- Imaginative expression
- Drawing
- Proportion sense

Topics for ADEPT Entrance Test

Check out the steps for the ADEPT Entrance Test.

Visual Thinking	Show how ideas can turn into pictures. Draw simple sketch or doodle that tell story nice. Shapes also can talk if you make them right.

Observation Skill	See tiny things that many people not see. Look at people, trees, toys, and small object around. Everything got detail.
Creativity & Imagination	Think new way, not same like others. Make idea that feel fresh and fun. Dream big and draw it out.
Design Awareness	Learn about big designers, art style, and new design trend. Know what happen in design world.
Analytical Thinking	Fix design problem in smart way. Use brain and heart both. Be logical but still creative.
Material Understanding	Touch and see how materials feel. Some soft, some hard, some shiny. Know how they work in design.
