MH CET 2026

Introduction

Digital Locker, one of the key initiatives under the Digital India initiative, is aimed at eliminating the usage of physical documents and enable sharing of e-documents across government agencies via a mechanism to verify "authenticity" of the documents online. Residents can also upload their own electronic documents and digitally sign them using the e-sign facility. These digitally signed documents can be shared with Government organizations or other entities.

MH State CET CELL has introduced authentication of candidates via Digilocker for FY 2026-27 examinations. Hence candidates registering for MH CET examinations will have to validate their account with Aadhar & APAAR IDs.
