General Fee Overview (Patna Market)

Across Patna, CAT coaching fees typically range from about **■20,000 to ■65,000** for a full-year program, depending on the institute's brand, batch size, delivery format (online, offline, or hybrid), and duration. Compared to metro cities, Patna's coaching fees tend to be noticeably lower while still offering experienced faculty, some of whom are IIM or IIFT alumni. Most institutes offer weekday and weekend batches, and several run scholarship or talent-search tests that can significantly reduce the final fee. The CAT exam's own registration fee (paid to IIM, not the coaching institute) is separate — approximately **■2,400** for general category candidates and **■1,200** for reserved categories.

Tips Before Enrolling

- Visit the centre in person and attend a demo class before paying — most institutes offer 1–2 free demo sessions.
- Ask for the complete fee breakdown in writing — check for hidden charges (study material, test series, GD/PI prep, etc.).
- Check faculty qualifications and whether mock tests and performance analytics are included.
- Compare batch size — smaller batches generally mean more personal attention.
- Confirm refund and rescheduling policies before signing up.
