MH CET 2026

Introduction

This comprehensive step-by-step guide is designed to establish a structured framework for the systematic generation of Automated Permanent Academic Account Registry (APAAR) OR Academic Bank of Credits (ABC) IDs for Maharashtra State CET Cell Examination Registration 2026.

This guide encompasses the entire process of generating APAAR or ABC IDs for candidates via DigiLocker.

Benefits of APAAR ID Creation

Creating APAAR IDs offers numerous benefits, including:

- **Unique Student ID:** The issuance of ABC IDs assigns a distinct and permanent identifier to each student, commencing from Class I. This ensures seamless academic tracking throughout their educational journey.
- **Academic Progress Monitoring:** ABC IDs facilitate continuous and comprehensive monitoring of students' academic performance from the outset.
- **Identifying Weaknesses:** Educators can discern subject-specific weaknesses in students' academic data linked to ABC IDs, enabling targeted interventions for improvement.
- **Streamlined Record Keeping:** The ABC securely stores students' academic records, significantly reducing reliance on traditional paper-based records and alleviating administrative burdens.

Steps to Create APAAR ID via DigiLocker

- **Step 01: Visit the DigiLocker Portal at https://www.digilocker.gov.in/**
- **Step 02: Click on the "Login/Register" button on the top corner.**
