About the University

With around 14,000 students from 125 countries, the University of Chester provides a vibrant, diverse and safe home for international students worldwide.

The University is one of the oldest higher education providers in the United Kingdom, having recently celebrated its 186th year of teaching, starting off as a teacher training college back in 1839. Originally based on one campus in Chester, the University now offers 200+ single and combined honours programmes.

Courses have an emphasis on practical learning to enhance prospects via industry placements or overseas opportunities, ranging from five weeks to one year.

In 2025, the University of Chester placed 1st for International and Postgraduate Students in the WhatUni Student Choice Awards. These national recognitions, based on the reviews of our students, are a testament to the University's commitment to providing students with an outstanding experience during their time at the University of Chester and beyond.

10 Reasons to join us

Thinking about starting a new chapter in Chester?
Allow us to do some convincing!

From our excellent academic standards to our beautiful city – there are many reasons international students love studying here in Chester. Every year, we welcome hundreds of students from around the world to our unique campuses and we provide a great range of opportunities and experiences.

Here are ten things you could look forward to as an international student at the University of Chester in 2026.

1

Comprehensive Support Services

Our graduates are provided with a range of opportunities to help them gain the experience, skills, and knowledge they need to succeed during their time at university and beyond. They will also be supported by information, advice, and guidance services that have been nationally commended, ranking first for 'Student Support' in the WhatUni? Student Awards 2024.

4

International Scholarships

The University of Chester offers generous international and merit-based scholarships for both undergraduate and postgraduate study, providing a significant reduction to the published headline tuition fees.

7

Cultural Events

The university, as well as our student race advocates, international societies, student groups, and staff members, host a variety of cultural events throughout the academic year bringing together our student community.

From Holi, Eid, Diwali, Nepalese New Year, Noroze, and many more, you'll never be short of opportunities to get involved at the University of Chester!

8

Great Location

Our students love living in Chester and it's not hard to see why! While it is undoubtedly beautiful, Chester also has rich cultural heritage, sightseeing, and great shopping.

2

Award-Winning City

The city of Chester has recently been crowned the "World's Most Beautiful City" – beating iconic destinations like Venice, Italy.

Additionally, Chester also ranked joint 5th in the NatWest Student Living Index 2025 as one of the most affordable towns and cities for students to live in the UK.

3

Industry Links

Our industry links help us to bring the real world into the classroom, preparing students for their next steps. Some of our courses even offer guest speakers, field trips, and networking opportunities!

5

Work Based Learning

Most undergraduate degrees include a five-week work placement in your second year. You can complete your placement at any business across the world!

6

Guaranteed Accommodation

University accommodation is guaranteed for all new undergraduate international students whose accommodation application forms are received by the stated deadlines for our September intake.

9

Courses Accredited by Professional Bodies

Accredited courses provide students with a guarantee of quality and can count towards professional qualifications or registration with a professional body. Check out our course pages for accreditations: www1.chester.ac.uk/international/courses

10

Sports and Societies

The Chester Students' Union and Athletics' Union are home to a total of over 100 sports and society groups! Whether you're looking to develop an existing hobby or try something new, joining a group is a great way to explore an interest and make new friends!

Meet our Students

Pushpa Hossain

"The people of Chester are very friendly, and I've already made tonnes of friends! There are lots of international students on my course. I really like this because it means I get to learn more about different healthcare systems across the world."

Vihanga De Silva

"Coming to the UK for my Master's was a big step, but choosing the University of Chester turned out to be one of the best decisions I've made. I felt really supported, both academically and personally, and the lecturers were always approachable and genuinely cared about our progress. Chester itself is a beautiful, historic city, that is peaceful yet full of life. It's easy to get around, and there's always something to do!"

Mounia Kadrouch

"I really enjoy the research lab sessions on my course, as it allows me to discover the subject outside a lecture hall and experiment with the high-tech equipment provided by the university. My favourite thing about the University of Chester is the sense of community and togetherness, whether it's in the lecture halls with classmates, the sports hall with teammates, or in society meetings with fellow members."

Ramitha Ramnath

"I've found Chester to be incredibly welcoming, and it truly feels like my second home now. The teaching is engaging and well-structured. I've had the chance to grow both academically and personally through various roles, events, and friendships. My advice to international students is to get involved – you'll find a diverse, supportive community and plenty of opportunities to make your time here unforgettable."

Pearl Kitcher

"Being an international student at the University of Chester opened me up to a world of possibilities. I had the opportunity to build wonderful networks from multicultural backgrounds globally, as well as learn a variety of entrepreneurial skills through the Venture programme by the Careers and Employability Team!"

Paing Khant

"Chester was one of the few universities offering a hands-on course that covered everything from Human Physiology to Lab Skill sessions. The support here has been amazing, and the lecturers are genuinely helpful. If you're thinking of studying at Chester, I'd say go for it and make the most of it! Don't just study in your room – go join events that the university hosts, ask questions, talk to lecturers, make friends, and put yourself out there."

Farooq Ali

"Studying the LLM at the University of Chester has been a truly enriching experience. The course has provided me with a strong foundation and the teaching staff are supportive and knowledgeable. Outside of the classroom, I've enjoyed exploring the beautiful surroundings with my friends. Being part of such a diverse and inclusive university community has made my journey even more rewarding."

Xuejian Dong

"The University of Chester is a great place to study for international students. My lecturers not only support me academically, but they also provide guidance on matters outside the classroom. Moving to Chester is the best decision I have ever made. The local people are so welcoming and friendly, and I can travel to big cities like Liverpool and Manchester in less than an hour!"

Sabrina Norwood

"I chose to study in the UK to broaden my knowledge and cultural experiences. Chester has been perfect for that. I've had the opportunity to learn from very talented researchers at the University and have been lucky enough to attend conferences and meet influential people in my field. Studying in such a welcoming place has helped me to grow not only as a student, but also as a person."

Ifeanyi Nwaugochi

"My experience at the University of Chester was great. The support I received from my department, the Library staff and the International Office was amazing. The different academic modules my course offered really met my needs and helped me prepare for the job market."

Ecem Yasul

"Being an international student is never easy, but I've never felt out of place at the University of Chester. I feel the quality of education in every aspect. The opportunities available to students in the city and the friendly attitude also made me feel safe and comfortable. I would wholeheartedly recommend it to anyone who is looking for an inclusive university experience, not just for its academic strength, but for the sense of belonging you find here!"

Juan Diego Unda Proaño

The University of Chester offered exactly what I was looking for: an inclusive academic environment with students from diverse cultures, approachable lecturers who genuinely support your progress, and scholarships that make international study possible. A great bonus is that Chester is a safe, welcoming city with plenty to enjoy."

Exceptional Student Feedback

International Student Barometer Survey

The International Student Barometer Survey is the world's largest international student survey conducted every year by Etio. The University takes part in this independent survey as part of its commitment to listening and responding to your student voice.

Our 2024 Results

In 2024, more than 100,000 students participated in the International Student Barometer Survey globally. The University of Chester received exceptional international student feedback from its international students, with key highlights including:

The UK's Most Welcoming City

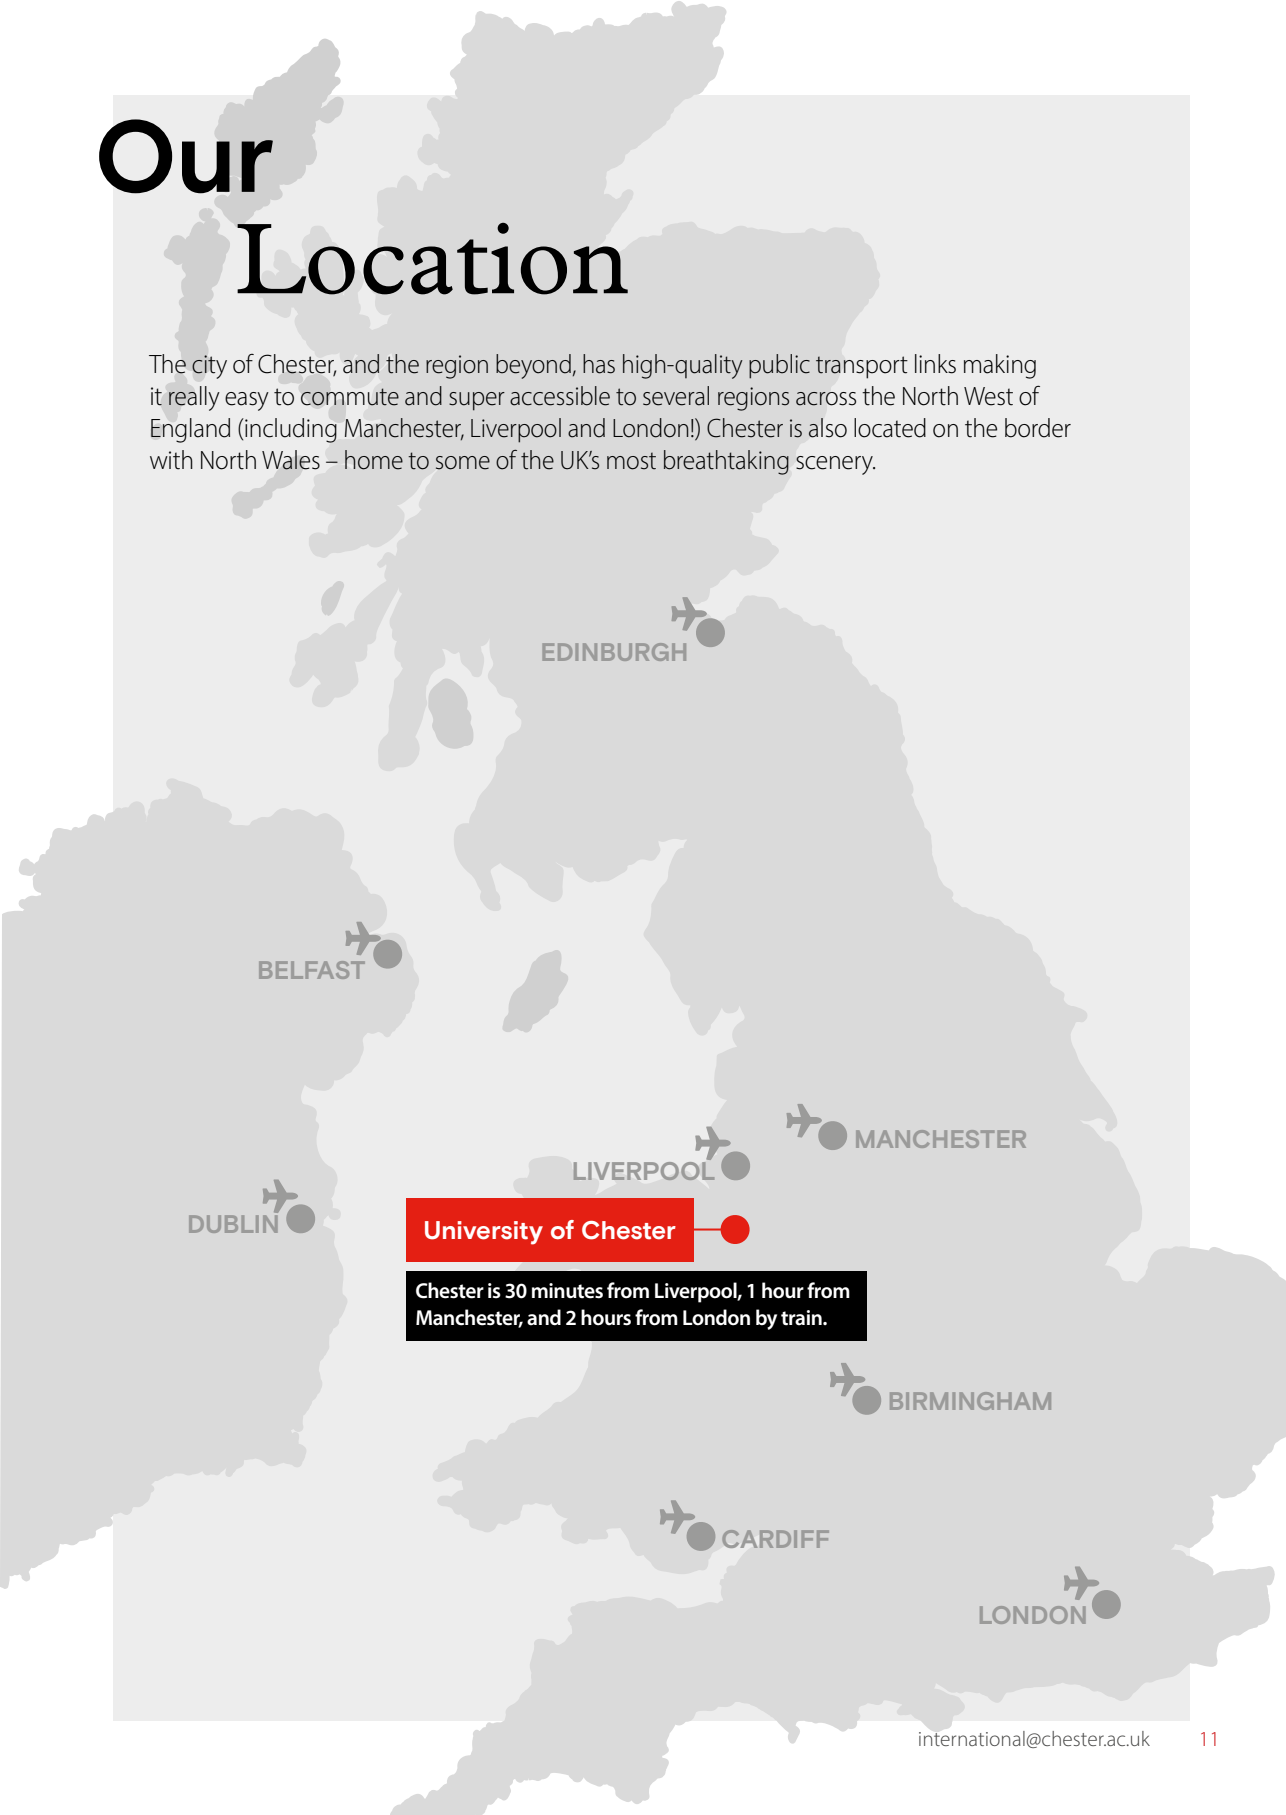

In 2025, the beautiful and historic city of Chester was also named the UK's 'Most Welcoming City' in the Booking.com 2025 Traveller Review Awards and placed 10th worldwide.

A spokesperson at Booking.com said: "In the northwest of England, lies the historic gem of Chester which offers a captivating blend of Roman, Medieval, and Tudor architecture. Known for its friendly locals and vibrant community spirit, Chester exudes a warm, inviting charm that leaves visitors feeling truly at home."

Read more on the International Student Barometer Survey here
<https://www.chester.ac.uk/international/international-student-barometer-survey>

Our Location

The city of Chester, and the region beyond, has high-quality public transport links making it really easy to commute and super accessible to several regions across the North West of England (including Manchester, Liverpool and London!) Chester is also located on the border with North Wales – home to some of the UK's most breathtaking scenery.

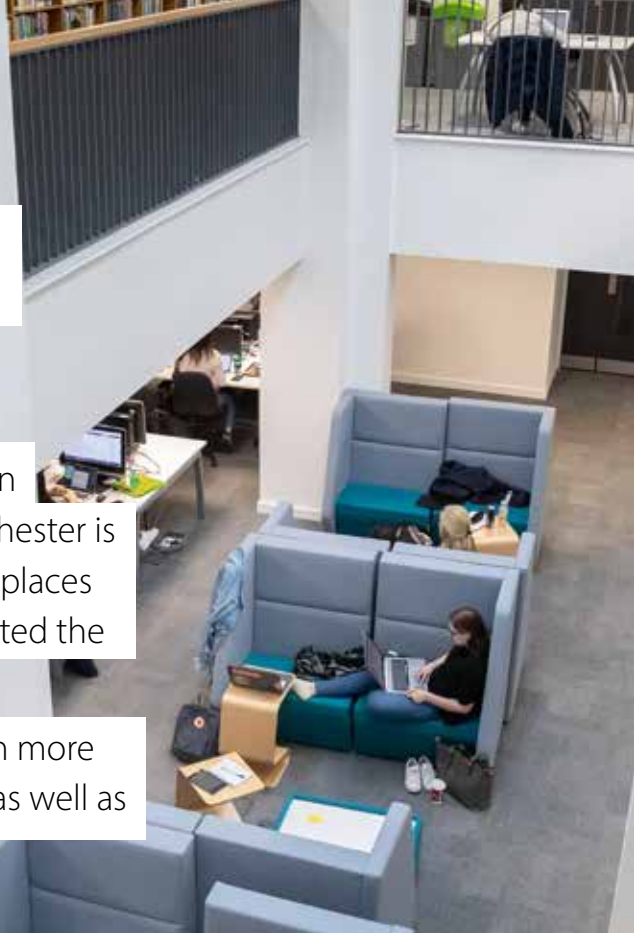

University of Chester

Chester is 30 minutes from Liverpool, 1 hour from Manchester, and 2 hours from London by train.

Our Campuses

Our international students love living in Chester and it's not hard to see why. Chester is consistently ranked as one of the best places to live in the UK and has even been voted the 'Most Welcoming UK City' 2025!

Over the next few pages, you can learn more about each of our Chester campuses, as well as what you can get up to in the city.

Exton Park, Chester

Exton Park is where our story began and is home to a number of our academic schools, a range of subject-specific facilities, and learning and teaching spaces. Seaborne Library has an extensive selection of books, e-books and e-journals, as well as bookable study pods, social area, sensory suite, 24-hour access computer labs, and a two-floor study zone.

At Exton Park, you'll find the Students' Union, a range of catering outlets, sports and societies, fitness facilities, a bar, mini supermarket and faith spaces. You'll also find many of the University's central support services here, as well as student accommodation.

Queen's Park, Chester

Home to the Chester Business School, our multi-million-pound corporate hub is only a stone's throw away from Chester's lively city centre. Here you'll find lots of modern facilities including spacious computer suites, a dedicated business library with group study spaces and learning pods for quiet study, and a 200-seat lecture theatre, and much more! When it's time for a break, you can grab a bite to eat, at the top-floor brasserie with panoramic views of Chester.

Wheeler, Chester

Offering specialist vocational courses in health, social care, and law, Wheeler is all about putting theory into practice. Our subject-specific facilities, such as our science labs and Art and DT spaces, bring learning to life. The on-site library also houses extensive collections of books, journals, and school-based resources, as well as computer suites and multimedia rooms. Additionally, Wheeler is home to our state-of-the-art simulation suites, which emulate diverse healthcare settings, including a patient's home and community clinic settings, acute care settings such as a Triage Assessment Area, Maternity Delivery Suite, Children's Ward, and a General Ward.

Creative Campus, Kingsway, Chester

Our specialist creative arts site is home to our art, design, media, performance, and production-based courses, which are part of the School for the Creative Industries. This fantastic campus is home to our state-of-the-art studios and workshops, performance and rehearsal facilities, exhibition spaces, and a courtyard performance area. We have many open-access computer suites (Mac and Windows), equipment loan facilities, a library and learning resource centre, lecture and seminar rooms, study areas, and a café. The creative atmosphere and outstanding facilities will enable you to be your creative best.

Gateway House, Chester

Our central hub in Chester city centre is home to our journalism courses and these newsroom facilities feature Apple Macs with creative software and large screens for viewing. The Media Studio, with HD cameras and a green screen, is an ideal space for all our Journalism students to film news reports and there are podcast rooms to record audio projects and radio shows.

University Centre Birkenhead

Our dedicated University Centre for Health and Nursing offers a range of outstanding subject-specific teaching and learning facilities. The Centre is easily accessible to the local communities of the Wirral and Liverpool. Facilities include a fully equipped skills laboratory resembling a high-tech hospital ward, virtual reality equipment and technology, classrooms and meeting spaces for group work, as well as a dedicated Health and Social Care library.

Student Life in Chester

While it is undoubtedly beautiful and packed with history, Chester is also a bustling 21st-century city that balances big-name shopping, dining, and living with a thriving independent scene.

History

How many cities have a Roman Amphitheatre next door to shops, bars, restaurants, and a club? The 21st-century Chester we see today has been built around history, literally. Ancient city walls, the iconic Eastgate Clock, Chester Cathedral, Roman Gardens, the historic Rows; the past is evident throughout the city, and used every day by bustling commuters, busy students, families, shoppers, and tourists. It's what makes our city unique, and we wouldn't have it any other way.

 **Must do:** Walk the walls – Chester is the only city in Britain that retains the full circuit of its defensive walls

The River Dee

The river is used by rowers, sailors, and canoeists, and is home to the oldest rowing regatta in the world, the Dee Mile swimming race, an annual charity Raft Race, and even a rubber duck race! And you'll have the perfect view from Wheeler and Queen's Park, which both overlook the river.

 **Must do:** Go on – get yourself on a pedalo.

Storyhouse

Chester's award-winning cultural centre; this rejuvenated 1930s art deco building contains two state-of-the-art theatres, a cinema, library, restaurant and two bars. Throughout the year, Storyhouse welcomes the best home-produced and internationally acclaimed work, offering a programme of dance, opera, drama, music and comedy.

 **Must do:** Join the Storyhouse Young Company and make, see and learn all about theatre or the Young Leaders programme to gain insight into the creative industries.

Chester Zoo

Committed to preventing extinction, this conservation and education charity is home to over 35,000 animals across its 125 acres of award-winning zoological gardens. The highly acclaimed Chester Zoo has been voted the UK's number one zoo and most popular attraction outside London (The Association of Leading Visitor Attractions (ALVA), 2018).

 **Must do:** Visit the popular Chester Zoo Lanterns event in winter.

Shopping

Combining a mix of high street favourites alongside designer boutiques and independent stores, Chester has everything you need for a great shopping experience. Or, head to the UK's largest outlet shopping destination, Cheshire Oaks – it's only a 15-minute drive from Chester.

 **Must do:** The Rows – hidden above shop fronts, this 13th century second layer of shops, cafés, bars and restaurants is unique to Chester.

Food and Drink

Chester's cobbled streets are lined with restaurants from across the globe, and include popular restaurant chains, independent eateries, as well as award-winning and Michelin-star restaurants. We also have a growing food market scene with food events such as the Chester Vegan Festival and Chester Makers' Market – where you can enjoy a variety of craft products, including award-winning local food, drink, cookery demonstrations and more.

 **Must do:** Try the food in Chester Market – thank us later.

Accommodation

University accommodation is guaranteed for all new undergraduate international students whose accommodation application forms are received by the stated deadlines for our Autumn intake.

Postgraduate applicants should research private sector accommodation options.

Accommodation is in high demand across the UK, so we advise you to undertake research and make enquiries early in the admissions process, and commit to accommodation, where necessary, before travelling to the UK.

Students intending to travel and live with dependents should be aware that family accommodation is in short supply both in Chester and the UK, and is more expensive compared to single occupancy student accommodation. Please ensure you have sufficient funds to cover these additional living costs.

If you are unable to book permanent accommodation before you travel, you must ensure you secure temporary accommodation before leaving your home country. The University does not have temporary accommodation available.

University Owned Accommodation

A variety of locations and options are available for undergraduate students who want to live in university-owned accommodation, depending on budget and preferences. Please visit <https://www.chester.ac.uk/student-life/accommodation/explore-accommodation> for more information.

Private Accommodation

Students looking for private accommodation can choose from a wide range of options. There are high-quality transport links in the region, making it easy to commute across the North West of England. For more information on commuting, please go to <https://www1.chester.ac.uk/commuting-students>

Please note, if you are joining the University in the middle of the academic year, you will need to seek private rental options.

To search for private rental options, please use the following resources:

- <https://www.rightmove.co.uk>
- <https://www.spareroom.co.uk>
- <https://www.zoopla.co.uk>
- <https://www.studentroost.co.uk>

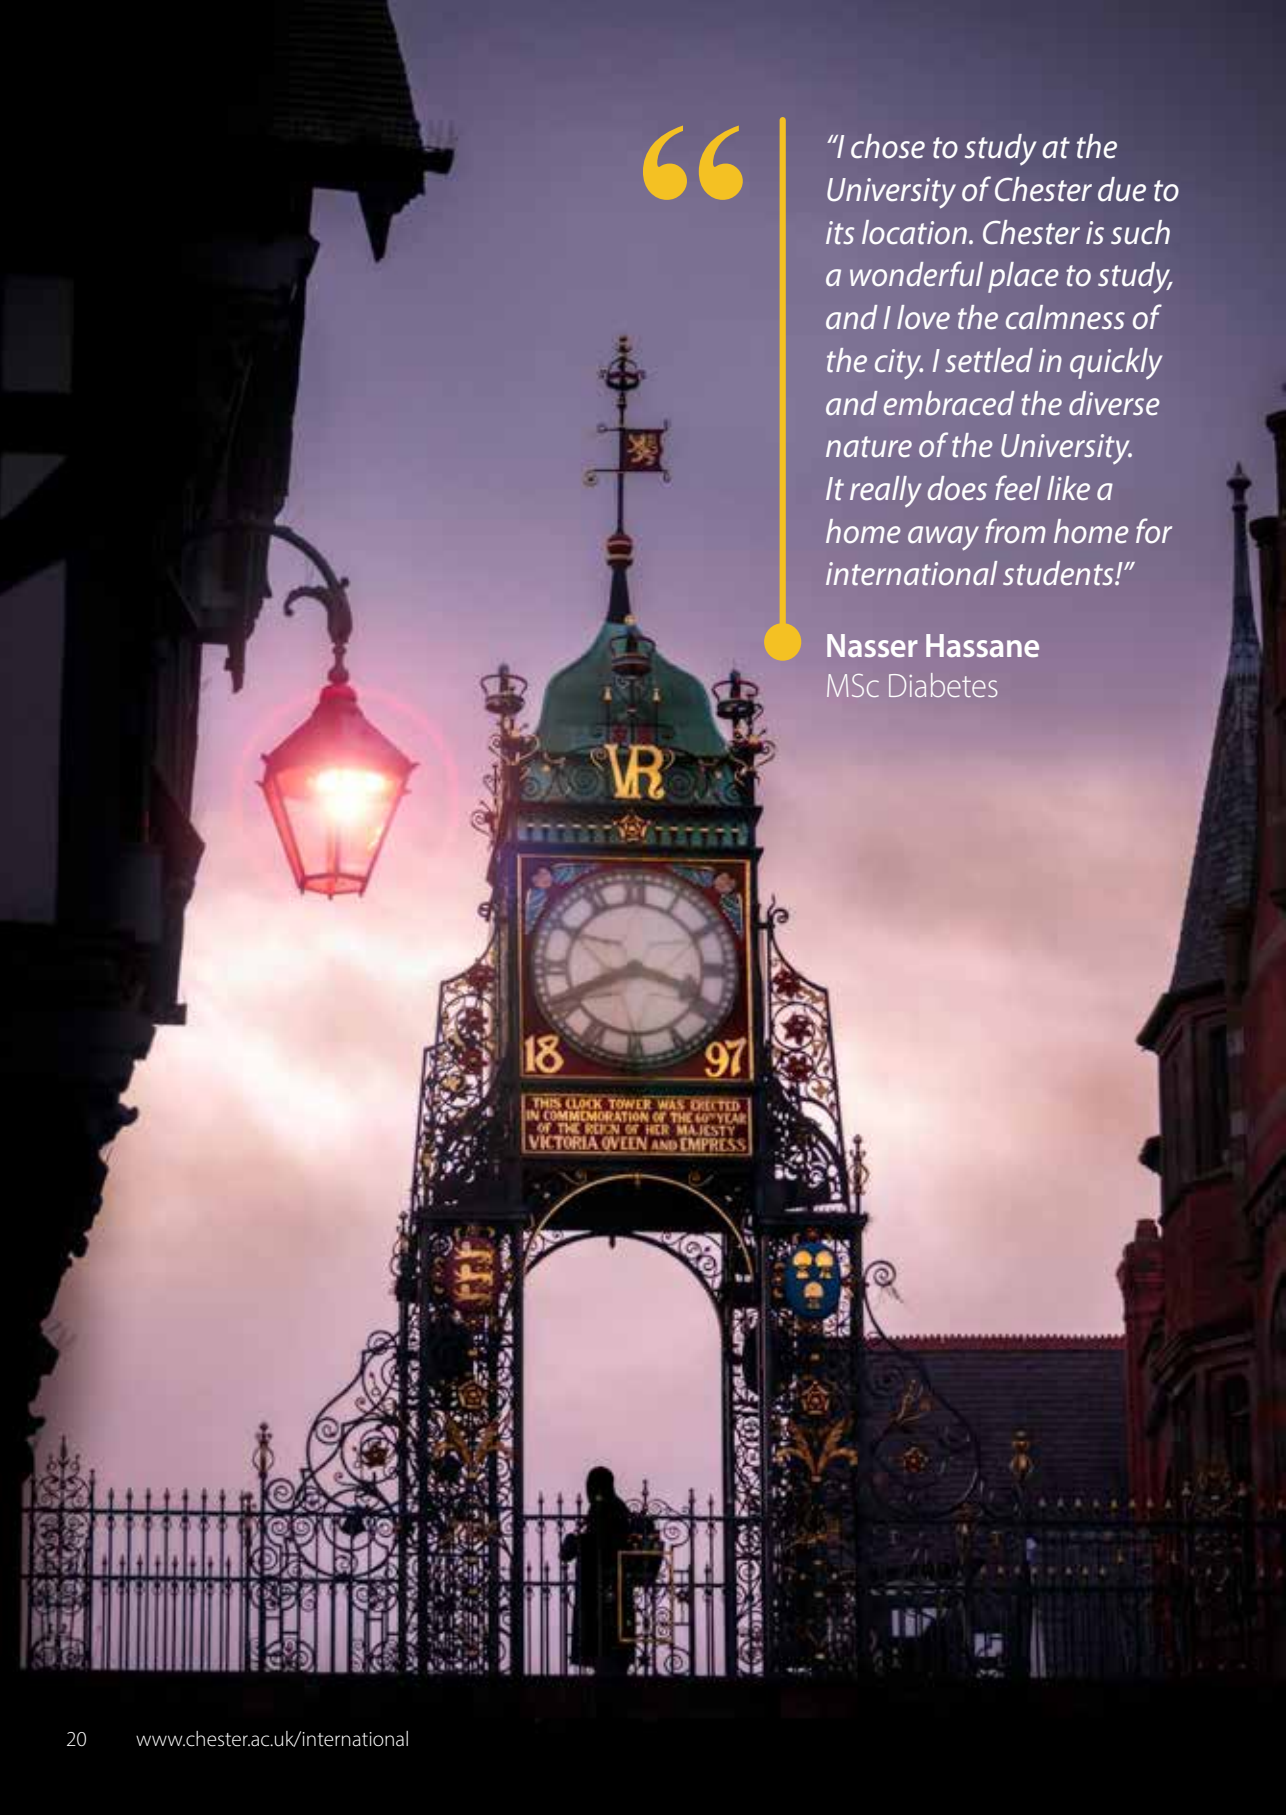

Rent will depend on the size, location, and type of property you are looking to rent. For example, a one-bedroom flat or studio in the centre of Chester will likely cost around £600 per month.

“

“I chose to study at the University of Chester due to its location. Chester is such a wonderful place to study, and I love the calmness of the city. I settled in quickly and embraced the diverse nature of the University. It really does feel like a home away from home for international students!”

Nasser Hassane
MSc Diabetes

Living Costs

Studying at university is an investment in your future, and we want to make it as accessible to as many people as possible. That's why students at the University of Chester are provided with any financial guidance they may need.

Depending on your accommodation, spending habits, lifestyle, and other factors, living costs can vary. However, compared to other locations in the UK, Chester is a very affordable city.

The UK Visas and Immigration guidelines on the cost of studying in the UK (for one academic year) require applicants to meet the financial requirement of having enough money to support themselves, currently £10,539 for any University outside London. If you decide to study at the University of Chester, you will need to show that you have sufficient funds to cover the tuition fees for your first academic year. You will also need the maintenance costs of £10,539 required for your student visa application.

Guidance on prices can be found on various online sources. For example, prices of food can be checked on My Supermarket Compare, costs of private accommodation rentals can be found on national property pages such as Zoopla or Rightmove, and prices of cinema tickets can be found on relevant websites such as Vue.

Once you have been in the UK for a while, you will know where to find good deals and discounted prices on a whole range of products and services. Student discounts can also be obtained in many shops and restaurants, and students can also get reduced bus & rail travel tickets.

Student Support

At the University of Chester, we pride ourselves on the quality of the support that we provide for our students. With a range of support services across campuses and dedicated offices, we're on hand to offer information, advice, and guidance to all students on every aspect of their life.

In 2024, the University of Chester placed 1st for student support in the WhatUni? Student Choice Awards. This amazing accolade demonstrates our commitment to ensuring every student has an enjoyable and enriching experience during their time in Chester.

Disability and Inclusion

The Disability and Inclusion team support students with disabilities, long-term health conditions, sensory impairments, mental health difficulties, social difficulties, and communication difficulties. Specialist staff, Disability Support Officers and SpLD staff will work with you to identify the most appropriate solutions to your potential barriers to learning. The Disability and Inclusion team can also advise students about applying for Disabled Students' Allowance (DSA), creating Epilepsy and Seizure care plans, supporting disability related accommodation requests, parking permits, and creating Personal Emergency Evacuation Plans (PEEP).

Please note that applicants can inform the university of any disability or specific requirements when making an application.

Mental Health and Wellbeing

Our Mental Health and Wellbeing Team is made up of Student Wellbeing Advisers, Mental Health Advisers, Councillors, Student Peer Support Networks, and much more. All our services are free to students and can be accessed at any time during your studies. We also advise registering with a local healthcare provider as soon as you arrive at university.

For more information: <https://www.chester.ac.uk/student-life/student-support/>

Personal Academic Tutor (PAT)

As a student at the University of Chester, you are designated a PAT on your enrolment. Your PAT will be an academic member of staff within your department who can provide guidance in relation to your course, give you a reference when you finish your degree, and offer you any advice you may need during your time studying with us.

Academic Skills

Our team of advisers can offer you a range of ways to help you to develop your academic skills, including: the provision of online resources; remote support through our Feedforward e-assistance service; seminars on a range of study skills topics; and tailored one-to-one appointments.

To find out more about our Academic Skills (ASK) team, please email ASK@chester.ac.uk

Chaplaincy

People of faith and faith communities are an important part of community life and wider society. That's why, whatever your religion, beliefs, or worldview, our Chaplaincy team is here to welcome and support you.

Our diverse team of University Staff Chaplains, Associate Chaplains, Faith Advisors, Volunteers, and Student Inter-faith Advocates is here to offer international students pastoral, spiritual, and religious support, welcoming them into a caring community where they can get to know people and feel at home.

For more information on what is happening in Chaplaincy, go to: www1.chester.ac.uk/departments/chaplaincy or contact chaplaincy@chester.ac.uk

Students' Union

Chester Students' Union (CSU) is an independent organisation focused on supporting students to love their student life and have a strong voice during their time at the University. From the moment you arrive and throughout your time at Chester, the Chester Students' Union works hard to ensure that your voice is heard and that you feel supported. For more information on the Chester Students' Union, go to www.chestersu.com

Your Union

The range of services and activities on offer at the Chester Students' Union allows you to shape your University experience in a way that works for you. We encourage you to create, connect and explore the areas you're passionate about – to find your niche, and be inspired by others. You have the chance to make a difference, make new friends and make lots of amazing memories!

Your Officers

You talk; we listen. Students at the University of Chester are represented by three Elected Officers, who were voted in by the students, to ensure your voice is heard, and to help create change to improve student experience.

Be a Rep

Our Student Experience Reps seek the views of students (about both academic and non-academic matters) and work closely with the University to make positive change happen. It's a great opportunity to stand out, socialise and impress future employers with the key skills you've gained.

International Societies

Chester Students' Union has a diverse range of international student societies for you to join. From the African Students Society, Pakistan Society, Indian Society, and many more. Joining these societies provides the perfect opportunity to meet new friends from your home country and get involved in lots of cultural activities and events they host throughout the year!

Your Arrival

Airport Transfers

Students have several options when travelling from the airport to their UK accommodation including taxi or Uber, train, or coach. For further information, please visit:

www.chester.ac.uk/international/arrival-and-visa-guidance/arrival/

Induction

We arrange a specific International Welcome programme on your arrival to help you get settled in the UK. This includes information on setting up a UK bank account, registering with a doctor, your student visa and much more.

Enrolment

Enrolment information will be emailed to you from **LIS@chester.ac.uk** once your CAS has been issued, or when your unconditional offer has been issued (if you do not require a student visa to study in the UK).

Our welcome page contains important links for pre-arrival activities and guidance, including online enrolment, what you need to do before travelling to the UK, preparation for study, and the steps for physical enrolment upon your arrival.

The welcome email will include information on how to complete the online enrolment process using your Student ID and password. Once you have your Student ID and password, you can access the portal and E-Vision, where you can complete the online enrolment element of the enrolment process.

Student Ambassadors

We know you might be nervous about moving to the UK to study, which is why we have our ambassadors to help you get settled in and start enjoying life at the University. Our ambassadors can provide you with campus and city tours and offer advice and peer support during your first few weeks as a student.

Careers and Employability

Being a student at this University is about so much more than getting your degree; it's about being part of a community where you can build your confidence and experiences and develop the skills, knowledge and attributes that will benefit you as you progress through your lifelong career journey.

Get to Know Our Employability Experts

Our dedicated Careers and Employability team is here to help you take your next steps towards your future goals. We'll work with you to help you make the most of your time during your studies and to inspire you to reach your potential. We provide employability-enhancing experiences through the curriculum, employer contact, and tailored group sessions, as well as individual information, advice, and guidance. Our support doesn't stop when you finish your studies here, as our team continues to support you as a graduate.

Careers Workshops

Our live and on-demand sessions help you develop the skills and knowledge graduate employers want. You can select from a range of workshops, question and answer panels, and training videos to help you develop confidence and build up a strong, tailored portfolio of skills and knowledge. These include CVs, interviews, assessment centres, LinkedIn, developing a career idea, remote working, and leadership, among many others.

Skills Award

The Chester Difference Award allows you to showcase your skills and experiences to future employers by giving you recognition for the skills you have demonstrated through all the activities undertaken during your time at the University.

Links with Employers

Our Employer Engagement team has established connections with local and national employers, as well as professional bodies, which enable you to network with employers at our events, through the curriculum, and in the workplace. We provide you with a range of excellent opportunities to meet with employers who are looking to recruit our students and graduates and offer insights into their respective career sectors.

Enterprise and Entrepreneurship: Be Your Own Boss!

The Venture Programme helps you to develop the skills, knowledge, confidence, and connections to start up a business, to enter self-employment, or to build a freelance career.

Careers Advice and Guidance

Our Career Consultants provide expert, impartial, and confidential guidance tailored to your individual needs. There are daily appointments available to help you make decisions about your next steps, or for feedback on your CV and applications.

Graduate Job Vacancies

We advertise a range of vacancies with local and national employers through our CareerHub portal. When you're ready to apply, we'll help you through every stage of the selection process.

Peer Mentoring

Our Peer Mentoring scheme will help you with your transition to university by matching you with one of our Peer Mentors (a second or third-year student), who will support you to make connections with others and build your network. You will receive personalised guidance, and they can answer questions about student life and help you settle into university, ensuring you get the most from your student experience.

Volunteering Opportunities

Get involved in volunteer opportunities, gain skills and experience, and make a positive impact in your community. Gain recognition for your volunteer activities through our volunteer award scheme and access all our opportunities, including student-led projects, school volunteering, and community roles, through the Volunteer Hub.

For more details please visit:

chester.ac.uk/careers

Earn While You Learn

Whether you are looking for a part-time role to earn some extra money whilst you study, or want to enhance your career prospects, working alongside your studies is a great way to boost your income. You'll also have the added benefit of learning valuable skills to equip you for your future.

Unijob

Our UniJob service enables you to apply for part-time jobs at the University. Roles include IT Assistants, Researchers, Student Ambassadors, and much more. Our Unijob roles include good rates of pay, flexible hours that work around your studies, and the chance to develop your existing skills and acquire new ones.

Work Experiences

We run a paid Workplace Experiences programme, which includes internships and projects for students and graduates, and we advertise other work experience opportunities to help you gain the skills and experience needed for today's job market.

Local Part-time Jobs

The location of the University's learning sites makes it easy to access part-time jobs, with a huge range of different roles available right on your doorstep. You can use our CareerHub portal to find part-time work in the local area and elsewhere.

Employer in the Foyer Events

You can meet recruiting organisations throughout the academic year at these events if you're seeking part-time or seasonal work, or if you're looking for a graduate-level role.

Work Placements

Test-drive a future career, enhance your work-related skills, boost your CV, and gain real work experience with our nationally renowned module.

Work Based Learning

What Is It?

We provide students with the opportunity to complete a short in-person or remote-working placement anywhere in the UK in their second year, with a written assessment at the end to gain credits towards their degree.

What Will I Do?

You get to spend time working in the role, industry, or field you're considering, as well as get important 'on-the-job' experience that employers seek. It's a win-win.

You'll be supported throughout the whole process – our dedicated colleagues will help you find a placement and an academic member of staff will be there to help you out too.

That's Not All

You'll get the chance to develop and apply key employability skills, such as team-working, project management, decision-making, and communication in a work setting.

The opportunity to reflect on your experience is a crucial element, as it can help you gain more from the placement and better prepare you for the graduate job market.

Please note that, dependent on where you go on placement, you may need to meet the Disclosure and Barring Service (DBS) costs.

chester.ac.uk/wbl

Two-Year Master's

The University of Chester is now offering Two-Year Master's Programmes with a Professional Placement or Project! These brand-new courses give you the chance to gain the stand-out experience that future employers are looking for by offering the opportunity to undertake a project or placement in the second year of your master's.

In your first year of study, you will have support from the University to find the perfect placement or project for you, whilst developing your expertise.

If you choose a 'Professional Placement' programme, you will then spend your second year of study out in industry, getting the chance to work with industry professionals and grow your network of industry contacts.

If you decide to study one of our 'Professional Project' programmes, you will then spend your second year working on a client-led project, solving global business challenges and applying the practical knowledge you have learnt.

For a full list of our Two-Year Master's:
www.chester.ac.uk/study/course-search

Types of Degrees

A photograph showing three women sitting around a table in what appears to be a meeting or study session. They are looking at documents and talking. The woman on the left is seen from the back, the woman in the middle is looking towards the right, and the woman on the right is wearing glasses and looking towards the center.

At the University of Chester, we offer a range of foundation, undergraduate, and postgraduate courses which lead to several different qualifications.

Bachelor's Degrees Including a Foundation Year

A Bachelor's Degree with an integrated Foundation Year provides a transition entry point into university undergraduate studies for those who do not currently meet our undergraduate academic entry requirements but possess the necessary English Language skills. Choosing a Foundation Year provides you with a subject-specific curriculum and enables you to gain confidence in developing university-level skills, as well as understanding academic life and transitioning into the next level of your studies. For more information on our International Foundation Year: www.chester.ac.uk/study/foundation-years

Bachelor's Degree

The University of Chester offers a variety of Undergraduate (Bachelor's) Degrees across a diverse range of subject areas. These degrees are usually 3 – 4 years in length and often include built-in work placement opportunities. Types of Bachelor's Degrees we offer include BA, BSc, BEng, and LLB.

Postgraduate Taught Degrees

Our Postgraduate (Master's) Degrees are one year in length and are taught across our subject-specific campuses. We offer a range of degrees, such as MSc, MA, and MBA, across a wide range of subject areas.

Additionally, in April 2024 and 2025, the University of Chester ranked 1st for postgraduate studies in the WhatUni Student Choice Awards, based solely on student feedback. This award acknowledges the university's commitment to ensuring all our postgraduate students have an enriching experience during their time studying with us.

For a full list of our Postgraduate Taught degrees: www.chester.ac.uk/international/course-search

Research Degrees

We offer a range of full-time Research degrees, including Doctor of Philosophy (PhD) and Master of Philosophy (MPhil) awards. These awards are assessed based on a thesis reporting individual research.

A list of our Research Degrees is available on our website: www.chester.ac.uk/study/research-degrees

Entry Requirements

International applicants must satisfy both the English language entry requirement for their chosen course **AND** the academic entry requirement for their chosen course to be eligible to study.

We recognise academic qualifications from all over the world. You can find specific entry requirements on your country page: www.chester.ac.uk/international/countries

English Language Qualifications

The University of Chester recognises a range of English Language Qualifications, including:

- IELTS for UKVI Academic
- PTE Academic UKVI
- Trinity College London ISE
- LanguageCert SELT (in-centre version only)
- Skills for English UKVI English Language Test

For more information, including a full list of English Language qualifications, tests, and scores that we accept, please visit:

www.chester.ac.uk/international/how-to-apply/entry-requirements

Please note, the University of Chester offers Pre-sessional English Language courses if your IELTS is below the course entry requirements. For more information: www.chester.ac.uk/international/pre-sessional-english-language-courses

Essential Documents

In order to consider your application, we require the following documents:

- Academic transcripts/marksheets and certificates
- Proof of English Language proficiency
- Academic Reference
- Statement of purpose
- A copy of your passport
- Work references (*where applicable*)

If you have previously studied or worked in the UK, you must also provide a copy of your previous and/or current visa and any previous and/or current CAS letters (*if applicable*)

Please note, additional documents may be requested as certain courses require applicants to submit a portfolio, audition footage, or evidence of work experience. Information on these additional requirements can be found on each specific course page: **www.chester.ac.uk/study/course-search**

If your chosen course of study has an additional requirement, the International Admissions Team will email you to request this information if it is not submitted with your original application form.

How to Apply

1

Submit an enquiry

We understand that you may have some questions about studying with us, so our helpful Admissions Team and Country Representatives are available to advise on courses, the application and visa processes, preparing to travel to the UK, and much more!

2

Apply

We've made it easier than ever to submit a direct application. To apply, please visit: www1.chester.ac.uk/international/how-apply/making-application

3

Receive your offer

Should your application be successful, you'll be issued a conditional or unconditional offer letter. If conditional, you will need to satisfy all conditions stated on your offer letter before receiving your Confirmation of Acceptance of Studies (CAS).

4

Satisfy all conditions of your offer

As mentioned above, you may need to satisfy a number of conditions to receive your CAS. These can include paying a deposit, meeting English language requirements, providing academic references, and more.

For more information: www.chester.ac.uk/international/how-to-apply/what-happens-next

5

Apply for accommodation

Once you have met any outstanding conditions on your offer, you will then receive information via email on how to apply for university-owned or partnership accommodation.

Should you wish to live in private-sector accommodation, there is a range of resources available to help you find the perfect place to stay.

For more information, please visit **page 18**.

6

Apply for your CAS

To apply for this visa, you will require a Confirmation of Acceptance of Studies (CAS); this is a document issued by the University. To obtain a CAS, you will need to complete a separate application process.

You will be sent further details on the University of Chester's CAS (visa sponsorship) process once confirmation of your deposit payment has been received, and all outstanding conditions on your offer letter have been met.

For more information: www.chester.ac.uk/international/how-to-apply/confirmation-of-acceptance-of-studies-cas

7

Apply for your Student Visa

You can now apply for your student visa, which allows you to study in the UK. We recommend that students do this as soon as possible to avoid any delays in the process.

8

Arrive in Chester, UK

Once you have received your visa, the final step of your journey is to arrange your travel to Chester! Don't forget, you will also need to arrange transport from the airport to the University.

Important Dates

September 2025

UCAS applications open for 2026

October 2025

University of Chester direct applications open for 2026

January 2026

Initial UCAS deadline for the majority of courses (see website for full details). Please note, we will still continue to accept applications after this date.

July 2026

Deadline for University of Chester direct applications

August 2026

Deposit Deadline with CAS deadline seven days later.

The information above is a general timeline for undergraduate applications.

For information on Postgraduate and Research deadlines visit:

www1.chester.ac.uk/international/how-apply/important-dates

** Please note, deadlines are subject to the continued availability of places on the programme and may vary depending on your chosen course.*

Applying for a Postgraduate course? We also have intakes in January/February and May for certain courses. See our website for more details.

Fees and Scholarships

Course	Annual Tuition Fee*
Pre-sessional English	See website
Bachelor's degree including Foundation	£11,250 Year 1 – £14,950 Years 2 – 4
Undergraduate	£14,950
Postgraduate	£15,500
MBA	£15,700
MA Art Therapy, MA Social Work	£19,000 (full course fee)
Graduate Entry Medicine (MBChB)	£46,000
2-Year Masters (2nd year placement/project fee)	£2,900
PhD (Classroom-Based)	£15,627
PhD (Lab-Based)	£19,822

*Tuition fees will increase by £925 per year from the 2028/29 academic year, reflecting the Government's proposed international student fees levy. This increase is subject to formal policy approval and may be adjusted in line with inflation in future years.

For more information on the annual tuition fees, go to <https://www.chester.ac.uk/international/fees-scholarships-and-finance/fees>

Your course will involve additional costs not covered by your tuition fees. This may include books, printing, photocopying, educational stationery and related materials, specialist clothing, travel to placements, optional field trips, and software.

Compulsory field trips are covered by your tuition fees. For up-to-date details of additional costs, visit the course page on the University website at www.chester.ac.uk/international/courses

The University of Chester offers generous international and merit-based scholarships for both undergraduate and postgraduate study, providing a significant reduction to the published headline tuition fees. For more information on scholarships:

www.chester.ac.uk/international/fees-scholarships-and-finance/scholarships

International Scholarship

Students will automatically be considered for our international scholarship upon submitting their application, and any award given will be reflected in their offer letter.

For any international scholarship queries, please email **international@chester.ac.uk**

We encourage all students to make the deposit payment (see offer letter for details) at the earliest opportunity to avoid delays in CAS processing.

After the required deposit amount has been met, an additional enrolment payment will be due before the course start date, and the remaining balance will be due within three months of the course start date.

Payment Plans

1. Full Fee Payment

Students have the option to pay their fees in full before the start date of their course. This ensures there are no complications upon their enrolment, and that their only financial consideration for the academic year is living costs.

2. Two Instalments

Option 2 allows students to make a deposit payment to confirm their place (*the required amount will be confirmed on the offer letter*) and make an additional payment before the start date of their course. The remaining balance will be due within three months of the course start date.

3. Partial Deposit Payment

Option 3 enables students to pay a smaller initial deposit amount (the required amount will be confirmed on the offer letter), allowing them to secure their place and start the CAS process. The remainder of the deposit amount will be due before the deposit deadline, and the student will be issued their CAS. An additional payment will be required before the start of the course, and the remaining balance will be due within three months of the course start date.

Fixed Fees

The undergraduate tuition fees are fixed at the entry amount for the duration of your course.

International Alumni Scholarship

University of Chester graduates are eligible for an Alumni Scholarship, enabling them to study a Full-Time Master's programme for just £10,250. The student must meet the University's postgraduate entry requirements and be applying for an eligible programme. Terms and conditions apply.

Visa and Immigration Procedures

Visa to Study In the UK

It is important that you fully prepare for your visa application, including researching the process and reading the university's visa guidance: www.chester.ac.uk/international/arrival-and-visa-guidance/visa. You can apply for your visa once you have obtained your CAS from the university.

You should make your visa application as early as possible to avoid delays in the process. The UKVI has published a 'How to apply for your UK Student Visa' guide for further information: www.chester.ac.uk/media/media/documents/Leaflet-How-to-apply-for-your-UK-Student-Visa.pdf

Working in the UK

Your digital visa or biometric card should indicate the specific hours you are allowed to work whilst studying with us. Generally, students enrolled on a full-time course that lasts for at least six months, and who have a student visa, are usually permitted to work up to twenty hours during term time and full-time during vacations.

Further information about working during your studies can be obtained from the UKCISA website:

www.ukcisa.org.uk/Information--Advice/Working/Student-work

Graduate Route Visa

The Graduate Route Visa allows University of Chester Bachelor's and Master's graduates to remain in the UK and work for up to two years after completing their studies. PhD graduates can stay for up to three years. The current application fee for the Graduate Route Visa is £880.

More information on the Graduate Route Visa can be found on the UK Government guidance page: www.gov.uk/graduate-visa

Working with Agents

At the University of Chester, we work with carefully selected Recruitment Agents to ensure prospective students have access to the best advice and support when finding the right course and applying to study.

Our approved agents play a key role in helping students with various aspects of the application journey. You can find further information about how we work with agents here: <https://www.chester.ac.uk/international/working-with-agents/>

Additionally, for a full list of the partners we work with in your country, please visit the relevant country page here: www.chester.ac.uk/international/countries

For further advice on choosing a recruitment agent, please refer to the Student Guide to Choosing an Education Agent (British Council, UKCISA, UUKi) here: www.ukcisa.org.uk/Research--Policy/Resource-bank/resources/294/A-student-guide-to-choosing-an-education-agent

Our Courses

Animal and Wildlife Sciences

Undergraduate Courses

- Animal Behaviour BSc (Hons)
- Animal Welfare Science BSc (Hons)
- Zoology BSc (Hons)

Postgraduate Courses

- Animal Behaviour MSc
(two-year option with placement/project)
- Wildlife Conservation MSc
(two-year option with placement/project)

Art and Design

Undergraduate Courses

- Fashion Design BA (Hons)
- Fine Art BA (Hons)
- Graphic Design BA (Hons)
- Interior Design BA (Hons)
- Photography BA (Hons)
- Product Design BA (Hons)

Biological Sciences

Undergraduate Courses

- Biology BSc (Hons)
- Bioveterinary Science BSc (Hons)
- Forensic Biology BSc (Hons)
- Marine Biology BSc (Hons)

Business and Management

Undergraduate Courses

- Accounting and Finance BSc (Hons)
- Business Management BA (Hons)
- Business Management and Administration (Level 6 Top-up) BA (Hons)
- Business Management BA (Hons)
(with specialism option available)

- Digital Marketing BA (Hons)
- Events Management BA (Hons)
- Events Management and Marketing BA (Hons)
- Events Management with Business BA (Hons)
- Finance with Banking BSc (Hons)
- International Tourism Management BA (Hons)
- International Tourism Management and Events Management BA (Hons)
- International Tourism Management and Marketing BA (Hons)
- Marketing BA (Hons)
- Sport Business Management BA (Hons)

Postgraduate Courses

- Accounting MSc
(two-year option with placement/project)
- Banking and Finance MSc
(two-year option with placement/project)
- Digital Marketing MSc
(two-year option with placement/project)
- Engineering Management MSc
(two-year option with placement/project)
- Financial Technology (FinTech) and Business Analytics MSc
(two-year option with placement/project)
- Health Services Management MSc
(two-year option with placement/project)
- International Business MSc
(two-year option with placement/project)
- International Finance
(two-year option with placement/project)
- International Tourism and Hospitality Management MSc
(two-year option with placement/project)
- Logistics and Supply Chain Management MSc
(two-year option with placement/project)
- Management MSc
(two-year option with placement/project)
- Marketing Management MSc
(two-year option with placement/project)
- Master of Business Administration MBA
(two-year option with placement/project)

- Master of Business Administration with Marketing MBA
(two-year option with placement/project available)
- Master of Business Administration with International Human Resource Management MBA
(two-year option with placement/project available)
- Master of Business Administration with Finance MBA
(two-year option with placement/project available)

Computer Science

Undergraduate Courses

- Computer Science BSc (Hons)
- Computer Science and Electronic Engineering BSc (Hons)
- Computer Science with Artificial Intelligence BSc (Hons)
- Cybersecurity BSc (Hons)
- Cybersecurity with Artificial Intelligence BSc (Hons)
- Data Science BSc (Hons)
- Games Design BSc (Hons)
- Games Development BSc (Hons)
- Software Engineering BSc (Hons)

Postgraduate Courses

- Advanced Computer Science MSc
(two-year option with placement/project)
- Advanced Cybersecurity MSc (with optional Placement/Project year)
- Applied Artificial Intelligence MSc
(two-year option available)
- Computer Science MSc
(two-year option with placement/project)
- Cybersecurity MSc
(two-year option with placement/project)

- Data Science MSc
(two-year option with placement/project)
- Management of Information Systems & Digital Innovation MSc
(two-year option available)

Education

Undergraduate Courses

- Early Childhood and Primary Education BA (Hons)
- Early Years – Primary Education (3-7) with QTS – Teacher Education BA (Hons)
- Primary Education (5-11) with QTS – Teacher Education BA (Hons)

Postgraduate Courses

- Educational Leadership MA
- Postgraduate Certificate in Education (PGCE with QTS) Early Years
- Postgraduate Certificate in Education (PGCE with QTS) Primary
- Postgraduate Certificate in Education (PGCE with QTS) Secondary
- Social Justice and Globalisation in Education MA

Engineering

Undergraduate Courses

- Chemical Engineering BEng, MEng

Postgraduate Courses

- Electrical and Electronic Engineering MSc
(two-year option with placement/project)
- Mechanical Engineering and Mechatronics MSc (with optional Placement/Project year)
- Programme and Project Management MSc
(two-year option with placement/project)

Our Courses

English

Undergraduate Courses

- Creative and Professional Writing BA (Hons)
- Creative Writing BA (Hons)
- English BA (Hons)
- English Language BA (Hons)
- English Literature BA (Hons)

Postgraduate Courses

- Creative Writing: Writing and Publishing Fiction

Food and Nutritional Sciences

Undergraduate Courses

- Nutrition BSc (Hons)
- Nutrition and Dietetics BSc (Hons)

Postgraduate Courses

- Exercise and Nutrition Science MSc
- Food Science and Innovation MSc
- Nutrition MSc
- Nutrition and Dietetics MSc
- Public Health Nutrition MSc

Geography

Undergraduate Courses

- Geography BA, BSc (Hons)

Health Care and Social Work

Undergraduate Courses

- Adult Nursing BN (Hons)
- Learning Disability Nursing BN (Hons)
- Mental Health Nursing BN (Hons)
- Nursing Studies (International Top-up) BSc (Hons)
- Social Work MA

Postgraduate Courses

- Adult Nursing MSc
- Art Therapy MA
- Master of Public Health MPH
- Mental Health Nursing MSc
- Social Work MA

History and Archaeology

Undergraduate Courses

- Archaeology BA (Hons)
- Archaeology and Forensic Biology BSc (Hons)
- Archaeology and History BA (Hons)
- History BA (Hons)
- History and French BA (Hons)
- History and Spanish BA (Hons)

Postgraduate Courses

- Death and Memory MA
- History MA
- Museums and Heritage Practice MSc
- Public Archaeology MA

Languages and Cultures

Undergraduate Courses

- Modern Languages BA (Hons)
- Spanish with Sport and Exercise Science BA (Hons)

Postgraduate Courses

- TESOL (Teaching English to Speakers of other Languages) MA

Law

Undergraduate Courses

- Law LLB (Hons)
- Law with Business and Commerce LLB (Hons)
- Law with Criminal Justice LLB (Hons)

Postgraduate Courses

- Law LLM
- International Business and Commercial Law LLM

Mathematics

Undergraduate Courses

- Mathematics BSc (Hons)
- Mathematics with Finance BSc (Hons)

Postgraduate Courses

- Mathematics MSc
(two-year option with placement/project)

Media

Undergraduate Courses

- Film and Media Studies BA (Hons)
- Journalism BA (Hons)
- Media and Television Production BA (Hons)
- Music Journalism BA (Hons)
- Sports Journalism BA (Hons)

Medical and Life Sciences

Undergraduate Courses

- Biomedical Science BSc (Hons)

Postgraduate Courses

- Biomedical Science MSc
- Biotechnology MSc
- Cardiovascular Health and Rehabilitation MSc
- Diabetes MSc
- Exercise Medicine MSc
- Graduate Entry Medicine MBChB
- Haematology MSc
- Lifestyle Medicine MSc
- Oncology MSc

- Orthopaedics MSc
- Respiratory Medicine MSc'
- Stem Cells and Regenerative Medicine MSc

Natural Sciences

Undergraduate Courses

- Chemistry BSc (Hons)

Performing Arts

Undergraduate Courses

- Acting BA (Hons)
- Commercial Music BA (Hons)
- Drama BA (Hons)
- Music Production BA (Hons)
- Performing Arts BA (Hons)
- Popular Music Performance BA (Hons)
- Professional Dance BA (Hons)

Postgraduate Courses

- Dance MA
- Drama MA
- Popular Music MA

Social Sciences

Undergraduate Courses

- Counselling Skills and Psychology BA (Hons)
- Counselling Skills and Sociology BA (Hons)
- Criminology BSc (Hons)
- Criminology and Forensic Biology BSc (Hons)
- Criminology and Psychology BSc (Hons)
- Criminology with Counselling Skills BSc (Hons)
- Criminology with Policing BSc (Hons)
- Global Affairs, Politics and International Relations BA (Hons)
- Global Affairs, Politics and International Relations and Chinese BA (Hons)

Our Courses

Global Affairs, Politics and International Relations and Spanish BA (Hons)

- Global Affairs, Politics and International Relations with Economics BSc (Hons)
- Global Affairs, Politics and International Relations with Geography BSc (Hons)
- Global Affairs, Politics and International Relations with History BA (Hons)
- Psychology BSc (Hons)
- Psychology (Forensic and Investigative Specialism) BSc (Hons)
- Psychology with Forensic Biology BSc (Hons)

- Social and Political Science MPhil/PhD
- Sport and Exercise MPhil/PhD
- Theology and Religious Studies MPhil/PhD

Graduation

The University of Chester graduation ceremonies take place in the beautiful setting of Chester Cathedral, which was founded as a Benedictine abbey in 1092. Our graduation ceremonies take place in March and November each year.

Should you wish to invite your parents, family members, or friends to come to the UK to attend your Graduation Ceremony, it is your responsibility to make sure that they apply for the appropriate visas. For more information about the requirements for a visa application, please visit the **Home Office website**.

For more information, see: **www.chester.ac.uk/graduation**
