- Career College of Education, Kota

About PTET Admission

- PTET is conducted for admission to two-year B.Ed programmes and four-year integrated courses (B.A. B.Ed / B.Sc. B.Ed) offered by participating colleges and universities across Rajasthan.
- Admission to these colleges is granted through PTET counselling, based on the candidate's rank/merit in the entrance test, category, and choice of college filled during counselling.
- Seat availability and cutoffs vary by college, course, and category each year.
- This list highlights popular participating institutions; it is not exhaustive. The complete, official list of participating colleges is published by the PTET conducting body along with the admission notification.
