

COLLEGES ACCEPTING NMAT SCORES

A total of 56 business schools in India accept NMAT scores for MBA and PGDM admissions. Candidates filling out the NMAT application form can select up to 5 participating institutions to receive their score reports directly without additional charges. However, a separate registration and application process must be completed on the respective website of each individual institute.

Participating institutions fix their own minimum cutoff scores or percentiles to shortlist applicants for separate admission selection rounds. Different institutes follow distinct shortlisting rules; some accept only the first NMAT attempt score, while others consider the best score out of up to three attempts allowed within the testing window.
