

Top B.Tech Colleges Accepting IPU CET in India

Fees, Median Salary & Placement Snapshot

Compiled by Shiksha.com | shiksha.com

Guru Gobind Singh Indraprastha University (GGSIPU) conducts IPU CET for admission to B.Tech (Biotechnology) and B.Tech Lateral Entry seats across its affiliated engineering colleges; most other B.Tech seats at these same colleges are filled through JEE Main and centralised GGSIPU counselling. As per Shiksha.com's listing of B.Tech colleges accepting IPU CET, **India has 17-18 such engineering colleges** (private: 15, government/public: 3), concentrated in Delhi/NCR, Uttar Pradesh, Haryana and Greater Noida. This report summarises verified fee, median salary and placement data -- as published on Shiksha.com -- for four of the most searched colleges on that list.

Note on scope: Shiksha.com's IPU CET college-comparison listing publishes aggregate figures (total tuition fees, median salary, placement rating, exams accepted) for each college -- it does not publish branch-wise (CSE / IT / ECE / Mechanical, etc.) IPU CET cutoff scores on this page. To keep this report fully accurate to the source, only the aggregate data Shiksha actually publishes is included below. Branch-wise cutoffs, where published, live on each college's separate "Cutoff" tab on Shiksha.com (linked per college).

About IPU CET

IPU CET (Indraprastha University Common Entrance Test) is conducted by Guru Gobind Singh Indraprastha University (GGSIPU), Delhi. For B.Tech, IPU CET is primarily used for admission to the B.Tech in Biotechnology programme and for B.Tech Lateral Entry seats; candidates applying for most other B.Tech branches at GGSIPU-affiliated colleges are admitted through JEE Main scores followed by centralised GGSIPU counselling. Cutoffs are released category-wise and course-wise after results are announced, and vary year to year based on seat availability and applicant volume.

Disclaimer: All data in this report -- fees, median salary, placement figures and exams accepted -- has been sourced from Shiksha.com's B.Tech colleges accepting IPU CET listing and the respective individual college pages on Shiksha.com, as available at the time of compilation. Figures such as fees, salaries and placement statistics change year to year; please verify current figures on the linked Shiksha.com pages before making admission decisions. This document does not include branch-wise IPU CET cutoff scores, as Shiksha.com's IPU CET college listing page does not publish that data at the aggregate/comparison level.
