Computer Awareness

Basics of Computers, Computer Applications in Education, Internet Usage, Fundamental IT Concepts and essential computer terminology.

Part C — Subject Content (up to Class 10, Telangana State Curriculum)

Candidates choose one methodology subject: Mathematics, Physical Sciences, Biological Sciences, Social Studies, or English. The tables below list the core topics for each stream.

Mathematics (20 Marks)

Unit / Topic Area
Number Systems, Algebra
Geometry, Mensuration
Trigonometry
Statistics, Probability

Science — Physical & Biological (20 Marks)

Unit / Topic Area
Physics: fundamental concepts up to Class 10 level
Chemistry: fundamental concepts up to Class 10 level
Biology: fundamental concepts up to Class 10 level
Environmental Science topics integrated across the above

Social Studies (20 Marks)

Unit / Topic Area
History
Civics
Geography
Economics

Note: All subject-content topics are drawn from the Telangana State Board Class 10 syllabus. The Methodology section (for the chosen subject — Mathematics, English, Physical Sciences, Biological Sciences, or Social Sciences) tests pedagogy and teaching methods related to that subject.

This is a general reference summary of the TS EdCET syllabus. Candidates should verify the final, official syllabus and any updates on the official TS EdCET notification.
