WHAT IS TECH BEE PROGRAM FROM HCL?

- Tech Bee - HCL's Early Career Program's focus is to provide employment oriented training to a candidate right after class XII for IT jobs in HCL. You will be trained for a period of 12 months to become an IT Engineer
- While working with HCL, you will pursue higher education from BITS Pilani/ SASTRA University*
- The fee for this program is INR 2 lakh + applicable taxes. Financial assistance is arranged in a way that there is no financial burden on parents or students and deduction of paid fee starts from 1st year of employment
- During training, you will get a stipend of INR 10,000 per month
- Earn a starting salary of INR 2.0 Lakh per annum
- Get 100% program fee waiver (if you score 90% and above in your training) and 50% fee waiver (if you score between 85-90% in your training)
- After Successful completion of the training, you will get to work in prestigious projects for entry Level Jobs in areas of Application and Infrastructure Support, Testing and CAD Support

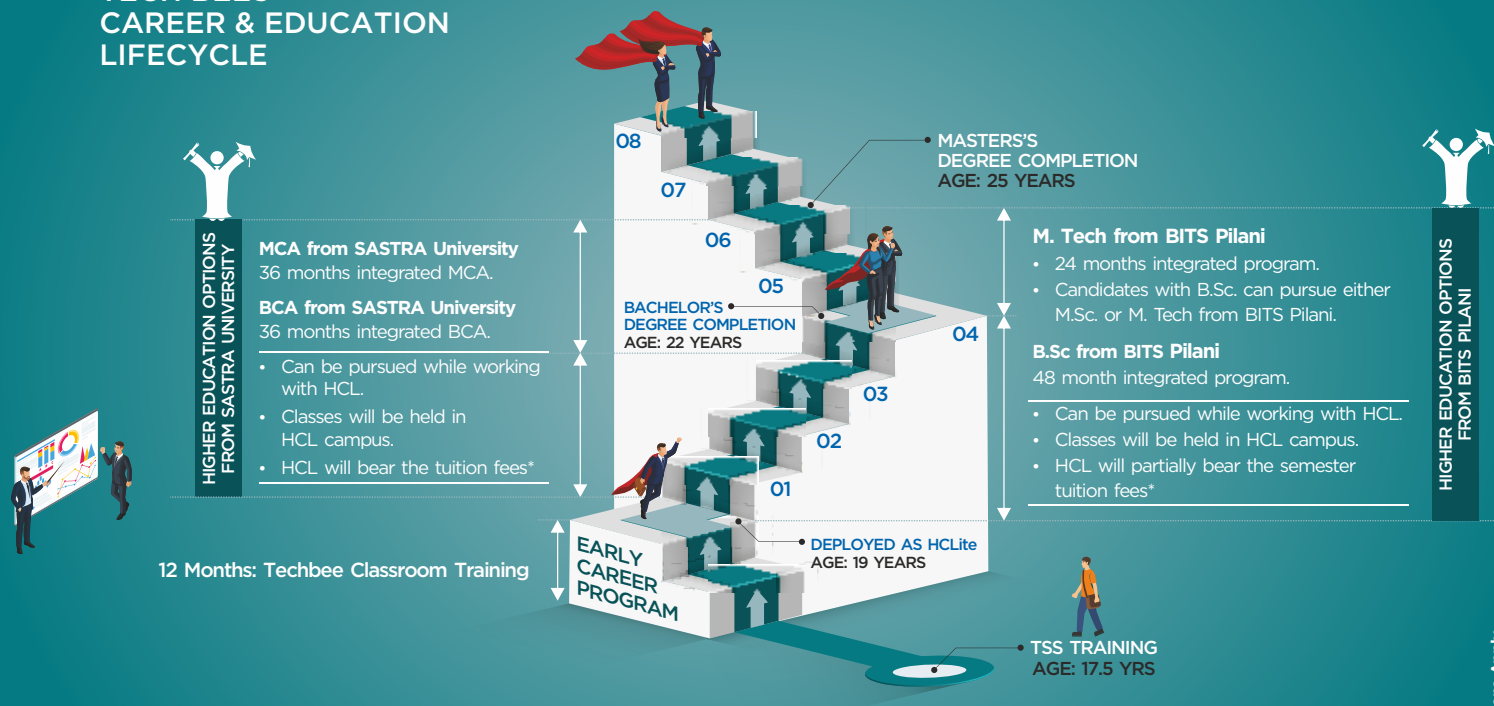

ELIGIBILITY

- Cleared class XII with mathematics
- Year of completing class XII should be 2018 or 2019
- Should have scored a minimum of 60% marks in class XII
