSE branch has bagged the First Prize of the All India Radio (Akashvani) National Music Contest - 2015 for Carnatic music.
- A student Vasudev, of EEE branch has participated in MANTHAN conducted by Federation of Karnataka Chambers of Commerce and Industries (FKCCI) held on 9th April 2015 and won the cash Prize of ₹ 1,00,000/-. He has started his own campus company name Reverb Instruments for selling acoustic electric violin to overseas customers who are based out of United States of America (USA) and United Kingdom (UK).
- Our students V. Prajwal Rao, Varun Kumar D, Skanda Bhagavath, Vijeth V. of Mechanical Branch have participated in VTU Business Plan Competition and won ₹ 15000/- for their project "SHREDDERTRON 6000".
- A student Shreyas V. Kashyap of CSE branch has started his own web design company called DigitGenie and serving various clients in India.
- Tejaswini H. Y. & Twesha Dhar of ECE branch has won a cash prize of ₹ 1,50,000/- in the Wipro Earthian competition held in September-December 2014.
- Krishna Prasad M & Kaushik J of ECE has won second prize in the debate organized by Rotary Club.
- Akshay H. Pai of ISE was a part of the team involved in building a 64 node super computer cluster using Raspberry Pi processors under the guidance of Dr. Krishnamurthy G N. Principal.
- A project titled "Raspberry Pi Super Computer" was carried out by Akshay Pai, Nitin Nadig, Nirupama S, Mridula V under the guidance of Dr. Krishnamurthy G. N. This project was sponsored by Management of BNMIT, the sponsorship amount is ₹ 3,50,000/-.
- Aishwarya R. Bidri of ECE branch has won first place in VTU Bangalore Central Zone Table Tennis Tournament 2015 held at CMRIT Bangalore and VTU Inter Zone Table Tennis Tournament 2015 held at AIT Chikmagalur.
- Vishnu M. G. of MBA emerged as winners in Men Throw ball team in Inter Collegiate Tournament 2015 held at BMSCE Bangalore from 1st to 3rd October 2015.
- Manju Prasad K of EEE branch Secured 3rd Place in 5000 Mtrs Run and 2nd Place in 10000 Mtrs in Run in VTU Annual Athletic meet 2015-16 held at Sir MVIT, Bangalore and secured 3rd Place in VTU State level Cross Country Competition 2015-16.
- Nishanth S of EEE branch Secured 02 Gold medals, 07 Silver medals and 03 Bronze medals in VTU State level Swimming competitions and secured over all Runner Up place among 45 engineering colleges participated and represented VTU in All India Inter University Swimming competition held at Punjab University.
- Ujwal S of ECE branch and Pallavi V Rao of ISE branch secured First Place in VTU State Level Lawn Tennis Competition and Ujwal S selected for All India Inter University Lawn Tennis Competition scheduled at Dr. NTR University of Health Sciences, Vijayawada.
- Chandana P and Raksha Ramkumar of ECE branch and Pallavi V Rao of ISE branch Secured First place in VTU Bangalore Central Zone Table Tennis and also VTU State level Table tennis Competitions.
- Raksha Ramkumar of ECE branch represented VTU in All India Inter University (South Zone) Table Tennis Competitions held at Vikram Simhapuri University, Nellore.
- Chaitra N, Assistant Professor, ECE, BNMIT received the best faculty award conferred by Cognizant Technologies for outstanding performance.
- Aashutosh Singh, Harshith G. Guruprasad, Madhav Ram has awarded the 2nd Prize for the project titled "Bluetooth Control Rover" in the National students' project exhibition-2016 organized by the Alpha College of Engineering, Bengaluru, in association with the All India Council for Technical Education(AICTE), New Delhi, held on 14th May 2016.
- Every year students are selected for summer internships at Old Dominion University, Norfolk, Virginia on various fields of technology based on Analytic skills, Interview and Academic records.
- A project titled "Computed Tomography Images: 2D to 3D reconstruction and Visualization" was carried out by Selvi Revathi, Deepthi S.M, Akhila Nayak under the guidance of Dr. Saritha Chakrasali. This project was sponsored by KSCST Student Project Programme 2014-15.

Training and Placement

Dr. M.N. Chandrasekharaiah

Director - Training & Placement

Dr. M.N. Chandrasekharaiah obtained his Ph.D. from Banaras Hindu University and pursued Post Doctoral Research at Oxford University, England. He has twenty years of experience in industry, ten years of experience in research and fifteen years in training and placement. He has handled a large number of international projects as a part of United Nations Developmental Program. He was involved in the recruitment process for BHEL from IIT and has contributed significantly to industry academic institution interaction. He has guided nine Ph.Ds from IISc, IIT and NIT and has over 65 publications.

Vision

To groom students achieve their career objectives through systematic training in soft skills and technical skills, expose to corporate environment and enable them to secure jobs through campus placements.

Training and Placement is an active centre throbbing with various activities all through the year. The institute has necessary infrastructure for effective functioning of the department.

A well organized Placement Department is working with a fulltime Director who continuously monitors the employment potentials and arranges campus interviews for students.

Students at the Group Discussion Round

Students awaiting for personal interview

Mission

- To bridge the gap between industry expectations and students competencies through appropriate training.
- To provide employment to all the final year students through campus placements.

Staff Members:

Sl. No.	Name	Qualification	Designation	Experience (Years)
1.	Dr. M. N. Chandrasekharaiah	M.Sc., Ph.D. (B.H.U.)	Director	44
2.	Sri. Jayathirtha V. G.	B.A.	Placement Officer	12
3.	Smt. Chitra Pramod	B.Com., Diploma in International Trade	Placement Co-ordinator	10
4.	Smt. Shashi Prabha Nagendra	B.Sc., M.A. (English)	Assistant Professor	08

Training:

The Department of Training and Placement provides guidance and assistance to the students in order to achieve their career goals. The department takes steps to identify the demands of the industry and prepares students towards their needs. Adequate emphasis is given for soft skill development complementing the regular academic programmes.

Director, Training and Placement plans, monitors and implements career guidance services including counseling for higher studies across all branches. Placement Coordinators from different departments and various trainers from companies are also involved in this process.

The programmes initiated from T & P department include:

- In-house Soft Skill and Aptitude Training
- Arrangement of Guest Lectures for Career Guidance and Higher Studies
- In-house Training on technical skill, online tests, group discussion and mock interviews
- Support for internship, campus placements and achieving career goals

The students undergo the following programs:

A. First year: Students are trained in English equivalent to Vantage level of University of Cambridge Business English Course. Many students take the examination and are also certified for the same. The course is an integral part of regular classes.

B. Second year: Students undergo counseling on career progression and are trained in aptitude test clearing skills. They are also trained for soft skills, aptitude test and solving model test papers.

C. Third year: Training to improve communication skills, group discussion and mock interviews are conducted (both technical in respective subjects and management type).

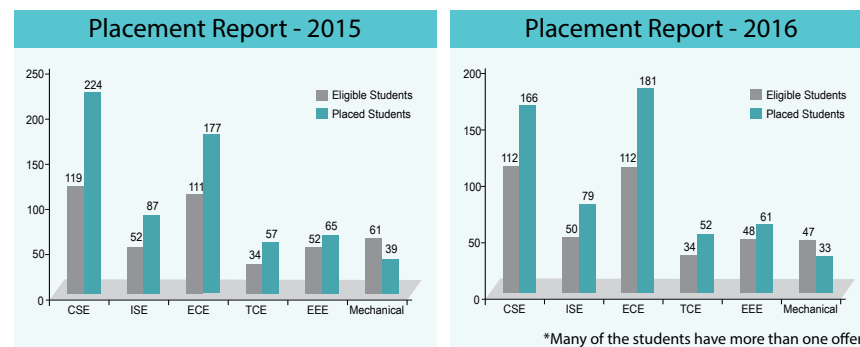

Online tests like Aspiring Minds Computer Adaptive Test (AMCAT) & NASSCOM Assessment of Competence – Technology (NAC-Tech) are conducted in sixth semester to familiarize students with the industrial expectations in aptitude and subject knowledge.

D. Final year: One week pre-placement training program is conducted before the commencement of the campus recruitment process.

Placement:

Many reputed industries visit our institute regularly for campus recruitment of our students.

The Placement Report for 2015 & 2016 is as follows:

Companies that visited BNMIT for Placement during the academic year 2015-16

- ABB
- Accord Software
- Aditi Software
- AllGo Embedded Systems

Library & Information Centre

About the Library

BNMIT has a very user friendly Library with a large collection of technical, general books, text books prescribed by University and Internationally acclaimed print journals & magazines on varied subjects. Also, several e-Resource packages are subscribed from International Publishers like IEEE Xplore Digital Library (IEL Online), Springer, ScienceDirect, ASCE, Taylor & Francis, ProQuest Engineering & Management and Knimbus Digital Library through VTU Consortium with campus wide access. As a supplement to the class room teaching NPTEL Video Lecture facility has been provided for the student community to support e-learning, teaching and R&D activities.

Library and Information Centre is computerized and automated by cataloguing all its documents with an instant search facility across the campus. The day-to-day transactions and stock verification is done through Barcode Scanner for quick transaction and accuracy in the library operations. The Library is managed by a highly qualified, experienced and dedicated Chief Librarian and skilled staff.

In addition to circulation and current awareness services, the Reference Section of the Library provides 12 hours uninterrupted service to students and staff members with a wide range of subject books on General Topics,

Chief Librarian & Principal showcasing the facility to VTU-LIC Expert Team in Main Library

Competitive exams, Classics, Business and Time Management, Work Ethics, Social Responsibilities, Nature Conversation, Environment, Wildlife, Spirituality, Cultural values and other important subjects for their all round developments.

Computer Science & Engineering

Microprocessor Laboratory

About the Department

Department of Computer Science & Engineering at BNMIT is renowned for imparting state of the art education and also carrying out cutting edge research. Department offers UG program, two PG programmes and has a research centre affiliated to Visvesvaraya Technological University Belagavi. Sponsored projects from VTU, DST-IISc and company incubated facilities has supported students and staff members to actively involve in research and project work.

About the Head of the Department

Dr. Sahana D. Gowda obtained her Masters Degree from Bangalore University and Doctoral Degree from University of Mysore. She has received grants from VTU and DST, IISc Bangalore for Research projects and she is a member of professional bodies. She has published 18 research papers in various international conferences and journals. She has reviewed conference papers and chaired sessions of many International Conferences. She was the PROGRAM CHAIR of the 5th International Conference on Signal and Image Processing (ICSIP-2014).

Vision

- To be a premier department for education in Computer Science and Engineering in the state of Karnataka, moulding students into professional engineers.

Mission

- To provide teaching/ learning facilities in Computer Science and Engineering better than prescribed by University for easy adaptation to industry and higher learning.
- Provide a platform for self learning to meet the challenges of changing technology and inculcate team spirit and leadership qualities to succeed in professional career.
- Comprehend the societal needs and environmental concerns in the field of Computer Science.

Courses offered:

- B.E. Degree in Computer Science & Engineering
- M.Tech. Degree in Computer Science & Engineering
- M.Tech. Degree in Computer Network Engineering.
- Ph. D

Staff Details:

Professors: 04, Associate Professors: 06, Assistant Professors: 22.

Professional Society Membership:

IEEE (USA), ACM (USA), Computer Society of India (CSI), Institution of Engineers, Indian Society for Technical Education.

List of Laboratories:

The Laboratories are very well equipped with latest computer systems and peripherals.

- Computer Programming Lab
- Data Structures/Object Oriented Programming Lab
- Electronic Circuits & Logic Design/ Microprocessor Lab
- DBMS/ System Software and operating system Lab
- Design and Analysis of Algorithm Lab
- Computer Graphics/Unix System Programming and Compiler Design Lab
- Computer Networks/Web Programming lab
- Project Lab
- PG Laboratories (CSE & CNE)
- Research & Development Lab

Examination Results:

Department has dedicated staff imparting quality education to students. Excellent results are achieved in the University exams every year by our students. To the credit, Department of CSE has 13 Ranks in University examinations.

Research Activities:

Dr. Sahana D Gowda and Prof. Surabhi Narayan have been granted ₹ 9.92 Lakhs under VTU Research Grants Scheme for their research project entitled “Code Generation for Document Images based on Handwritten Components” for a period of 3 years.

Dr. Sahana D Gowda is the Principal Investigator for the project Title: “Video Analytics Development System: development of efficient algorithms for surveillance or video analytics” from 2014-2017 by DST, IISc, Bengaluru

Major areas of specialization of the faculty include Image Processing, Computer Vision, Pattern Recognition, Computer Networks, Network Security, Embedded Systems, Computer Algorithms, Compiler Design, Wireless Sensor Networks, Data Mining and Database Management Systems.

“BNMIT is relatively a young institute set in an international mould. All programs at BNMIT are value based and motivate us to be innovative, competent and creative leaders.”

Web programming Laboratory

Faculty Development Program on Machine Learning Techniques

A team of students who won the First place in the National Level Robo feast-2016 competition conducted by IIT Roorkee

Electrical & Electronics Engineering

DC Machines Laboratory

About the Department

The Electrical and Electronics department is a great place for students to learn. The department has many well equipped laboratories and Research & Development centre. The Department has excellent staff, most of them have secured University ranks in their post graduate degree from reputed Universities like Bangalore University and Visvesvaraya Technological University. They are actively involved in the Research activities. They are regularly participating in International/National Conferences/Workshops to upgrade themselves. The faculty members of the department have held various positions in University body such as Chairman Board of Examiners, Paper setters, Examiners of UG and PG Programmes. The department has various Professional Society Memberships and an in-house association to provide platform for awareness of developments in the field of Electrical & Electronics Engineering.

The students of the department have consistent good performances in the University examinations. The department has Twelve university Ranks to its credits. Ms. Anushree.R secured First Rank and 8 Gold medals during VTU exams July 2013. The students have excelled in technical paper presentations, sports, yoga and cultural activities.

About Head of the Department

Dr. R. V. Parimala obtained B. E. (E&E) Degree from Sri Jayachamarajendra College of Engineering, Mysore University, M.Tech. (Power Systems) from National Institute of Engineering, Mysore University & Ph.D. (Distribution Automation) from VTU, Belagavi. She has 27 years of teaching experience with 17 Publications in reputed International Journals & Conferences. She has won the Best research paper award for the technical paper "Optimal switching operation using knowledge based colored Petri net", presented in International Conference held at IET Chennai. She has worked as a Principal Investigator and has successfully completed the funded project from CPRI under RSOP in 2010. She is heading the department of E & E in BNMIT from 20.1.2016.

Vision

- To be a premier department for education in Electrical and Electronics Engineering in the state of Karnataka, moulding students into professional Engineers.

Mission

- To provide teaching/ learning facilities in Electrical and Electronics Engineering for easy adaptation to industry and higher learning.
- Provide environment for self learning to meet the challenges of changing technology and Inculcate team spirit and leadership qualities to succeed in professional career.
- Empathize with the societal needs and environmental concerns in Electrical & Electronics Engineering practices.

Courses Offered:

- B.E. degree in Electrical & Electronics Engineering.
- M.Tech. degree in Computer Applications in Industrial Drives.
- M.Sc. (Engg.) and Ph.D.

Staff Details:

Ph.Ds: 3, PGs: 16 (Pursuing Ph.D: 05), Total: 19

Professors: 03, Associate Professors: 04, Assistant Professors: 12

Average experience of the staff: 10.26 years

Research publications:

145 Publications in reputed National & International Journals and Conferences.

Positions held in University bodies:

Member of Board of Studies (Alliance University), Member Board of Examiners (Visvesvaraya Technological University), Papers setters for various universities, Examiners of UG and PG Programmes.

Professional Society Memberships:

ISTE (Indian Society of Technical Education) and IEEE (USA).

Laboratories:

The laboratories are very well equipped with latest brand of equipments & computers.

- Power Electronics and Drives Lab.
- Circuit Simulation & Measurements Lab.
- Transformers & Induction Machines Lab.
- Control Systems Lab.
- D C Machines and Synchronous Machines Lab.
- Computer Aided Electrical Drawing Lab.
- High Voltage and relays Lab.
- Power System Simulation Lab.

Examination Results:

The students have achieved exceptionally good results and 15 students have secured Ranks in B.E. & M.Tech., VTU examinations. The results for the last year have been 96.82%.

Conference/Workshop/FDP Programmes Conducted:

The International Conference on Power and Advanced Control Engineering (ICPACE-2015) was organized by the Department of Electrical and Electronics Engineering, BNM Institute of Technology, Bengaluru in association with Wudmin Energy Private Limited, Pune, India and IEEE Power and Energy Society (IEEE PES), Bengaluru Chapter, as the Technical Sponsor for 12th-14th August 2015.

Electronics & Communication Engineering

Advanced Communication Laboratory

About the Department

The department of Electronics and Communication Engineering was established in the year 2001, with a present intake of 120 and staff student ratio 1:15. It has well experienced and dedicated faculty with qualifications obtained from premier research institute like the Indian Institute of Science. Many of them also possess rich industrial experiences from organizations like ITI, Mindtree, Infosys etc., and the average experience is 13 years. The faculty members are putting integrated efforts to groom students in a good academic and research ambiance. Measures are also taken to develop students with abilities for life-long learning. The conducive environment has enabled most of its students pass in distinctions with cent percent pass percentage. The placements have been excellent with several reputed companies like National Instruments, Mentor Graphics, TCS, Accenture etc, visiting us for campus recruitments. The outstanding performances have enabled a large number of students acquire admissions to M.S degree programs in reputed international universities as well.

About the Head of the Department

Dr. P. A. Vijaya obtained B.E. Degree from MCE Hassan, M.E. & Ph.D. from IISc Bengaluru. She has 29.5 years of teaching experience with 101 Publications in reputed International Journals & Conferences. Three research scholars have

obtained Ph.D degree from VTU under her guidance. She is currently guiding 4 research scholars in the area of Pattern Recognition, Image Processing & Real Time Embedded Systems. She is a member of IEEE, ISTE & IACSIT. She has worked as BOE chairman, BOS & LIC member in VTU. She joined as Professor in the Department of ECE, BNMIT on 1.2.2013 and is heading the department from 23.1.2016.

Vision

- To be a renowned department for education in Electronics and Communication Engineering in Karnataka State, moulding students into professional engineers.

Mission

- To provide teaching - learning process in Electronics and Communication Engineering that will make students competitive and innovative to adapt to needs of industry and higher learning.
- To imbibe professional ethics, team spirit and leadership qualities to succeed in changing technological world.
- To inculcate Empathy for societal needs and concern for environment in engineering design and practice.

Power Electronics Laboratory

Courses Offered:

- B.E. in Electronics and Communication Engineering (120 Intake)
- M. Tech. in VLSI Design and Embedded systems (24 Intake)
- Ph.D. and M.Sc. (Engg.), broadly in the areas Sensors, Communication, Image Processing, Pattern Recognition, Real-time Embedded Systems and VLSI (17 Research Scholars have registered so far)

Staff Details:

Teaching Staff: 34, Professor: 03, Associate Professor: 10
Assistant Professor: 21, Average experience of staff : 12 years
Staff with industrial experience : 11, Technical & Supporting staff : 18

Research Activities:

VTU recognized R & D Center

Research Publications : 215

Technical books Authored : 08

Professional Activities of Senior Staff:

- Memberships to Professional bodies: IEEE, ISTE, IACSIT, CSI, ISOI, ISSS
- Members: Inspection Committees, Board of Studies and Examiners
- Consultancy & MOUs with leading industries
- Resource Persons in National/International Conferences, FDP's and Workshops

Research Grants:

- ₹ 20 Lakhs from VGST, GoK, 2012-14
- ₹ 17 Lakhs from VTU, Belagavi, 2012-14

The future belongs to students who assimilate knowledge and BNMIT facilitates this enabling them to reach higher platform than their competitors

Achievements:

Nine University Ranks, Research Grants from VTU & VGST, Placements for more than 90% of the eligible students, Awards in National level design contests

Positions held in University bodies:

Member Inspection Committee of VTU, Member of Board of studies and Board of Examiners.

Laboratory facilities:

Laboratories have equipment sourced from the best companies from all over the world.

- Analog Electronics Circuits Lab
- Logic Design Lab
- Microcontrollers Lab
- HDL Lab
- DSP Lab
- Analog Communication Lab & LIC Lab
- Advanced communication Lab
- Power Electronics Lab
- Project Lab

University Examination Results:

Students have excelled with a pass percentage of 98.51% with more than 75% students getting First Classes with distinction. Further, three of them are among the university rank holders.

ASARVA Training and Incubation Centre

Information Science & Engineering

Software Testing Laboratory

About the department

Since inception in 2001, the Department of Information Science & Engineering at BNMIT forged a path of innovative information technology research and teaching at the undergraduate level. The department has a diverse community of faculty engaged in all aspects of research, teaching and mentoring of students. The faculty is encouraged to develop new and effective ways of teaching information science and to lead in the development of new curricular and materials for teaching. Undergraduate students work closely with faculty and with one another as team. We remain unique in the extent to which undergraduates create and take part in various technical programs and author research papers.

BNMIT and its esteemed and dedicated faculty are instrumental in helping us develop a mindset for a holistic and systematic thinking towards
Development of analytical and rational skills.

About the Head of the Department

Prof. Surabhi Narayan has 13 years of academic experience in the field of Computer Science & Engineering and two years of industry experience at Centre for Development in Advanced Computing (C-DAC) Bangalore. At C-DAC, she has worked on group communication on CORBA a standard defined by the Object Management Group to facilitate the communication of systems that are deployed on diverse platforms. Her research interests include Image Processing, Pattern Recognition and Machine Learning. She has published research papers in international conferences and journals. She was the Co-investigator for the funded project titled "Code Generation for Document Images based on Handwritten Components" from VTU for the period 2011-14.

Vision

- To be a premier department of learning in Information Science and Engineering in the state of Karnataka, molding students into professional Engineers.

Mission

- Provide teaching-learning process that develops core competencies in Information Science and Engineering to meet the needs of the industry and higher education.
- Create an environment for innovative thinking and self learning to address the challenges of changing technology.
- Provide an environment to build team spirit and leadership qualities to succeed in professional career.
- Empathize with the societal needs and environmental concerns in Information Science and Engineering practices.

Courses offered:

- B.E. Degree in Information Science and Engineering (Sanctioned intake : 60)
- M.Tech. in Software Engineering (Sanctioned intake : 18)

Staff Details:

Ph.D. : 03, PGs: 14 (05 pursuing Ph.D.), Total : 17

Professors: 03, Associate Professors: 02, Assistant Professors: 12

Staff: Student ratio: 1:15, Average experience of staff: 7.4 Years

Research Publications: 52

Positions held in University bodies:

- Dr. Krishnamurthy G. N. Registrar (Evaluation) of Visvesvaraya Technological University, Chairman/Member of several Inspection Committees of Visvesvaraya Technological University, Member of Academic Senate, Member Board of Examiners, Paper Setter, Examiners of UG/PG and Ph.D. Programmes.
- Dr. Kavitha C. has been a Member of Board of Examiners for CSE/ISE B.E. and M.Tech. programmes under VTU, Member of Board of studies in Autonomous institutions.

Professional Bodies Membership:

MISTE: Member of Indian Society for Technical Education,

CSI: Computer Society of India,

MIAE: Member of International Association of Engineers.

Industrial Experience:

The staff members have rich industrial experiences in organizations like – EnsoQuest (LLC, Iselin New Jersey), Proactive Net. etc.,

List of laboratories:

The laboratories are very well equipped with the latest branded computer systems and peripherals.

- Data structures/ Algorithms laboratory
- Networks /Project laboratory
- Database applications/File structures/web Programming Laboratory
- Systems software/software testing laboratory
- Electronic circuits & Logic design/ Microprocessor Laboratory

Examination results:

Exceptionally good and consistent results with 99% pass for the last 10 years.

Mechanical Engineering

Mechanical Measurement & Metrology Laboratory

About the Department

The Mechanical Engineering branch was started in the academic year 2011-2012. All the laboratories have been established procuring state of the art equipments. The department has a team of talented and well qualified staff members, with a blend of industrial and academic experience. Faculty members with Masters and Doctorate degree qualification, having specialization in design, thermal and manufacturing engineering are rendering their service to academics.

About Head of the Department

The department is headed by Dr. Mukesh Patil. He has a teaching experience of 14 years in the field of Mechanical engineering. He obtained his B. E. degree from Mysore University. He is a Gold medalist in M. Tech. from VTU, Belgaum. He obtained his Ph.D. from VTU, Belgaum in Thermal Engineering. He is actively involved in research activities in the field of thermal engineering. He has published 04 research papers in International journals and has presented papers in 02 International Conferences. His areas of interest include thermodynamics, heat transfer, porous materials, fluidics, energy engineering and mechanics

Vision

- To be a premier department for education in Mechanical engineering in the state of Karnataka, that moulds students into professional Engineers.

Mission

- To provide a teaching-learning process that prepares engineers to meet the needs of industry and higher learning.
- Provide environment for self learning to meet the challenges of changing technology and inculcate team spirit and leadership qualities to succeed in professional career.
- To instill professional ethics and concern for environment for the benefit of society.

Facilities Provided in the Department

The department is committed to provide the students with technical expertise in theoretical, computational and practical methods to the analysis and solution of mechanical engineering problems. Towards achieving this goal, the department is fully equipped with the required facilities for effective delivery of lectures, state of the art computational and laboratory facilities. A committed team of highly qualified teaching and well trained supporting staff are involved in the delivery of theory and laboratory classes.

Apart from class room teaching students are encouraged to carry out projects to get hands on training on what they learn in theory subjects. Industrial visits and guest lectures by experts from industries are arranged on regular basis to enhance learning and expose the students to latest happenings in the field of mechanical engineering. Retired faculty from IITs are handling classes for higher semesters as a part of higher learning activity.

Course offered:

B.E. Degree in Mechanical Engineering

Staff Details:

Ph.D.: 01, PGs: 16, Total : 17,

Professors: 03, Associate Professors: 02, Assistant Professor: 12,

Average Experience of Staff: 9.2 years

Positions held in the university bodies: Member of Board of Examiners, paper setters, examiners of UG/PG/Ph.D. Viva-voce, invited speakers and consultants.

Members to Professional Bodies: ISTE, ISTAM, FMFP

List of Laboratories: The Department laboratories are equipped with state of the art equipments.

Examination Results: Students have passed out with excellent results consistently with over 99% in CAED and Elements of Mechanical Engineering subjects and more than 90% in higher semesters. The first batch (2011-15) students have set on all time record of 100% pass in semester exams.

Student's Achievements:

Project Champion award of ₹10000/- awarded to V. Prajwal Rao, Varun Kumar D, Skanda Bhagavath & Vijeth V, for a project "SHREDDERTRON 6000". The Judges Sri. Venkata Raghavan & Sri. Sumeet Kurana looks on.

Sri. Narayan Rao R. Maanay, Sri. Venkata Raghavan awarding Cash Prize and Trophy to the Project Champion Team

A team of Mechanical Engineering students has been judged as best project award from the panel of judges

Compact Parking System team receiving an award from Sri . Narayan Rao R. Maanay, Secretary, BNMEI

Management Studies (MBA)

Smt. Vaishnavee Eishwar clarifying students doubts

Department of Management Studies

MBA Department, personally and professionally transforms its aspirants to handle the challenges of the corporate world. The Department has the reputation of securing the Best Results among the B-Schools in Bangalore. The Program is conducted by experienced full-time Faculty and Professionals from Industry and Business.

About the Head of the Department

Dr. L. Vijayashree has rich academic experience in various Universities in India with Industrial Background of 4 years. She has authored several International Journal Papers and National Research papers.

She has presented Research papers and won outstanding paper awards in International conferences held both in abroad and India.

She has published Books in the areas of Business Environment, Organizational Behavior and Strategic Management. She is on the Boards of many Universities and Technical Committees. Presently she is guiding PhD students in Stress,

E-Governance and Change management, Leadership, Role Efficacy and Locus of control areas. She conducts Management Development programmes for Government Organizations like Fiscal Policy Institute, FKCCI etc along with various Faculty development programmes, Consultancy Work, Conferences.

She is the recipient of Lions club- Award of Appreciation for Excellency in Youth service, Best Teacher Award in association levels, and Award for Academic Excellence and Leadership Award from ISBR B-School.

Vision

- BNMIT-MBA to be a preferred destination for management education and entrepreneurship development in Karnataka

Mission

- To provide contextually relevant management education with learner centric pedagogies
- To mould students with people skills, leadership skills with managerial competencies needed for different managerial roles.
- To imbibe entrepreneurial culture through curriculum, pedagogy and mentoring.
- To develop socially conscious managers

Course Offered:

Dual Specializations are offered in the streams of Human Resources, Finance and Marketing

“Today’s best technology will be history tomorrow. The future belongs to a new breed of MBA’s. Join BNMIT to be one of them.”

Staff Details:

Ph. D.: 5, PGs: 7 (4 pursuing Ph.D.) Total: 12
Professors: 2, Associate Professors: 3, Assistant Professors: 7
Staff-Student Ratio: 1:15, Average Experience of Staff: 12 years

Research Activities:

Research Publications: 94

Position held in University Bodies:

Chairman Board of Examiners, Paper Setters, Examiners of MBA program.

Professional Society Membership:

NEN, EDI, FKCCI, NHRD, FPI, Association of Management Development Institutions in South Asia

Examination Results:

Our Department has created a track record of being one among the best five VTU affiliated B-Schools in Bangalore.

Student Activities and Achievements:

Our Students have participated and won prizes in Paper Presentation Competitions and Management Fests.

Placement Cell:

85% of our Students of previous batches have been recruited by prestigious companies like Ernst & Young, JP Morgan, Thompson Reuters, Wipro, Infosys, NTT Data, Oracle, Amazon, Tesco, IBM, Aryaka Networks, HSBC Bank. Average Pay Package is 3 lakhs p.a.

Industrial Visits:

The Students' Practical exposure is enhanced by Industry Visits.

Corporate Campus Interface:

Shadow the Leader is organised for the students to have a real time experience with the CEO's of Reputed Organisations.

Guest Lectures:

Experts from Industry and Academia visit the Institution to deliver Lectures on Contemporary Issues in Management.

Dr. L. Vijayashree receiving Academic Excellence & Leadership Award from Bangalore Education Trust, 2015.

Entrepreneurship Cell (E-Cell)

E-cell provides a platform to all the students, who thrive to become entrepreneurs. E-cell acts as incubator to society, developing future entrepreneurs. E-Cell, BNMIT is been recognized by AICTE and is been funded to develop the entrepreneurial talent among youth. It is been associated with Entrepreneurship Development Institute of India (EDII), AWAKE, FKCCI, MSME and NEN.

E-Cell is headed by Dr. L.Vijayashree as Chief Co-ordinator and Prof. Chellamma as Co-ordinator for all the activities. The following activities are conducted under E-cell.

- Entrepreneurship Games and exercises
- Consultancy services
- Entrepreneurship education
- Week long Workshops
- Guest lectures
- eXpress Talk with successful entrepreneurs
- Seminar/conference
- Panel discussion
- Intra and inter institutional competitions
- Case studies
- Get together with entrepreneurs
- Video-Story telling
- Real time Santhe experience Interactions with Lead Bankers, design Centre Officials, Government Officials etc.
- Incubation Facilities

BNMIT E-Cell has received National Entrepreneurship Institute debut award for the year 2016

MoU with Entrepreneurship Development Institute of India

Ms. Rashmi Bansal was honoured by Sri Narayan Rao R. Maanay, Smt. Vaishali N. Maanay & Prof. T J Ramamurthy

Mr. Vasudev student was declared as Second Winner & received ₹ 1 lakh Cash Prize in MANTHAN student National Level Business Competition held by FKCCI on 9-4-2015

About the Department

The Department is equipped with full fledged, experienced and highly academically oriented faculty. As a result of its continuous, sincere and result-oriented efforts as a team, the department has

been witnessing excellent results consistently and every year a good number of students are scoring cent percent. The Department has fully fledged Research Centre, recognized by Visvesvaraya Technology University, Belgaum. The department is actively engaged in research activities in the areas of Fluid Mechanics and Graph theory and periodically conducts International conferences.

About Head of the Department

Dr. S. Manjunath has obtained doctoral degree in 2000 from Bangalore University, Bangalore. He has guided one student for Ph.D. degree in Computer Science and three students in Mathematics and presently guiding five students in Mathematics and one in Mechanical Engineering under VTU. His main area of interest is Applied Mathematics and in particular Fluid Mechanics. Presently, he is associated with Prof. P. Sibanda, University of Kwa Zulu Natal, South Africa, Prof. Andrew T. Chan, University of Nottingham, Malaysia and Prof. Pradeep G. Siddheshwar, Bangalore University, Bangalore in investigating two - and three - dimensional passive solute dispersion in non-linear flows through porous media. The highlight of this work is that it covers Lighthill-, pre-Taylor-and Taylor regimes of dispersion in both Darcy and non-Darcy flows. Apart from his research work, he has delivered invited talks in the field of Fluid Mechanics in many National and International conferences held in India and abroad.

Vision

- Mould the students to acquire mathematical skills required for Engineering education

Mission

- Provide platform to acquire abilities to evaluate problems using analytical/numerical/graphical techniques.
- Provide a back ground for relating mathematical techniques to solve real life problems.
- To involve faculty in research which enriches teaching-learning process.

Students in Physics Laboratory

About the Department

The Physics department has enthusiastic, academically experienced and research oriented faculty headed by Dr. J. Thippe Rudrappa. Department aims in equipping the future engineers with various aspects of fundamental physics, which make them understand, develop and innovate, thus contributing to the technological development of tomorrow. The department is actively engaged in research activities in the areas of Photophysics and Materials Science. Department has got well-established undergraduate laboratory to provide good hands on experience of physics experiments to students. Also, department has research laboratory with facilities developed to carry out research in the field of molecular spectroscopy.

About Head of the Department

Dr. J. Thipperudrappa has obtained doctoral degree in 2004 from Gulbarga University, Gulbarga. He is recognized as Research Supervisor in VTU Research Resource Centre, Belgaum. He has guided four students for M.Phil. degree, one student for Ph.D. degree and presently guiding three students for Ph.D. degree in VTU, Belgaum. His area of research is photophysics that includes investigation of effect of metal nanoparticles/Human Serum Albumin (HSA)/Bovine Serum Albumin (BSA)/Aliphatic and Aromatic amines on photophysical properties of fluorescent organic molecules. Apart from his research work, he has delivered guest lectures in the field of Nanoscience and Nanotechnology for students and teachers of Pre University and degree colleges. He has received research funding from VTU, Belgaum amounting to 8.95 lakhs for three years. He is also the reviewer for three journals in the field of molecular spectroscopy.

Vision

- To be a department to address the needs of application of physics in Engineering.

Mission

- To provide knowledge of Engineering Physics needed for understanding Engineering courses.
- To provide a platform to keep abreast with current happenings in Science & Technology.
- To engage faculty members in research, to enrich teaching-learning process.

Students in Chemistry Laboratory

About the Department

The Department has academically rich experienced and research oriented faculties. Department aims to impart high quality education by inspiring students to come out to compete globally. Also, it aims to make students to contemplate and solve environmental problems of mankind. The Department has provided with well-equipped lab and individual attention is given to the students. Department produces very high percentage of results every year and scaling up to 100%. The Department is actively engaged in research areas of Corrosion, Medicinal Chemistry and Pharmaceuticals.

About Head of the Department

Dr. Jayanna B. K. obtained M.Sc., and Ph.D., from University of Mysore. He has 18 years of teaching experience. To his credit, he is a Co-Author of 'Engineering Chemistry' book published by Star-Tech Publishers, Bengaluru. Presently guiding 05 research scholars in the area of Nano Technology, Phytochemistry and Analytical chemistry. Published over 13 articles in peer-reviewed National and International journals mainly on Pharmaceuticals. He has received a research grant to the tune of ₹ 2 lakhs from VTU, Belagavi.

Vision

- Impart concepts of engineering chemistry for students to comprehend its applications in engineering solutions

Mission

- Provide understanding of applications of chemistry in engineering
- Develop concern for environmental issues and responsibility for preserving green environment
- To engage faculty members in research, to enrich teaching-learning process

Staff Details:

Physical Education

Sports

BNMIT gives equal importance to sports and fitness programs. Our students not only participate and win prizes in various intercollegiate athletic meets, but also represent the university at Inter University Competitions.

BNMIT has organized sports events at the University level. The VTU Intercollegiate Badminton and Table Tennis (Both Bangalore Zone and State Level) for Women and Men was held at BNMIT recently. Also VTU State level Gymnastics, Wrestling and Mallakamba competition was organized by BNMIT.

The sports department takes care of not only sports but also of physical well being and mental alertness of students with various special programs. The staffs are specially trained by "Sports authority of India".

Facilities Available: (Inside the campus)

- Well-equipped Gymnasium
- Tennis Court
- Yoga Centre
- Throw Ball & Volley Ball Court
- Squash Court
- Basket Ball Court
- Table Tennis Court
- Chess
- Indoor Badminton Court
- Carrom

Outside the campus

- Cricket
- Foot ball

Manjuprasad K of EEE Secured 2nd Place in 10000 Mtrs. and 3rd Place in 5000 Mtrs. in VTU Cross-Country race held at Dr. TTIT, K.G.F. for the year 2016

Wnners of VTU Bengaluru Central Zone Tabel Tennis Tournament 2015-16, held at CMRIT, Bangalore

Sports Achievers:

Sl. No.	Name	Event	Achievements
1	Manju Prasad K	Athletic & Cross Country Race	Manju Prasad K of 6 th Semester EEE, Secured 3 rd place in 5000 Metres running race and 2 nd place in 10000 Metres running race in VTU Annual Athletic meet 2015-16 held at Sir. MVIT, Bangalore. He also Secured 3 rd Place in VTU State level Cross Country Competition 2015-16 held at Dr. TTIT, K.G.F. He participated in All India Inter University Cross Country Competition held at Alva's College of Engineering, Moodbidri.
2	Nishanth S.	Swimming	Nishanth S of 2 nd Semester EEE, an outstanding swimmer, secured 02 Gold medals, 07 Silver medals and 03 Bronze medals in VTU, at State level Swimming competition. He has represented VTU in All India Inter University Swimming competition held at Punjab University.
3	Ujwal S. S.	Tennis	Ujwal S. S. of 4 th Semester ECE, secured 1st place in VTU State Level Lawn Tennis Competition. She has been selected for All India Inter University Lawn Tennis Competition scheduled at Dr. NTR University of Health Sciences, Vijayawada.
4	Raksha Ramkumar	Table Tennis & Tennis	Raksha Ramkumar of 2 nd Semester ECE, has exhibited brilliant performance in Table Tennis Tournament. She has secured 1 st place in VTU Central Zone and State Level Table Tennis Competition held at AIT Chikmagalur and has represented VTU in All India Inter University (South Zone) Table Tennis Competitions held at Vikram Simhapuri University, Nellore. She has attained First place in VTU State Level Lawn Tennis Competition, held at PESCE Mandya.
5	Aishwarya R. Bidri	Table Tennis & Tennis	Aishwarya R. Bidri of 8 th Semester ECE is a top performer in Table Tennis. She has secured 1 st place in VTU Central Zone and State Level Table Tennis Competition held at AIT Chikmagalur and has represented VTU in All India Inter University (South Zone) Table Tennis Competitions held at Vikram Simhapuri University, Nellore. She has attained First place in VTU State Level Lawn Tennis Competition, held at PESCE Mandya.
6	Pratik T. V.	Hockey	Pratik T. V. of 8 th Semester Represented VTU in south zone Hockey Championship held at Anna University, Chennai 21 st to 27 th Jan 2015. He represented Indian senior National Hockey Champions held at Saifai (Uttar Pradesh) in the month of April 2016.
7	Thanusha S. P.	Archery	Thanusha S. P. of 4 th Semester ISE Secured First place in VTU Inter Zone Competition 2015 organised by Acharya Institute of Technology, Bangalore on 26 th October 2015.

Winners (men and women) in VTU Bangalore Central Zone and Inter Zone Inter-collegiate Table Tennis Tournament

Thanusha S. P. receiving 1st Prize in VTU State Level Archery Competition

Winners of 2016 VTU Single Zone Tennis (Women's) Tournament held at PESCE, Mandya

YOGA Practice as Part of Curriculum

Health is a State of Complete Physical, Mental and Social well-being and not merely the Absence of Disease or Infirmary —World Health Organization

How many of us, so called healthy people, satisfy WHO's criteria of health? Are the present health systems adequate to achieve this? Is there a scientifically acceptable path for total health that has been unearthed?

The answer is Yes...!!!

It is natural that our body and mind gets disturbed and strained because of the fast pace of our life and the ups and downs of life in the present scenario. The art of maintaining a cool temperament and relaxed mind in spite of these inevitable disturbing factors is an art.

In a bid to promote health consciousness among students, the University Grants Commission (UGC) has proposed setting up of a system that offers yoga and meditation classes to students on the university campus and also at affiliated colleges. The move came as a result of the address by Prime Minister Shri Narendra Modi at the United Nations (UN), where he urged one and all to adopt International Yoga Day. According to UGC's recommendations, the programme involving lessons on yoga and meditation will raise health awareness among students. This will provide students a positive outlook to life and decrease stress. UGC officials further state that, "A clean and healthy mind is as important as clean environment". Even All India Council for Technical Education (AICTE) has advocated yoga session as part of the curriculum.

Education implies collection, classification and processing of information from the outside world. This demands alertness to quickly accept information and concentration to process it. Our environment has many distractions that hinder this process.

Though the World Health Organization stressed the importance of Yoga for quite some time it is after our Prime Minister Shri Narendra Modi's address at WHO, both UGC and AICTE started promoting Yoga for students. It is noteworthy that BNMIT recognized the importance of Yoga for students much before these recommendations and organized Yoga classes for positive physical and mental development that creates an ambience of cool and balanced mind amidst natural distractions.

These classes on Yoga kept stress at bay enabling BNMIT students to tolerate strain associated with life. Yoga sessions every morning helped students maintain harmony between body and spirit. It also increased attention span, improved memory and sharpened focus apart from physical and emotional wellness. BNMIT has realised all the benefits long before the various government bodies advocated implementation of yoga as mentioned above and have made it a part of the curriculum.

Students in Yoga Practice at BNMIT

Hostel Accommodation:

BNMIT provides hostel facilities that are a home away from home. The girl's hostel is located inside the campus and boys hostel a short distance away. The hostels provide homely and hygienic food.

BNMIT Boys Hostel Building

BNMIT Girls Hostel Building

BNMIT Boys Hostel Room

BNMIT Girls Hostel Room

Gymnasium

Students are encouraged to use two state-of-the-art gymnasiums housing the best of equipments imported from USA and South Korea for boys and girls. Students are also provided training from qualified fitness trainer on de-stressing, stretching and scientific breathing. They are also given opportunity to take part in Art of Living program for overall improvement in health and memory power.

Transportation

BNMIT provides transport facility and busses are flying from different locations of Bangalore at convenient timings. Desirous students can avail the facility.

Cultural Activities

KALA BHAGEERATHI, the cultural club of BNMIT identifies and nurtures the inherent talent among the students and provides a platform to exhibit their skills in various fields like ABHINAYA, NAATYA, SANGEETHA, FINE ARTS and LITERARY EVENTS. One of the activities of KALA BHAGEERATHI is 'BNM IDOL' where the best singers compete for the elite title. The cultural team under the able guidance of Prof.N.Sheshaprasad, with ample support from the management, has excelled in all its endeavors.

"KALA BHAGEERATHI" student members are invited on every Ramanavami day celebrations to give music and dance concerts at Dharmagiri Manjunatha temple. The BNMIT cultural team has always given stiff competition at the university youth festival every year, which is the biggest event of the year where almost all Engineering colleges under VTU participate. The "KALA BHAGEERATHI" team has regularly progressed in VTU Intercollegiate Cultural Festivals from 6th Place in 2003, runners up in the year 2006, and has won the coveted top place among all Engineering colleges of Karnataka in 2010 and earned a place to represent VTU in the South India Inter-university Youth Festival and has won many prizes. BNMIT also represented VTU in the South India Inter-university Youth Festival in 2011` and Krishna TV won silver medal and he represented VTU in the NATIONAL LEVEL Competitions held at Tirupati. In 2012 & 2015, Our college team was Second Runner – up at the annual VTU Festival.

BNMIT Folk Orchestra secured Gold Medal in VTU Inter Collegiate Youth Fest-2016
L-R: Vishak, Sumukh, Samarth, Rahul Naik, Nagashree, Anasuya, Bhargavi, Madhuri, Ganesh Ram, Akshay, Ganesh Murthy and Prasanna

Ganesh Ram playing flute in VTU Fest 2016
Securing Gold Medal

Kalbelia Group Dance performance at VTU Fest-2016 by Abhilasha, Vidhya Prabhu, Tejasvini, Sindhu, Sunidhi, Srividhya, Vrunda, Meghana and Sindhoora and Secured Silver Medal

Besides the VTU fest, our students have bagged many prizes in various inter collegiate cultural festivals organized by engineering colleges like IIT Madras, UVCE, NITTE, PESIT, RNSIT, BMSCE, AMC, RVCE, Sir MVIT & CMRIT. The very opportunity to participate at the university level provides each one of the students, a multitude of exposure and experience. The Kala Bhageerathi students multitask and work as a team.

The entire experience is enriching and plays a unique role in BNMIT's efforts to go beyond academics. A very heartening note about Kala Bhageerathi is that all the participants invariably are distinction holders proving that extracurricular activities enhances academic performance contrary to the general belief that sports, NSS, cultural and Environmental activities come in the way of good academic performance.

Folk Dance Performance by Tejasvini, Sindhu, Abhilasha, Vidhya Prabhu, Meghana, Srividhya, Thamanna and Vrunda

"ADITI" of Telecommunication Engineering, Winner of BNM Idol - 2016

Group Singing by Namrata, Anasuya, Madhuri, Bhargavi, Nagashree and Aditi

International | National Events

Dignitaries along with delegates inaugurating International conference on "Power and Advanced Control Engineering"

Resource persons & Delegates at International Conference VCASAN 2013

Dignitaries moving towards Conference Hall

Conferences, Symposia, Seminars and Workshops

1. Electrical and Electronics Engineering department conducted an International conference on "Power and Advanced Control Engineering" from 12th–14th Aug 2015.
2. The 5th International Conference on Signal and Image Processing (ICSIP) from 8th–10th January 2014 held at BNMIT, Bengaluru.
3. International Conference on VLSI, Communication, Advanced devices, Signals & Systems and Networking, VCASAN 2013 – July 17–19' 2013.
4. One Week Faculty Development program on "ARM CORTEX M3" conducted by ECE in association with TRONIKBIT TECH LLP, Bengaluru during 8th–14th January 2016.

5. One Week Faculty Development program on “Recent trends in Power quality issues and mitigations in Electrical systems” conducted by EEE during 18th–23rd Jan 2016.
6. One Week Faculty Development program on “Storage Area Networks: Configuration and Management Simplified” Conducted by CSE during 19th to 23rd Jan 2015.
7. One Week Faculty Development program on “Programmable logic controllers and SCADA systems” conducted by EEE during 19th – 23rd Jan 2015.
8. Six-days Faculty Development Program (FDP) on “Machine Learning” hosted by Department of CSE, during 18th – 23rd January 2016.
9. Five-days Faculty Development program on “Electronic Communication and Trends” conducted by ECE during 19th – 23rd Jan 2015.
10. Five-days Faculty Development workshop on “IT Infrastructure and Management Services” conducted by ISE in Association with ESCI, Hyderabad during 5-9th Jan 2015.
11. Two-days workshop conducted on “Ruby on Rails” by Mr. Aniruddha S.G, Co Founder and Trainer, Mr. Preethan, Trainer, from Design Code Test (DCT) Academy, Bengaluru for 6th Semester CSE students, on 5th & 6th May 2016.
12. Two-days workshop ‘TECHUNT – 2014’ was conducted by Nurture Talent Academy & Computer Society of India on 22nd & 23rd February, 2014.
13. One-day workshop on “Android programming” was conducted for M.Tech 2nd Semester Students (CSE & CNE) on 17th March 2014 by Mr. Chandan, Senior Software Engineer, Aspect software solutions, Bengaluru.
14. One-day workshop on “ANDROID Programming” was conducted for 6th Semester CSE & ISE Students by Mr. Suman Kumar, Manager – Technology, Inforce Computing (India) Pvt. Ltd. Bengaluru on 15th February 2014.

Student Development Programmes

Student volunteers posing after successful conduct of TATVA Event

Students receiving the a project champion award from Sri. Srikanth, Director, Technology Autotech Systems Pvt. Ltd. Bangalore

Interpersonal & Technical Skill Development

The students are trained to develop skills that are necessary to face challenges in the outside world. They are trained in quantitative ability, analytical and logical reasoning, communication skills and etiquettes. All these are integrated with the college curriculum from the first to the sixth semester to enhance students' continuous learning and also monitor their progress through periodic assessments.

To aid student's quest for knowledge and to provide an insight into the research scenario at reputed institutes and industries, departmental associations like ISTE Students Chapter, BETA (BNMIT Electronics and Communication and Telecommunication Engineering Association), ABEEE (Association of BNM Electrical and Electronics Engineering) and BNMIT Campus Club of Lions International conduct various programs to enhance the academic, technical, practical and managerial skills.

A number of lectures, seminars, interactive discussion sessions as well as leadership programs, quizzes etc are conducted.

Final year students are exhibiting their project work in an Exhibition in the presence of Secretary, Dean and HOD of ECE at BNMIT

Other Activities: Community & Social Service

Save the Tiger Campaign by student members of BNM Friends of Nature Club

Bi-annual Nature Club Camp by BNM Friends of Nature Club Students at Anshi & Kulgi Tiger Reserve Forest, Dandeli

Blood donation camp by NSS unit of BNMIT

Adventure & Nature Club

BNM FRIENDS OF NATURE CLUB established in 1995 believes that an understanding of nature will give each individual a better perspective of the world as well as himself. The nature club believes that the public should be made aware of the precarious situation our mother earth finds herself with regard to the Global Warming, Ozone layer depletion, consequent major changes in climatic conditions, erratic monsoon and the consequent floods and drought that would make healthy life on earth next to impossible.

The admission to the nature club is based on the performance of the student in the Entrance Test. Here the students are tested for their interest in wild life conservation and awareness of the environment, previous social activities undertaken etc.

The club is led by Sri Narayan Rao R. Maanay, Secretary BNMIT and assisted by Prof. N. Sheshaprasad and has about 300 student members. First and foremost, they are taught about the importance of our environment and its conservation, awareness about their responsibilities and knowledge of the flora and fauna.

Further, the members are exposed to adventure sports of Para sailing, Mountaineering, Trekking, Water Sports, Environmental Awareness Programs, Tree Planting, Bird Watching, field trips and bi-annual wilderness camps, etc., along with regular audio visual programs and screening of Green Oscar award winning films & documentaries of wild life conservation and environment protection.

Most of the birds are going away from the city as in the name of development; thousands of trees have been cut everyday to broaden the roads. Hence this club has installed a number of NESTING BOXES along with BIRD FEEDERS to give the birds a safe place to live and breed. The members are also encouraged to do wild life photography & essay writing about the trip and the winners are given attractive prizes. The nature club gives most of the students an opportunity to break free from regular routine and experience the complex life in all its simplicity. The major and satisfying achievement of the “Nature club” as well as the other units like cultural forum “Kala Bhageerathi”, the Sports association as well as the other associations is that the participants have an outstanding record in their academics improving from first class to distinctions and more. This has virtually quashed the common belief that students are distracted from their studies by taking part in extracurricular activities as felt by many parents.

White water Rafting in Kali River, Dandeli

Tree plantation programme by Secretary, BNMEI

Mountain Rappelling by Students

BNM believes that the students in this age group are bubbling with energy and need to relax as they cannot be studying all the time. If they are not engaged in these productive activities to use their spare time and spend their energy, there is every possibility that they would use the same for unacceptable activities.

BNM Photography Club

The club provides an opportunity to the student members the art of creative, nature and wildlife photography and to capture the beautiful moments with the able guidance of Prof. Eishwar. N. Maanay, where the members are also taught technology involved in photography at the exclusive editing studio and they edit the photos with the help of latest technology.

National Service Scheme

The National Service Scheme (NSS) unit of BNMIT is participating in various social service activities, by conducting blood donation camps, fund collection during national calamities & organizing rallies and campaigns on various aspects of socio-economic and environmental issues. This unit is running under NSS wing of Visvesvaraya Technological University, Belgaum. During the current year the BNMIT NSS unit Organized Blood donation camp, Polio

drops campaign, Distribution of Books and other stationeries to the nearby government school and Campaigned to bring awareness for practice of Traffic rules and regarding the effects of pollution during Diwali. Dr. A. Pranesha Setty, Associate Professor, Department of Mathematics is the Programme officer of this NSS unit and is well supported by Management, Director, Dean, Principal, Staff and Students of BNMIT

The NSS unit mainly aims at instilling a sense of responsibility in budding Engineers social for service activities in their day to day life.

Nostalgic Moments and Alumni Association

I am very happy to say that I was a student of proud institution BNMIT. In this institute discipline is given highest priority, discipline is meant not only for students but also for all staff members, discipline is followed in different aspects like attendance, time, dress code and not using cell phones within campus etc. Experienced faculty provided excellent lectures, mentoring students, guiding for seminars and projects. Well equipped laboratory with all necessary software installed motivating students to develop their projects within institute. Good R&D center for carrying research. Incubation center helps lot of students. Almost all students are placed at graduate level. Workshops are arranged regularly in collaboration with Computer Society of India.

Thanks with regards

Veena G,

M.Tech. (Computer Science & Engineering)

It's not only important that every student graduates with flying colours, it is of utmost importance that they come out as a respectable human being. B.N.M.I.T. ensures this off every outgoing student. The institute has provided us with excellent laboratory facilities. Having been the main coordinator for the college technical fest TATVA in the year 2015, I was able to develop good organizing abilities and get a very good exposure. Regular visits to industries and exhibits organized by the college have helped me and my fellow students gain a ton of knowledge outside this institute too.

P. Sumukh Surya,

B. E. (Mechanical Engineering)

It was a great experience to be a part of such a reputed institution. The college administration was very enthusiastic and supportive for all co-curricular and extracurricular activities. I thank the entire faculty who were extraordinary and helped us every time. In these 4 years of wonderful journey, I have made friends for life. BNMIT has given the best memorable days of life, which I shall cherish forever.

Aparna B V Gota,

B.E. (Information Science and Engineering)

Software Engineer, Infosys

Alumni Association

The Alumni Association was started by the first batch of students in 2005 with the motto :

- Alumni to come back and interact with students.
- Alumni to take sense of pride and responsibility for doing good things at BNMIT.

Distinguished Dignitaries on their visit to BNMIT

Bharat Rathna Dr. APJ Abdul Kalam, Former President of India

Dr. Kalam opened his speech with the words “you have one of the best auditoriums I have seen”. He addressed the students of Engineering & Management, and interacted with them. He was extremely delighted and remarked about the immaculately organized program as well as the high level of discipline by the students and highly appreciated the conduct of the program.

Dr. Kalam planted a beautiful leechi sapling and had a cup of tea with the Management before bidding good bye to all the students, faculties, staff and Management.

Justice Santhosh Hegde, Former Supreme Court Judge and Karnataka Lokayuktha

This institution has a highly sophisticated Auditorium. This is first time for me that, I have delivered my speech in such a beautiful Auditorium.

I have visited more than 800 institutions and not seen anywhere such a wonderful Auditorium. I am of the opinion that, if an institution, can provide such an excellent infrastructure, it can certainly produce excellent students. I appreciate the students for their academic achievements and other extra-curricular activities.

Prof. Roddam Narashimha, Director, National Institute of Advanced Studies.

“I am very happy with this workshop where major initiative have been taken in renewable technologies. I am also very happy that all these different forces are gathered here, academic institutions, R & D labs, Industries, Engineering Colleges, Teachers, Students, Businessmen.

It is only by coming together of these forces that major changes can occur. From everything I hear this morning such a moment has arrived and I find that BNMIT has been instrumental for this to happen. My best wishes to all concerned at BNMIT.”

Prof. Sadagopan, Director, IIITB Bangalore.

“The success of the workshop could be assessed by the fact that more than 700 delegates were still seated at 6.45 pm which started at 9.00 am in JRD TATA Hall having 680 seats capacity. I have never before seen such a thing happening.

It tells upon the caliber and capability of such a young Institution like BNMIT who have organised a well planned and executed workshop.”

Dr. N.R. Shetty, Chairman ISTE, New Delhi & Former Vice Chancellor, Bangalore University.

“I have seen a large number of Institutions particularly technical institutions in different parts of the country. I am indeed happy that this young institution founded by these dynamic people in the year 2001 has come up so well.”

Mr. M. Chandrasekaran, Advisor, SIRF Technologies & Former CMD Impulse Soft.

“I realised that within 5 years of the college being established, you have organised 4 such successful and truly National Workshops. To me, it says a lot about the persons who are the prime movers of this Institution envisioning establishment of a leadership potential for BNMIT among colleges in Karnataka.

It takes courage and vision for taking such praiseworthy initiatives. I know that within the next couple of years, BNMIT will rank among the very best engineering institutions in India. Congratulations.”

Krish (Gopalakrishnan), COO, MD, Infosys Technologies Limited.

Optimism is important, positive thinking is more important and confidence with ability to change is most important. I congratulate BNMIT and all the people behind it for showing all the characteristic. I am part of the “BITES” index and congratulate BNMIT for getting such a high ranking in such a short time.

Counselling and Welfare of Students

BNM Institute of Technology ensures that students enjoy a very cordial atmosphere inside the campus and that the seniors treat juniors in a friendly and helpful manner guiding through various phases of their acclimatization to the college environment, academics and other activities.

To facilitate the process, various committees have been formed which ensure smooth and trouble free educational and friendly atmosphere to students.

Anti Ragging Committee

BNMIT has a zero tolerance ragging in the campus and strict measures have been taken to curb the ragging in the campus and hostels in accordance with Hon'ble Supreme Court directions for all education institutions in the country. The institute is successful in creating friendly atmosphere in the campus and hostels through by Educating and Mentoring both junior and senior students and strict vigilance has been taken round the clock. A Fresher's day is being organized by senior students who will create a platform for their juniors to showcase their talents to participate in the college cultural events like Kala Bhageerathi, University events, etc.,

Grievance Redrassal Cell

BNMIT has created a friendly environment for all staff members and students in the campus. Issues related to work, human relation, harassment and injustice in any other form will all be addressed by Grievance Committee.

The referred matter will be taken up by the committees and all affected and involved persons will be inquired and suitable decisions will be taken.

Committees have been formed to carryout enquiry of any such complaints, and to carryout surprise visits to hostels and key places in the campus.

Driver's daughter bags seven gold medals at VTU convocation

BELAGAVI, DHNS: Niveditha M, a BE (Civil) student of Global Academy in Bengaluru with a score of 89.01% bagged seven gold medals, the second highest at the 15th annual convocation of the Visvesvaraya Technological University here on Friday.

What makes her achievement remarkable is that she is daughter of a group 'D' employee of the state government. She has proved that financial hurdles need not hinder academic performance.

Niveditha had always been a meritorious student in school as well as junior college. She maintained it in even in her engineering course. She secured an aggregate 89.01% and bagged seven gold medals. A delighted Niveditha said she plans to join Indian Engineering Service clearing the all India exam and serve society. She attributed her success to

Gayatri Prabhu, Niveditha M and Deepthi Devaraj pose with their gold medals at the 15th Convocation of Visvesvaraya Technological University in Belagavi on Friday. DH PHOTO

hard work, support and cooperation from her mother Sunanda and father Mahadev B.V, a driver in Department of Pre-University Education and her college faculty. Currently, she is working as a quality control

engineer with Shobha Limited, Bengaluru.

M Gayatri Prabhu, a student of GSSS Institute of Engineering and Technology Women College, Mysuru, emerged the golden girl bagging the highest

number of nine gold medals. Gayatri was confident of emerging among the 10 toppers in the university, but stood first. "I was expecting to be among top 10. But being at the top among all branches in the varsity is exciting," she said. "It is the happiest moment of my life," she remarked.

Daughter of M Vinod Prabhu, a cashier in IFBI and Shoba, a house wife, Gayatri is presently working as associate software engineer in Tech Mahindra in Bengaluru. She wants to work for the next two year and later take up M.Tech.

Deepthi Devaraj, a student of BNM Institute of Technology, Bengaluru, the third topper, secured six gold medals. She is employed as an associate software engineer with Robert Bosch in Bengaluru and wants build a career for herself in the software industry.

Golden Girls steal VTU show

Top three gold medallists of VTU are girls and studied 7-8 hours a day

EXPRESS NEWS SERVICE
@ Belagavi

THE top three gold medallists of Visvesvaraya Technological University (VTU) have many things in common. They are all girls and studied 7-8 hours a day. They credit their parents, teachers and friends for their success because of their support and guidance.

All the three golden girls, who were awarded medals at the VTU convocation on Friday, are currently working in Bengaluru.

Mysuru girl Gayatri Manjeshwar Prabhu (BE in electrical and electronics) received the highest of nine gold medals, followed by M Niveditha (BE in civil engineering) who secured seven gold and Deepthi Devaraj (BE in computer science and engineering)

Gold medallists Gayatri Manjeshwar Prabhu, M Niveditha and Deepthi Devaraj

her parents feel proud. Having passed with 88.01 per cent marks, she wants to serve the society by passing civil service examinations and build her career in Indian Engineering Service. Niveditha's father is as a driver in the Pre-University Education Department and mother Sunanda is a homemaker.

Niveditha is currently working as a quality control engineer with Shobha Limited. Deepthi who secured 85.94 per cent marks, has still not planned her further studies.

Gayatri was a student of GSSS Institute of Engineering and Technology for Women in Mysuru. Niveditha studied at Global Academy of Technology in Bengaluru and Deepthi is an alumna of BNM Institute of Technology in Bengaluru.

The other gold medallists included Rajnish Bhusal of Reva Institute of Technology and Management, Bengaluru (five gold medals), Ullas Bharadwaj DR of RNS Institute of Technology, Bengaluru (five), Tribikram Rajaure of Brindavan College of Engineering, Bengaluru (four gold), Aarti Jha of JSS Academy of Technical Education, Bengaluru (four gold).

Special day for VTU students

VIJAYKUMAR PATIL

BELAGAVI: It was a special day for students at the 15th annual convocation of Visvesvaraya Technological University on Friday. Those who bagged gold medals expressed their gratitude to their teachers and parents for their support.

Deepthi Devaraj S. of B.N.M. Institute of Technology, Bengaluru, won six gold medals

and one cash award for securing the first rank in B.E. Computer Science and Engineering. Her father, Devaraj S., is also an engineer and works at Buhler India Limited, Bengaluru. Her mother is a former postal assistant. Niveditha Mahadev, a student of Global Academy of Technology, Bengaluru, won six gold medals and one cash prize for having secured the first rank in B.E. Civil Engineering.

ಚಾಲಕನ ಪುತ್ರಿಗೆ 7 ಚಿನ್ನದ ಪದಕ

ವಿಟಿಯು 15ನೇ ಘಟಿಕೋತ್ಸವ: ಪದಕ ಬೇಟೆಯಲ್ಲಿ ಯುವತಿಯರೇ ಮುಂದು

ಬೆಳಗಾವಿ: 'ಅಪ್ಪ, ತಾಯಿ ವರ್ತಿಯುತ್ತಿದ್ದ ಕಠಿಣ ಸಂಬಳದಲ್ಲಿಯೇ ನನ್ನನ್ನು ಓದಿಸಿದರು. ಮೆರಿಟ್‌ನಲ್ಲಿ ಸಿಟಿ ಪದವಿ ಕೊಂಡಿದ್ದ ನನಗೆ ಕಾಲೇಜಿನ ಉಪನ್ಯಾಸಕರು ಕೂಡ ಪುಸ್ತಕಗಳನ್ನು ಕೊಡಿಸಿ ಸಹಾಯ ಮಾಡುತ್ತಿದ್ದರು. ಗ್ರಂಥಾಲಯ ದಿಂದಲೂ ಪುಸ್ತಕ ಎರವಲು ಪಡೆದು ಓದುತ್ತಿದ್ದೆ. ನನ್ನ ಶ್ರಮ ಸಾರ್ಥಕವಾಯಿತು'.

Student entrepreneurs mean business

BENGALURU, DHNS: At a time when the use of heavy chemicals in farming has wreaked havoc on the soil fertility and on the lives of farmers, two biotechnology students from the State have come up with an eco-friendly and organic pest control agent that can control as many as 200 species of pests and insects.

Metarhizium Anisoplaea is the name given to a strain of an entomopathogenic fungus (a fungus that acts as a parasite on insects and disables or kills them) that was developed by Ritesh M Sanu and Prerana J Kotti, students of BV Bhoomaraiddi College of Engineering and Technology, Hubballi. The BVB College team was one of the four finalists of the business plan presentation competition, Manthan, organized by FKCCI here on Thursday.

Chief Secretary Kaushtik Mukherjee presents FKCCI grand finale Manthan 2015 award to Ritesh M Sanu (extreme L) and Prerana J Kotti (extreme R), of BV Bhoomaraiddi College of Engineering and Technology, Hubballi, organised by FKCCI in the City on Thursday. FKCCI President S Sampathraman is with them. CH PHOTO

Talking about the functionality of the pest control agent, Prerana said, "The strain that has been identified by us is every thermo-tolerant. It can even withstand temperature of up to 40 degree Celsius." There are also a wide range of innovative

formulations of the agent in the form of powder (talci), oil (rice brain oil) to name a few, she added. The multipurpose agent comes easy on pockets. With an objective to deliver economical and eco-friendly products for agriculture like the

Metarhizium Anisoplaea, the two students are planning to start a life science company, Bio-Rise Science.

Another finalist, Vasudev R, came up with a business concept of making good quality stringed musical instruments like violin and guitar at a lesser cost than those presently offered in the market. In fact, the second year student at BNM Institute of Technology, Vasudev has already designed and even performed at a few concerts using a violin that was designed by him. "I have already received as many as 7 orders for similar violins," he said. Reverb Instruments is the name of his to-be company.

Sushil Vachani, Director, Indian Institute of Management, Bangalore, who delivered the key note address on the occasion had words of wisdom for the budding entrepreneurs.

Hourly SMS for parents on ward's attendance

BNMIT engineering college introduces what it calls a 'fool-proof' bunking alert system

Sridhar.Vivan
 @timesgroup.com
 TWEETS @SridharVivan

Across the world, teenage years are about irreverence, breaking rules and testing limits. But tell that to Bengaluru colleges and they will laugh in your face. Dress codes were not enough in some of the colleges, now they will update your mum and dad about your attendance. In short, your bunking days are history, my friend.

PARENT DEFENDS MOVE

With increased clashes between colleges, and students and parents over attendance, newer methods are being devised to keep

HOW BUNKING ALERTS WORK

The latest on your ward's attendance

- STEP 1:** Faculty members will update attendance after every period
- STEP 2:** The attendance is uploaded to the server
- STEP 3:** The software will identify absentees and send an SMS to the parents' registered cellphone numbers.
- STEP 4:** The process repeats after every period

the bunkers at bay. A city-based engineering college has introduced an hourly attendance update to parents. Banashankari-based BNMIT will alert parents if a student fails to attend a class. A parent justified the move, saying the college had taken the cautious step after a student challenged the college decision of not allowing him for

the exam due to his attendance shortage. The issue had even reached the court.

As per the new rule, faculty members will update the attendance after each period. Once the attendance is uploaded onto the server, the software will note the absentees and send a text message to the parents' registered cellphone numbers.

The process is repeated after each period leading to parents getting hourly alerts about their child's attendance. Confirming the move, BNMIT dean Dr K Ranga said, "We wanted a foolproof attendance system where in we wanted to encourage students to attend class and hence introduced the system."

VTU TO FOLLOW SUIT

It may be noted that the Visvesvaraya Technological University (VTU) is also planning to introduce a system where colleges will update attendance periodically and send it to the varsity. At the end of six months, just before going to the exams, the software will only list students with the requisite 75 percent

attendance. Even if a student misses the mark by a single percent, the software will not list his or her name. In most colleges, students without the requisite presence in classes are ineligible to write exams. However, some allow students to attend exams after collecting 'hefty' fines which vary from Rs 1,000 to Rs 10,000 per subject, depending on the shortage. As a result, a student may be asked to pay Rs 1,000 for 70 percent attendance and above, Rs 5,000 for attendance around 50 percent and Rs 10,000 for those below 50 percent attendance.

The move will not be news for students of Jain group of institutions where such a system has already been in force for a couple of years.
