PART II: INTERNAL ASSESSMENT (PRACTICAL) – 100 MARKS

Practical Work

- Practical Examination – 40 Marks
- Practical File – 10 Marks
- Viva Voce (based on Practical Examination/File) – 20 Marks

The Practical Work allows candidates to demonstrate that they have knowledge and understanding of performing a task. This will include the hands-on Practical Examination and viva-voce. In addition, candidates will be required to maintain a practical file of the work done throughout the year.

*Candidates will be required to perform any **two** practicals selected by the external examiner. The two practicals selected by the external examiner will be from different units of the syllabus.*

Project Work

- Report of Field Visit/Project – 10 Marks
- Student Portfolio – 10 Marks
- Viva Voce (based on Report of Field Visit/Student Portfolio/Project) – 10 Marks

Project Work aims at assessing the practical skills of candidates over a certain period of time. This includes report of field visits, project undertaken, student portfolio along with viva-voce.

*Candidates are required to have completed **one** project on a topic of their choice from any topic/allied aspect covered in the syllabus. The project may include case study (example, study of a local industry/business), survey, model making, poster making/creation of audio-visual aids, interview of an entrepreneur from the local industry, etc.*

Candidates should maintain record of the field visits undertaken during the year. This should include subject-specific information obtained from the experts/observations made during the field visits.

The student portfolio is a compilation of work done by the candidate throughout the year, and may include reports, articles, photos of products prepared by the candidate in relation to the unit of competency.

EVALUATION

The practical and project work is to be evaluated by the subject teacher and by an External Examiner. The External Examiner shall be nominated by the Head of the school and may be a teacher from the faculty, but not teaching the subject in the relevant section/class.

The Internal Examiner and the External Examiner will assess the candidate's work independently.

Award of Marks	(100 Marks)
Subject Teacher (Internal Examiner)	50 marks
External Examiner	50 marks

The total marks obtained out of 100 are to be sent to the CISCE by the Head of the school.

The Head of the school will be responsible for the online entry of marks on the CISCE's CAREERS portal by the due date.

Teaching-learning Activities

For effective transaction of the subject content a combination of classroom activities, practical work and field visits/educational tours are to be used by the teacher.

Special emphasis should be laid on occupational safety, health and hygiene while conducting the teaching-learning activities.

Classroom Activities

Classroom activities, including, interactive lecture sessions followed by discussions, should be conducted by the subject teachers, using a variety of instructional or teaching aids such as, audio-video materials, colour slides, charts, diagrams, models, exhibits, hand-outs, online teaching materials, etc.

Practical Work

Practical work may include but not be limited to hands-on training, simulated training, role play, case-based studies, exercises, etc. Equipment and supplies should be provided to enhance hands-on learning experience of students. Only trained personnel should teach specialized techniques.

Field Visits/Educational Tours

Students should be taken for field visits to give them an opportunity to interact with experts and to expose them to the various tools, equipment, materials, procedures, and operations in the workplace. During field visits, students should obtain subject-specific information from the experts or make a record of the activities observed.

A checklist of observations to be made by the students during the field visits should be developed by the teachers for systematic collection of information by the students on various aspects.

For example, visit a salon and observe the following: location, ambience, facial room, manicure/pedicure room, work area, hygiene, etc.

During the visit, students should obtain the following information from the owner or the supervisor of the salon:

- Area under the salon and its layout
- Types of equipment and materials used
- Location, environment, convenience
- Sale procedure
- Accounts maintenance
- Workforce engaged
- Total expenditure of the salon
- Total annual income
- Profit/loss (annual)
- Any other information

In a year, at least 3 field visits/educational tours should be organised for the students, to expose them to the activities in the workplace. Schools may identify different opportunities for field visits within a short distance from the school and make necessary arrangements for the same.
