FOUNDER OF THE COLLEGE

Late Shri Brij Krishan Chandiwala
1900 - 1986

Shri Brij Krishan Chandiwala, the founder of Janki Devi College was born in 1900 in a reputed family. As the third son of a flourishing silver merchant's family, there were no domestic pressures on him to join the family business. After the early demise of his wife, he joined the freedom movement led by Gandhiji.

His mother's entreaties to remarry fell on deaf ears. Brij Krishanji became a true disciple of Gandhiji. He went to jail several times during the freedom movement. When Gandhiji started the agitation against the Salt Law, Brij Krishanji took an oath to give up salt and sugar for life. He was forced to break this vow in the last days of his life on health grounds.

At Gandhiji's behest, he had a prayer temple built in a Harijan Colony. He started the Delhi chapter of the Bharat Sewak Samaj, an organization for the upliftment of the underprivileged.

In 1959, Shri V.K.R.V. Rao, the Vice-Chancellor of Delhi University, appealed to the wealthy philanthropists of the city to come forward to open girls' colleges in Delhi. It was then that Brij Krishanji, who had no children of his own, donated all his inherited wealth to the family trust, Shri Banarsidas Chandiwala Sewa Smarak Society, in the memory of his late mother, Smt. Janki Devi. Till his very end, this great visionary remained our mentor and guide.

Today Brij Krishanji is remembered for his social service and closeness to Gandhiji. When Nathuram Godse fired that fatal shot, Bapu fell backward into the arms of Brij Krishanji, who was sitting right behind him.

PROSPECTUS 2017-18

Message from the Principal

Dear Students,

I warmly welcome you to Janki Devi Memorial College, University of Delhi!

You stand at the threshold of a very important time in your life. In this unique 58 year old college, you will find the perfect space in which to evolve, take wings and soar to the greatest heights. Why do I say this? Let me give you a brief idea about the mission and goals of this College so that you understand what your journey for the next three years will be governed by.

With a firm belief in Gandhian philosophy, JDMC believes that gaining access to a college is not an end in itself; what matters is the quality of education imparted and received within that college which should be of lasting value. When students graduate from the college, they should do so with a well-rounded personality. They should not only have attained a certain academic milestone but should also have a heightened sense of social consciousness, a thorough knowledge of their rights and duties accompanied by the right attitude and the rigour to face the world as empowered young women.

Implementing these objectives is an entire team constituted by the Management (with a highly motivating Trust body), some of the finest Faculty of the University, a proactive non-teaching staff and extremely dynamic Alumnae. JDMC is proud of the disciplined way in which classes are held in this college with regular tutorials as well as remedial classes. The University rules regarding internal assessment are strictly followed by us and we do not believe in compromising with them. The central location of the college, the ease with which one can access it on the Metro line and the sight of the impressive building with lush greens, make it a home away from home. The classrooms are clean, comfortable and well ventilated; the premises contain a common room and a medical room with a sanitary napkin vending machine; an open air auditorium; a bank; a multicuisine and attractive cafeteria; computer laboratories; audio visual rooms; a photo copying centre as well as a Mother Dairy booth. The grand library houses over a lakh books and is fully computerized. The most exciting development is that we are on the verge of completing our Hostel and this will cater to a hundred plus students!

We have recently won a Green Campus Award from WAGE and the college is well known for its many environmentally sound practices such as rain water harvesting, solar paneling and the development of the eco zones on campus. The ramps, the Braille sections of the library, the tactiles on the floors and the elevator are some of the ways in which we assist the physically challenged. Those who are economically marginalized are assisted through fee concessions and scholarships by us. Students of this college not only receive the best of scholarly training but have ample opportunities to participate in a wide range of extra and co-curricular activities through the various clubs and Societies such as sports, NSS, NCC, Western and Classical dance and music, debate, photography, creative writing, theatre, investment cell and so many more. The Non collegiate Women's Education Board and the Janki Devi Vocational Centre are two more assets of the college.

There can be no better place than JDMC for one to learn how to become a global citizen with the ability to contribute to society meaningfully. I wish you the very best of luck. God bless you.

CHOICE BASED CREDIT SYSTEM (CBCS)

The CBCS provides an opportunity for the students to choose courses from the prescribed courses comprising core, elective/minor or skill based courses. The courses can be evaluated following the grading system, which is considered to be better than the conventional marks system. Therefore, it is necessary to introduce a uniform grading system in the entire higher education in India. This will benefit the students to move across institutions within India to begin with and across countries. The uniform grading system will also enable potential employers in assessing the performance of the candidates. In order to bring uniformity in evaluation system and computation of the Cumulative Grade Point Average (CGPA) based on student's performance in examinations, the UGC has formulated the guidelines to be followed.

Outline of Choice Based Credit System:

1. Core Course: A course, which should compulsorily be studied by a candidate as a core requirement is termed as a Core course.
2. Elective Course: Generally a course which can be chosen from a pool of courses and which may be very specific or specialized or advanced or supportive to the discipline/ subject of study or which provides an extended scope or which enables an exposure to some other discipline/ subject/domain or nurtures the candidate's proficiency/skill is called an Elective Course.
 - 2.1 Discipline Specific Elective (DSE) Course: Elective courses may be offered by the main discipline/ subject of study is referred to as Discipline Specific Elective. The University/ Institute may also offer discipline related Elective courses of interdisciplinary nature (to be offered by main discipline/subject of study).
 - 2.2 Dissertation/Project: An elective course designed to acquire special/ advanced knowledge, such as supplement study/support study to a project work, and a candidate studies such a course on his own with an advisory support by a teacher/faculty member is called dissertation/project.
 - 2.3 Generic Elective (GE) Course: An elective course chosen generally from an unrelated discipline/ subject, with an intention to seek exposure is called a Generic Elective.

P.S.: A core course offered in a discipline/subject may be treated as an elective by other discipline/ subject and vice versa and such electives may also be referred to as Generic Elective.
3. Ability Enhancement Courses (AEC)/Competency Improvement Courses/Skill Development Courses/Foundation Course: The Ability Enhancement (AE) Courses may be of two kinds: AE Compulsory Course (AECC) and AE Elective Course (AEEC). "AECC" courses are the courses based upon the content that leads to Knowledge enhancement. They ((i) Environmental Science, (ii) English/MIL Communication) are mandatory for all disciplines. AEEC courses are value-based and/or skill-based and are aimed at providing hands-on-training, competencies, skills, etc.
 - 3.1 AE Compulsory Course (AECC): Environmental Science, English Communication/ MIL Communication.
 - 3.2 AE Elective Course (AEEC)/SEC: These courses may be chosen from a pool of courses designed to provide value-based and/or skill-based instruction.

Project work/Dissertation is considered as a special course involving application of knowledge in solving / analyzing /exploring a real life situation / difficult problem. A Project/Dissertation work would be of 6 credits. A Project/Dissertation work may be given in lieu of a discipline specific elective paper.
