DEVELOPMENT
REPORT

THE NANYANG MBA EDGE

The customised learning journey and high-impact career support have been instrumental in helping transform the careers of Nanyang MBA graduates.

9 OUT OF 10

graduates have successfully transformed one aspect of their careers.

Read on to find out how GSCDO has worked with Nanyang MBA participants to help them achieve their career aspirations.

The Nanyang MBA offers a flexible, interdisciplinary, and customisable learning journey. Leveraging Nanyang Technological University's rich heritage in technology and innovation, our programme focuses on developing innovative thinkers and problem-solvers poised to excel in the digital age.

We cultivate effective and agile leaders who embrace uncertainty, accept ambiguity, and are prepared to lead multicultural teams in a globalised workplace. Benefit from the expertise of our world-class faculty and the diverse perspectives of a global cohort to accelerate your transformation in dynamic Asia.

Additionally, collaborate with a team of experienced and passionate career consultants at the Nanyang Business School's Graduate Studies Career Development Office (GSCDO) to fast-track your career journey and achieve your post-MBA career goals.

CATALYSING CAREER TRANSFORMATIONS

The GSCDO at Nanyang Business School works with graduate students to catalyse career transformations. With our team of experienced professionals, all hailing from the industry, GSCDO guides students in unlocking their full potential and supports them in their journey of self-discovery.

SELF-DISCOVERY

Provide one-on-one guidance to help students gain a deeper understanding of their career plans and create a roadmap to achieve their goals.

WORKSHOPS AND EVENTS

Conduct workshops, seminars, and industry talks to provide industry insights and market outlook to equip students with the relevant skill set for the job market.

JOB SEARCH

Provide access to relevant platforms and tools to aid students with the job search process.

CONNECTING TO NETWORKS

Connect students to a community of alumni, industry mentors, coaches, and employers, to support them in their career journey.

EMPLOYER TESTIMONIALS

Shopee continues to welcome NBS Masters and MBA students and graduates into various teams, from marketing to business development to operations. They have demonstrated strong technical and soft skills that are relevant to our dynamic e-commerce industry. Many have grown to be strong contributors in their teams and we are grateful for the strong foundation they received at NBS.

Given their diverse backgrounds, NBS graduates possess a wide range of experiences that are invaluable to drive our business growth. We look forward to welcoming more NBS graduates, shaping more leaders in our field, and strengthening our partnership with NBS moving forward.

Elijah Yong
People Team,
Shopee

PwC Advisory has been a major employer of NBS graduates over the past three decades. As a partner, I have had the pleasure of working closely with them, many of whom have risen through the ranks to be partners or directors in our practice, or moved on to senior roles in other organisations. NBS graduates stand out with their solid technical skills, combined with the right aptitude and attitude.

Ong Chao Choon
Advisory Leader, PwC Singapore
Managing Partner, PwC Myanmar

It has been a pleasure for P&G to partner with the NBS Career Development office over the years. We have welcomed several NBS postgraduate talents in P&G as management interns and full time employees. Several of them have now progressed to new roles within the company. NBS postgraduates have been a pleasure for us to work with, and we've observed positive competencies in their leadership skills, ability to collaborate meaningfully, and ability to translate consumer insights into action. We look forward to future partnerships with the NBS Career Office to continue fielding the brightest postgraduate talents to touch and improve the lives of our consumers.

Joy Peh
Manager, Singapore Campus Recruitment,
Talent Development,
Equality and Inclusion
P & G

As part of Dole's Management Associate Program, we have been working with NBS for the past four years to reach out to their pool of excellent candidates and have successfully placed several of them into our exclusive program where NBS graduates take up the majority of seats. We find the NBS candidates to be extremely high calibre with high intellect, agility, and an innovative and global mindset. Not only do they tend to have good work experience already under their belts, they also seem to possess desirable personality traits - humility, ability to deal with ambiguity and willingness to "roll up their sleeves". Further, working with the NBS Career Development office has been a collaborative and smooth process. We look forward to placing more NBS students with Dole.

Agatha Goh
Director, Human Resources,
Dole Asia Holdings Pte Ltd
