RAISONI
GROUP OF INSTITUTIONS

VISION

To achieve excellent standards of quality education by keeping pace with changing technologies and to create technical manpower of global standards with capabilities of accepting new challenges

MISSION

Our efforts are dedicated to impart quality and value based education to raise satisfaction level of all stake holders. Our strength is directed to create competent professionals. Our endeavor is to provide all possible support to promote research & development activities.

From the Desk of Chairman & Secretary

Sunil Raison
Chairman RGI

Mrs. Shobha Raison
Secretary RGI

Innovation is the key to the progress in the modern world. In our pursuit of excellence, we are constantly striving to upgrade newer areas of education to make our programs more relevant to the students, firms and stakeholders. Our prime aim is to enhance the employability of students. We endeavor to provide a rewarding experience for the students so that they can meet the challenges and demands of the corporate world and society through successful careers. As we have embarked on our journey we seek the active association of the corporate world to partner with us for the various opportunities. Our dream is that GHRCE should play a definitive role in shaping the careers of tomorrow's leaders and develop individuals who can impact global development. We wish to provide to the nation good quality trained human resources having inquisitive minds and persistence to change their own and organization's lives and contribute for Nation building.

We wish a successful career to our graduates.

From the Desk of Director

Dr. Preeti Bajaj
Director GHRCE

We at GHRCE endeavor to enable our students to move forward confidently; to embrace change rather than follow; to innovate rather than remain stagnant and to initiate rather than respond and thereby to become competent professionals and dynamic entrepreneurs in a rapidly changing economic and industrial environment.

The curriculum at GHRCE is designed to not only provide students with extremely strong technical knowledge but to also hone their personal development so that they become well-rounded individuals who are an asset to any organization that they are a part of. Our students receive opportunities to learn not just through well-designed classroom and laboratory activities but also through active participation in research and industrial collaboration projects, internships, student societies and competitions, and social service activities, and through exposure to entrepreneurship from an early stage.

In addition to developing excellent scientific and engineering skills our graduates have been molded into well- rounded personalities, given their exposure to working as teams on projects, developing presentation and communication skills, and actively participating in extracurricular activities.

I heartily welcome manufacturing and R &D establishments, companies in IT, services, utility and other sectors to the GHRCE campus for recruitment of our graduates. You will recognize the availability of choice of bright and talented engineers with requisite skills that can solve your challenging engineering problems and add value to your organization.

Institute at a Glance

G.H. Rasoni College of Engineering (GHRCE) Nagpur, established in 1996, is an autonomous institution affiliated to Rashtrasant Tukadoji Maharaj Nagpur University. The institute became autonomous in 2010 for a period of six years till 2016 and UGC has renewed autonomous status till 2022.

GHRCE offers 07 Undergraduate, 14 Postgraduate and 10 Doctoral programmes in engineering with total intake of 1452. The total strength of engineering students is around 5000. It has been accredited with "A" grade by NAAC in 2012. It has completed three cycles of NBA accreditation and re-accreditations. Currently, it's all (seven) undergraduate programs are accredited under Tier-I. Also six postgraduate programs have been accredited and four postgraduate programs were re-accredited by NBA. It also offers MBA & MCA courses with intake of 60 each. This makes its total intake capacity to 1572. GHRCE has received number of Sponsored research projects from DST, AICTE, IET, UGC, etc worth Rs.3.2 crores and Rs.5.00 crores for TEQIP-II.

Our Pride

- Autonomy
- Accreditation by NBA (Tier-I), NAAC
- Beneficiary of World Bank Assistance projects, TEQIP-I (2004-2009) with highest performance audit score amongst 124 institutes
- Selected for & implementing TEQIP-II -One amongst 14 private institutes across Nation
- Ranked 6th by Indian Patent Office for filing patents. 103 patents filed.
- QEEE centre for IIT Madras
- 6 months internship in industries for students
- Employability Skills and report writing course as GP course
- CRT workshops, Resume making, GD PI, Aptitude cracking workshops
- Soft Skills and Advanced communication
- Skills Course
- Foreign Language course as GP course
- EDP programmes
- Interdisciplinary electives and projects
- Professional society activities
- Real life problems from industries as UG/PG level projects

About Placements

GHRCE has always been a pride in itself on the quality of the campus placements it offers to the students. The industry in and around Maharashtra, and indeed many from far off, look to recruit the best brains entering the industry from GHRCE. Institute also offers the training to face the job interviews and group discussions which students are expected to go through. It also ensures the readiness of the students to prepare themselves for the opportunities awaiting for them.

Institute has a dedicated team with the objective of organizing campus recruitment programs, provide placements to students, helping to get sponsorships for projects, internships etc. This team coordinates with the HR departments of various companies/industries and invites them for on-campus placement of students. Moreover, every department has a T&P coordinator from amongst the faculty to counsel and coordinate the students.

The institute has taken efforts to incorporate some of the global trends so that the students get prepared to face the global competition. The institute is committed to provide quality engineering education to all its stakeholders. The alumni of the institute are placed at good positions. The institute has always given importance for the overall growth of the student thereby making them competent enough to face challenges of the era of technology.

Procedure

All the Final Year students (UG – after Sixth Semester and PG – after second semester) have to mandatorily register with T & P cell by filling up the requisite form along with resume, testimonials, and photograph plus they have to keep on updating there data with the T&P Cell.

Training programs in Soft skills, Personality development, aptitude/interview/group discussions competencies – arranged free of charge prior to the commencement of actual Placement activity.

All the companies in the database are invited to be part of the Placement process well in advance and consistent follow up is exercised. IT /Software services companies are first to be scheduled on campus, since they are mass recruiters. Core and dream (discipline specific) companies are invited in the second schedule.

The day and date allotment to the particular company of a typical category is decided with consensus amongst Students and T & P cell authorities, based on well defined criteria. On the day, the process starts with Pre-placement talks regarding Company and job profile, service terms and conditions, followed by written test, GD and Interviews as applicable. The shortlisted candidates are informed about their selection on the same day.

Offer letters received from the companies are distributed to Students through T & P cell. Student Placement Committee (SPC) members actively participate in the whole activity. Records of Placement are documented, updated and preserved for future usage. The activity continues through-out the Year.

UG Courses

- B.E. (Civil Engineering)
- B.E. (Computer Science & Engineering)
- B.E. (Electronics Engineering)
- B.E. (Electrical Engineering)
- B.E. (Electronics & Telecommunication)
- B.E. (Information Technology)
- B.E. (Mechanical Engineering)

PG Courses

- M.Tech (Heat Power Engineering)
- M.Tech (Integrated Power Systems)
- M.Tech(Computer Science and Engineering)
- M.Tech(Electronics Engineering)
- M.Tech(VLSI)
- M.Tech(CAD/CAM)
- M.Tech(Environmental Engineering)
- M.Tech(Transportation Engineering.)
- M.Tech(Mobile Technology)
- M.Tech(Communication Engineering)
- M.E. (Embedded Systems and Computing)
- M.E. (Wireless Communication & Computing)
- M.Tech (Power Electronics & Drives)
- M.Tech (Structural Engg)
- MBA
- MCA
