

What After MET Seat Allotment?

After the MET seat allotment result is announced, candidates must complete a structured series of admission formalities within strict prescribed timelines. **Missing any of these vital steps or deadlines will result in the immediate cancellation of the allotted seat.**

Post-Allotment Procedure & Essential Steps

1. Check Your Seat Allotment Result

Candidates must log in to the official MET counselling portal using their unique application number and password to view their allotted campus and branch assignment. The seat allotment process strictly evaluates the following metrics:

- MET secured merit rank
- Preferences and choices filled during the counselling registration window
- Candidate's applicable category (General/Reserved/etc.)
- Real-time seat availability across institutions

2. Confirm Your Admission Status

Candidates who are satisfied with their allocated academic seat must complete the confirmation formalities prior to the designated cutoff date. To successfully lock and secure the seat, you are required to:

- Explicitly accept the allotted seat on the portal.
- Complete the official online admission confirmation process.
- Remit the mandatory admission fee within the given timeline.

CRITICAL WARNING: Failure to confirm admission or execute the payment workflow within the stipulated timeframe will trigger automated cancellation of the seat. The candidate will permanently forfeit the admission opportunity in that round.

3. Remit the First Instalment Fee

Upon formal seat acceptance, candidates are required to pay the **first instalment fee** through the integrated online payment gateway. Approved payment channels include Net Banking, Credit Cards, and Debit Cards.

Fee Instalment Schedule	Amount Payable
First Instalment (Due immediately upon seat acceptance)	₹2,90,000
Second Instalment (Due as per institution schedule)	As per the official course-wise fee structure

This fee payment must reflect in the portal before the prescribed deadline to successfully retain the seat.

4. Remit the Second Instalment Fee

Following the successful clearance of the initial fee, candidates must arrange for the timely payment of the second instalment. The specific breakdown and deadline for this phase are provided in the official university fee guidelines framework. Non-payment of either instalment within the timeline results in immediate forfeiture of the seat.

5. Physical Reporting at the Allotted Institute

After finalizing both online fee clearances, candidates must physically report to the designated campus location in accordance with the university's academic onboarding calendar. During campus reporting, candidates must execute the following workflows:

- Undergo mandatory physical document verification with original certificates.
- Submit copies of required academic and identity documents.
- Complete localized institute-level onboarding and admission formalities.

Note: Your admission is legally considered final and secure only after successful verification of all documentation by campus officials.

6. Commencement of Academic Sessions

Candidates who successfully clear campus onboarding must begin attending regular academic sessions. Timetables, section allocations, and orientation details will align directly with the institute's published academic calendar.

7. Participation in Intra-Institute Sliding (Optional)

Following the conclusion of standard automated counselling rounds, university authorities may conduct an institutional sliding round to fill remaining vacancies. Key conditions for this round include:

- **Eligibility:** Accessible exclusively to candidates who have physically reported to their allotted campus and are actively attending academic sessions.
- **Scope:** Branch upgrades are strictly confined within the boundaries of the currently joined institute. **Campus transfers are completely barred during this process.**
- **Action Required:** Candidates seeking a branch change must register fresh preferences independently via the local campus admissions desk.
- **Allotment Criteria:** Allocation depends heavily on MET merit rank, branch vacancies, and the newly submitted choice hierarchy.

SUMMARY CHECKLIST OF POST-ALLOTMENT MILESTONES

- 1 Log in and view your MET seat allotment status.
- 2 Formally accept and confirm the allocated campus/branch.
- 3 Pay the mandatory **First Instalment Fee of ₹2,90,000** online.
- 4 Remit the Second Instalment Fee according to your program's structure.
- 5 Report physically to the campus for original document verification.
- 6 Attend orientation and regular academic classes.
- 7 Apply for Intra-Institute Sliding if eligible and seeking a branch upgrade.
