Simple Key Trends

- **Top NITs are highly competitive:** Famous colleges like NIT Trichy, Warangal, and Surathkal required a minimum GATE score of 735 or higher even in Round 2.
- **Scores dropped in Round 2:** Most middle-level NITs saw their minimum required scores drop by 25 to 40 points in the second round, making it easier to get a seat.
- **Options for lower scores:** Newer NITs (like NIT Mizoram, Srinagar, and Manipur) accepted students with lower GATE scores, dropping down to around 450.
