

Ashoka Aptitude Test (AAT) 2026 Centres

If you are living in India, you must take the Ashoka Aptitude Test at a physical test centre. The exam is conducted in person only and is not available in online mode. While filling the Ashoka University application form, you have to select your test city from the given list. Choose the Ashoka Aptitude Test centre carefully before final submission, because the selected exam city usually cannot be changed later.

If you are living outside India, you need to choose the option that says you are not a resident of India. After you submit the form, the Ashoka University admissions team will get in touch with you. If you mention any physical or mobility-related issue in the support section, the Office of Admissions will assist you with the assessment process. You must appear for the Ashoka Aptitude Test in the same admission round, or else your application will not be considered further.
