### Section Wise Christ University ET Preparation Strategy 2026

Below are some tips for candidates to follow for each section of Christ University Entrance Test:

- **English language:** Students should focus on improving their English Grammar and comprehension skills. They can do so by reading newspapers regularly.
- **General Knowledge:** Students should be updated with current affairs and trends. They should know latest national and international events, government policies, awards, economics, etc.
- **Quantitative Ability:** Focus on strengthening mathematical concepts and basics, such as number systems.
- **Reasoning:** This section can be mastered by solving as many mock tests and Christ University exam sample papers to improve problem solving skills.
- Along with preparation for Christ University Entrance Test CUET syllabus, students should also prepare for further selection rounds such as Micro Presentation, Skill Assessment and Personal Interview.
- **Micro Presentation:** It is like an extempore where the students have to talk about a given topic for 90 seconds.

- **Skill Assessment:** It is a written round where students are checked and judged on their knowledge and technical skills.
- **Personal Interview:** An in depth conversation with the panelists about the academic records, future goals, etc. Students should be well prepared for this round as well to bag a seat in Christ University.
